**Deadlock Is Broken.**

BEATRICE, NEB., June 17.—The deadlock in the Fourth district Republican convention was broke, late tonight when E. J. Hinshaw was nominated on the three hundred and forty-third ballot.

# CITIZENS AND DEMOCRATS HAVE AGREED UPON THE CANDIDATES ON FUSION TICKET

## Republicans Have Been Given All but Seven Places—All of the Nominees for Congress and Fourteen of the Sixteen Nominations for the House of Representatives Go to Members of the Majority Party in the County.

## DEMOCRATIC CONVENTION WILL INDORSE CONFEREES

With the exception of several places on the legislative ticket, the Citizens and Democrats have agreed upon their ticket. The remaining offices will be filled at a joint conference this afternoon.

Both parties think that they have selected strong material. Effort has been made to nominate men who have not been holding office. The candidates have been drawn from all sections of the county. The majority of them are Republicans, seven places out of 35 having been allotted to the Democrats.

Whether the Democratic county convention will ratify the work of the joint conference committees remains to be seen. At present there is much objecting. There are Democrats who think that their party should have a larger representation on the ticket. Others are satisfied with the number, but not with the men selected. It is quite probable, however, that the Democratic convention will ratify the ticket, even though there may be a good deal of fighting before the approval is given.

**How the Ticket Was Named.**

The selection of the ticket was left to 10 Democrats and 10 members of the Citizens county committee. The ticket printed this morning is indorsed and entirely satisfactory to both conference committees. This afternoon at 4 o'clock there will be a final meeting of the conferees to pass upon the remaining candidates for assembly. One of these, the nominee from the Fourth district, will be a Democrat. It is probable that Lawrence Horan of the Fifth ward, will be selected. The Democrats had named Representative John J. Sweeney of the Fourth ward, but he was objected to by the Citizens because of his close affiliation with the Flinn machine.

It had been announced that the full ticket would be given out at 4 o'clock yesterday afternoon. Before this could be done it was necessary that the Democratic conferees should have a final meeting and agree upon their end of the ticket. The full committee, composed of the following gentlemen, met at Democratic headquarters: Col. James M. Guffey, A. J. Barr, Charles A. Fagan, E. J. Frauenheim, Charles Payne, George S. Fleming, Thomas B. Alcorn, Henry Meyer, W. J. Brennon and G. J. Bleichner.

**Had a Hard Fight.**

The conferees went into session about 3 o'clock and it was nearly 5 before they were ready to meet with the Citizens at the Third avenue headquarters. While the committeemen were closeted in the conference room there was a crowd of angry Dmocrats outside. They were mad about something, but could not explain their grievances very clearly. Some objected because they had heard George H. Stengel was to be turned down for register and others were angry because they had learned he was to be named.

There were some objections to giving James A. Clark a third term and a general grumble because the Democrats were not to have a majority of the places. If every wrong complained of had been righted fresh grievances would have been found. There were numerous threats that there would be trouble in the county convention the first week in July. If there was harmony it would not be a Democratic convention. The men who were in the conference room are capable of controlling a Democratic convention and they have given a pledge to stand by the ticket named yesterday. The indications point to a ratification of the nominations, even though the machine is endeavoring to prevent it.

**Wrangled Over the Register.**

The principal fight in the Democratic conference was over filling the office of register of wills. The candidates were Francis X. Barr, George H. Stengel and Charles A. O'Brien. It took seven ballots before Stengel was selected. This is how the candidates stood on the various ballots:

Barr—First, 1; second, 3; third, 4; fourth, 4; fifth, sixth and seventh, none.

Stengel—First six ballots, 5, and on the seventh he was elected by receiving six votes.

O'Brien—First, 4; second, 2; third and fourth, 1; fifth and sixth, 5, and fourth, 4.

It is difficult to say how long the balloting would have continued had there not been a compromise. According to reliable information W. L. McConegly had been agreed upon for clerk of courts. To settle the register contest, McConegly's name was rubbed off the slate and that of F. X. Barr put on in its place.

J. J. Miller was named for orphans court judge and James A. Clark went on for commissioner. There was no trouble over the selection of James Purcell of Braddock for director of the poor, or John B. Yellig for a place on the assembly ticket in the Fifth district. It was also decided to ask for the nomination of George J. Churchill of McKees Rocks for assembly in the Sixth district.

**Sweeney a Surprise.**

The selection of John J. Sweeney for assembly in the Fourth district was a surprise. It was thought that W. J. Ryan of the Twelfth ward would be named. The Sweeney nomination is said to have been made by way of a compromise.

When the Democratic conferees had finished their work they hurried over to Citizens headquarters, where this committee representing the Citizens was awaiting them. Thomas S. Bigelow, David B. Oliver, Charles S. Crawford, Harry Meore, Dr. Cadwallader Evans, Dr. Woodburn, W. C. Reitz, John G. Messner, U. M. Beck and L. S. Levine.

The two committees were in session about a half hour before the Democrats withdrew. They announced that it had been decided to wait until today before announcing the ticket. It was also stated that the Democrats would have another meeting. The reason for another conference was found to be caused by the refusal of the Citizens to accept Sweeney. He was objected to because of his close affiliation with the machine. The news of his selection by the Democrats had also gotten abroad and several Democrats hurried to headquarters to object. One of these was John Staley. There was a hurried conference and it was decided that Tarry Horan would be generally acceptable. He will probably be nominated today.

**Changed Their Minds.**

After the Democrats had gone the Citizens announced that they would withhold the ticket until today, as there were several assembly nominations to be made. Later it was decided to give out everything that had been agreed upon.

It was learned that there was some discussion over the congressional ticket by the Democrats. At their conference George S. Fleming nominated Charles A. Fagan for representative from the city district. Fagan promptly declined. In joint session the congressional matter was brought up and the Democrats did not as a whole insist upon separate tickets. The result will be that the four Republicans named by the Citizens will be supported by the Democrats.

The indorsement of the Republican state ticket by the Citizens will occur within a few days. So far the Democrats have not made an objection. It is probable

# MURPHY OBEYS GOV. STONE AND OUSTS M'AFEE

## David Fulton Immediately Made Director of Public Works.

## DR. BURNS IS ALSO LED TO THE BLOCK

In compliance with the demand of Gov. William A. Stone, Recorder John R. Murphy of Allegheny yesterday swung his ax and cut off the official heads of Robert McAfee, director of the department of public works, and Dr. R. G. Burns, bacteriologist of the bureau of health.

Immediately after the removals were made Murphy appointed David L. Fulton superintendent of the bureau of highways and sewers to fill McAfee's position and Dr. James W. Dickson to succeed Dr. Burns. Until a late hour last night no appointment had been made to fill the position of superintendent of the bureau of highways and sewers left vacant by the promotion of Fulton.

This appointment, according to Director Fulton, will not be made for several days. Recorder Murphy must have time to confer with the postscript governor regarding the filling of the position, as he has not received his orders from Harrisburg.

At the home of Recorder Murphy last night it was announced that he was not at home and would not be in until late. It was also stated that he would receive no callers, and had declined all day to discuss politics of any sort.

**Murphy Not Visible.**

It was rumored at City hall, Allegheny, last night that Recorder Murphy had gone to Harrisburg to have a short conference with Gov. Stone, and that he would return early this morning, but this report was denied emphatically by one of the North Side chief's political cronies, who stated that Murphy was "out" with some friends and could not be seen.

When asked as to the appointment of his successor last night Director Fulton said:

"You may state positively that the position will not be filled for several days at least. I have made all arrangements to hold the two positions until someone is appointed as superintendent of the bureau of highways and sewers."

"Will Gov. Stone appoint your successor?"

"No, I do not think he will. I believe Recorder Murphy and myself are capable of selecting my successor."

Recorder Murphy arrived at his office at 10 o'clock in the morning and it was evident from the way he sat down in his chair and slammed up the top of his desk that there was going to be "something doing." He refused to talk of anything but the weather.

Director McAfee did not arrive at his office until 11:45 o'clock. He did not stop on his way up to call on the recorder, but tripped up stairs as quickly as a boy. He nodded and spoke to all he met and slowly unlocked his desk as if he had plenty of time before him. But his time was very short, as he had no sooner settled back in his chair than he received a letter. It read as follows:

**Letter Deposing McAfee.**

Robert McAfee, Director of the Department of Public Works, Allegheny:

Dear Sir:—Finding that you persist, in your determination to replace men in your department discharged by me during your sickness, I am reluctantly forced to

# NEGRO MURDERS MAN AND WOMAN IN OHIO TOWN

## A Threatened Lynching Results from Double Shooting Near Wheeling.

## POSSE HURRIES TO SCENE

[SPECIAL TELEGRAM TO THE GAZETTE.]

Wheeling, W. Va., June 17.—The little mining town of Connorsville, on the Wheeling & Lake Erie railroad, about a mile back of Portland station, was the scene of a double murder tonight, and before morning it is very likely that the perpetrator of the crime will be lynched by the frenzied miners.

At 6:30 o'clock Charles Scott, a negro, shot and killed Mrs. John Dull, a Hungarian woman, and Samuel Jones, his partner. Scott, who lives in a cabin with Jones, was drinking heavily, and went over to the house occupied by John Dull. He demanded that Mrs. Dull give him something to eat, and on being refused, shot her above the right eye. He returned to the cabin and shot Jones dead.

The infuriated Hungarians have now surrounded the cabin and as soon as they can break in on Scott, will lynch him. Word has been sent to Steubenville and the sheriff of Jefferson county and five men are on their way to the scene.

Squire McCleary, the only police authority in the village, demanded Scott's surrender, but he refused. The countrymen of the Hungarian victim began to assemble and there was an ominous muttering. There was a movement toward the door of Scott's cabin, but some person remarked that Scott still had his revolver.

Then one after another of the Hungarians addressed the crowd in their own language, and the American residents caught enough to know that they were planning to lynch the double murderer.

The company storekeeper at the place left about 9:30 o'clock for Portland. Telephone communication between Connerville and the outside world having been cut off, he secured connection with Steubenville.

# PHYSICIANS ARE MAKING FIGHT ON THE EPIDEMIC

## Over 700 Persons Compelled to Submit to Vaccination.

## QUARANTINE GUARD HAS THE SMALLPOX

Compulsory vaccination was continued in this city yesterday. During the day over 700 persons were vaccinated by the smallpox physicians. Early in the day six doctors started out through the affected sections of the city with a squad of police. In the morning these physicians went to Tustin street and vaccinated the residents in that thoroughfare. In the afternoon they separated and went to various districts about the city. During the day over 4,000 citizens submitted to the virus treatment. It was perhaps the most rigorous crusade that has been carried on since the outbreak of the smallpox epidemic.

Early yesterday morning Dr. E. G. Matson and Dr. B. A. Booth of the bureau of health mapped out the campaign of the smallpox physicians for the day. These physicians armed themselves with over 2,500 virus quills and started out on their work. At noon yesterday they returned to the office at the Public Safety building and received their instructions for the afternoon work. At 6 o'clock they had vaccinated over 700 persons.

This year there have been over 60 smallpox cases from Tustin street. Yesterday afternoon the doctors went among residents in the Bloomfield district. There are three houses quarantined in Friendship avenue, and the residents living within 200 yards of these houses were forced to be vaccinated. There was some objection on the part of these inmates, as they wanted their family physicians to perform that operation. The residents along Washington street were also vaccinated yesterday afternoon. This street was corralled by a squad of police at 4 p. m. Most of these people are foreigners and were vaccinated at the time of their immigration to this country.

In many instances the vaccination marks on their arms were old and the physicians were compelled to vaccinate them again. Although there are over 500 residents in this street there were only 125 that had to be vaccinated.

The physicians also went along Wylie avenue and vaccinated the people from Fulton street to Washington, making a house-to-house canvass.

Three physicians then went to Laurel street and vaccinated 200 residents near the affected houses in this street. Most of these are colored people and Italians. There was some resistance from them, but the sight of the police caused them to change their minds.

There were only two smallpox cases admitted to the hospital yesterday. One of these was a police officer who has been watching these quarantined houses for three months. He is Charles Pender, and he has been stationed in Our alley. He did not discover the rash on his body until almost 9 o'clock last night. He came to the Safety building and was talking to Supt. John McAleese and Detective George Waggoner. These officers conversed with him for several minutes before he acquainted them with his trouble. Both fled from him.

Another case was taken to the hospital from the South Side hospital. He was J. C. Rowlands, who was supposed to have typhoid fever. He was not admitted to the hospital, as the true nature of his illness was discovered in time.

# KING FEARS ATTACK FROM ANARCHISTS

## Illness Said to Be Assumed to Obviate Appearance in Public.

## SCOTLAND YARD MEN ARE ACTIVE

## No Official Statement Can Be Secured and London Believes the Story.

## THE QUEEN ATTENDS ASCOT HEATH RACES

[ASSOCIATED PRESS CABLE TO THE GAZETTE.]

London, June 17.—A sensational story is current in London tonight of the discovery of a plot to assassinate King Edward. The story has created considerable discussion in newspaper and other circles, but it is lacking in anything like official confirmation.

According to the current report, King Edward's sudden illness at Aldershot was not due to a cold, but was merely an excuse for withdrawing his majesty from public functions, owing to the discovery by Scotland yard of a plot against his life. The anarchists have not been arrested.

It is cited in confirmation of this story that King Edward's recovery when he was ensconced at Windsor castle was as complete and as speedy as his attack had been sudden.

On the other hand, it must be pointed out that if his majesty's illness was merely diplomatic the officials certainly took a great deal of trouble in keeping up the fiction. Sir Francis Laking, physician in ordinary to the king, was summoned by telegraph to Aldershot, his prescriptions were hurriedly filled, and everything about the king's apartment indicated the genuine nature of his illness.

**Scotland Yard Active.**

Furthermore, King Edward's journey from Aldershot to Windsor in his motor car and his subsequent drive today in Windsor park do not seem to indicate any fear of a violent attack upon his person. And yet if he were as ill as reported, it is argued, the queen would hardly have attended the Ascot races.

At Scotland Yard the utmost reticence is maintained concerning these rumors. It was noticeable, however, that the chief inspectors, who usually return home at night, were all on duty there, and while they refused to see newspaper reporters until tomorrow morning they declined either to deny or confirm the rumor.

The king passed a good night, and his progress toward complete recovery, if there has been any illness, is uninterrupted. The precautionary measures ordered by his physicians are said to be due to the necessity for husbanding his strength in view of the fatigues of coronation week.

The king was keenly disappointed at being unable to attend the Ascot Heath race meeting today, which he intended to open with all the state ceremonial of the early days of Queen Victoria. He hopes, however, to be present Thursday, gold cup day.

**Eyes on the Anarchists.**

In a dispatch from Geneva, Switzerland, the correspondent of the Daily Chronicle says the continental police are co-operating with the English police to prevent anarchists and evil-doers from smuggling themselves into England while the coronation festivities are in progress.

Numerous anarchists have recently disappeared from Zurich and Geneva, says the correspondent, and they are supposed to be waiting in Paris for a favorable opportunity to cross the channel.

King Edward's drive to Frogmore late this afternoon in a closed carriage, attended only by a gentleman of the household, was quite unexpected and a great surprise to the spectators.

The sun shone brightly. His majesty appeared delighted to be out again and bowed graciously and smilingly in return to the salutes from the crowds. If the weather continues fine there is a possibility that he will go to Ascot tomorrow in a closed carriage, but the injunctions of his majesty's physicians that the royal patient should remain as quiet as possible still holds good.

All preparations have been made for the visit of the king and queen to Eton next Saturday in the royal barge.

**Royalty at the Races**

The royal procession left Windsor castle for Ascot Heath shortly before 1 p. m. Although King Edward did not attend the races, Queen Alexandra, the prince and princess of Wales, the duke of Cambridge, the duke and duchess of Connaught and the other guests at the castle and members of the court all participated. The procession was the first full state parade of that description since the death of the prince consort, and consisted of eight carriages, each drawn by four horses. The mounted equerries and gaily liveried postilions and outriders formed an imposing cavalcade.

Leaving the palace quadrangle by the George IV. gate the royal cortege drove down the famous long walk, which was lined by cheering crowds, and, crossing the review ground, the procession reached the New Mile gates and passed up the course to the royal pavilion.

In spite of the inclemency of the

weather immense crowds assembled about the course and the royal party was everywhere warmly welcomed. The royal enclosure was brilliant with ladies' dresses and the picturesque costumes of Indian princes, while large numbers of special ambassador, colonial premiers and diplomats, including Henry White, secretary of the United States embassy, and Mrs. White, John P. Carter, second secretary of the embassy, and Mrs. Carter, and Miss Choate, Mesdames Montgomery-Sears and Adair and other Americans were present in the enclosure. United States Ambassador Choate, Mrs. Choate, Whitelaw Reid, the special ambassador of the United States to the coronation, and Mrs. Reid did not go to Ascot. All the big houses in and around Windsor and Ascot contributed their quota to the fashionable throng.

### Americans at Ascot Heath.

Among the Americans present was the Duchess of Marlborough (Consuelo Vanderbilt), who was conspicuous in the paddock in a beautiful dress of fawn-colored voile trimmed with black lace and embroidered with butterflies and bunches of white berries and a plain black hat. The Dowager Duchess of Manchester (Consuelo Yznaga), who was in the royal box and with whom Queen Alexandra and the Duke of Cambridge chatted, wore a pale gray gown with a lace train. Princess Hadziwill wore a fawn-colored gown and a black hat trimmed with a green feather, and Lady Newborough (Miss Grace Carr of Kentucky), who, with Mrs. Adair, was on the lawn and in the paddock, wore a handsome dress which was trimmed with masses of point lace.

Sunshine and rain alternated in the course of the day, giving the lawn and paddock a variegated appearance, as the brightest summer gowns were frequently covered and uncovered by furs and mackintoshes.

The variation in today's temperature was curiously illustrated at the moment the royal party started for home. Intense sunshine, which followed a heavy fall of rain, filled the atmosphere with steam, and, as the royal party was not provided with sunshades, they sat in their open carriages, their bright hats concealed beneath immense black umbrellas still gleaming from the effect of the recent downpour.

The royal procession reached Windsor amid lines of applauding people and the lawn of Windsor castle, which was covered with brilliant marquees, was soon filled with the royal guests. Another gorgeous dinner closed the day at Windsor.

## THE WEATHER.

The Washington observer predicts warmer weather for Pittsburgh and vicinity for today and tomorrow, with clear skies. Yesterday afternoon the temperature succeeded in recovering somewhat from the cool blast of Monday and the day was almost ideal, the mercury never at any time during the day going above 74 degrees, which was the maximum for the day. The minimum was 52 degrees.

## MRS. INNES VINDICATED.

### New York Jury Decides Divorce Case Against Her Husband.

NEW YORK, June 17.—(Special.)—Vindicated by the jury, Mrs. Georgie F. Innes, wife of Frederick Innes, the bandmaster, this evening grasped the hand of her counsel, Charles Hoffman, thanked him for the manner in which he had protected her interests, and then laughed until she cried with joy at the outcome of the case in the supreme court. When the verdict was announced Mrs. Innes, pale with excitement, arose and thanked the jury, and she was immediately surrounded by several friends, who kissed her affectionately.

There were only two questions submitted to the jury in the charge of Judge Bischoff. One was whether she had been guilty of improper conduct with Ernest Crawhurst at the Hotel Walton, Philadelphia, November 7; the other was whether her husband had misconducted himself at the Herald Square hotel last May with Katherine Thayer. All the other charges against Mrs. Innes had been eliminated from the case at the beginning of the trial. The jury answered the questions in the negative.

Continued from First Page.

the old organization will attempt to stop the indorsement. They will, no doubt, find that Chairman M. S. Quay and a majority of the Republican state committee are in favor of the state candidates going on the ticket.

J. J. MILLER,
Candidate for Judge of Orphans' Court.

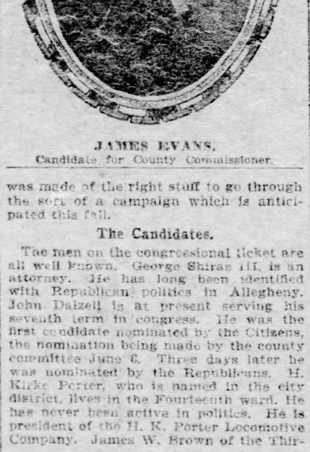
The Democrats were unable to get George Churchill on the Sixth legislative ticket. The Citizens had not promised a place in this district to the Democrats and had made the nominations before the conference committee appeared.

### South Side Well Cared For.

In filling the Fifth district assembly ticket the Citizens will give the South Side two of the three remaining places. With Yellig this will allow the South Side three members. The colleagues of Yellig will be representatives of the workingmen. In the Third district two Republicans will be named. The vacancies on the North Side will also be filled by the nomination of Republicans.

JOHN M. GOEHRING,
Candidate for State Senate, Forty-Second District.

In the make-up of the county ticket the Eighth legislative district has been the recipient of many plums. It gets nominees for clerk of courts, county commissioner, treasurer, recorder and director of the poor. Two Republicans were selected from McKeesport—Evans and O'Neill. This was occasioned by the fact that Mr. Evans was put on as a compromise candidate for commissioner. O'Neill was nominated several days ago for recorder. The Citizens say that in every nomination there was at least 24 hours allowed for an investigation of the candidate before he was finally agreed upon. His entire record was searched to see whether he was made of the right stuff to go through the sort of a campaign which is anticipated this fall.



JAMES EVANS,
Candidate for County Commissioner.

### The Candidates.

The men on the congressional ticket are all well known. George Shiras III, is an attorney. He has long been identified with Republican politics in Allegheny. John Daizell is at present serving his seventh term in congress. He was the first candidate nominated by the Citizens, the nomination being made by the county committee June 6. Three days later he was nominated by the Republicans. H. Kirke Porter, who is named in the city district, lives in the Fourteenth ward. He has never been active in politics. He is president of the H. K. Porter Locomotive Company. James W. Brown of the Third-ty-second district lives in the Twenty-second ward. Like Mr. Porter, he has not been prominent in politics, but has always been a Republican. He is the president of the Howe-Brown Steel Company.

John M. Goehring, who is named for senator in the Forty-second district, lives in the Eleventh ward, Allegheny, and is a close neighbor of Senator Charles A. Muehlbronner, whom he will oppose this fall. Mr. Goehring is president of Allegheny common council and is a lawyer. William S. Woods, who has been nominated to succeed William Flinn in the Forty-ninth district, is the present common councilman from the Twenty-second ward in this city. He is a lawyer, and a young Republican.

### The Assembly Ticket.

In the First district Joseph Stewart, the select councilman from the First ward of Allegheny, has been named. He is assistant manager of the Pittsburgh locomotive works. He will have a Republican colleague. In the Second district John Francies, who was yesterday ripped out of the office of Allegheny market clerk by Recorder John R. Murphy, is a nominee for assembly. This is the district in which Speaker W. T. Marshall, who is a candidate for re-election, lives. Francies' runningmate will be named today.

John B. Yellig, the Democrat nominated in the Fifth district, is a resident of the Twenty-fourth ward. He is engaged in the insurance business. There will be three Republicans named on the ticket with him. This district gave Larkin a majority of 8,000 in February. In the Sixth U. M. Beck of McKees Rocks, is a merchant, and R. H. Heath of Dravosburg, is a superintendent of mines. Beck is a member of the Citizens party county committee. B. F. McVay, an attorney of Bellevue, and George T. Owens, a justice of the peace of Tarentum, are the nominees in the Seventh. In the Eighth Samuel G. Bailey, a young attorney of Brushton, has been named for assembly.

### The Judicial Candidates.

James R. Macfarlane, who has been nominated for judge of common pleas court No. 1, is a prominent member of the Allegheny county bar. His home is in Sewickley. Mr. Macfarlane is a Republican. J. J. Miller, the nominee for orphans' court, is a resident of the Twentieth ward. He has been active in Democratic politics in this county for a number of years, and stands prominently among the lawyers of the Allegheny county bar.

The candidate for sheriff, James M. Falmestock, is the one Allegheny Republican on the county ticket. He is in the drug business in this city. F. X. Barr, the nominee for clerk of courts, lives at Edgewood and is the business manager of the Pittsburgh Post. For controller, Robert J. Cunningham of Sewickley has been nominated. He is in the insurance business. James Evans, the Citizens nominee for commissioner, is president of the First National bank of McKeesport and is interested in many business enterprises in the county. His runningmate is James A. Clark of the Twenty-first ward, the present minority member of the board of county commissioners. The nominee for treasurer, David F. Collingwood, lives in Braddock and is engaged in the insurance business in this city. George H. Stengel, the candidate for register, has long been prominent in Democratic politics. He is a lawyer and lives in the Twentieth ward. J. D. O'Neill, who is on the ticket for controller, is a merchant and one of the leading Republicans in McKeesport. James Furcell, the nominee for director of the poor, is a Braddock business man.

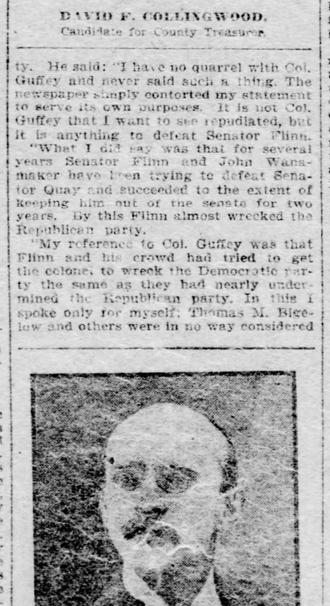
### Fulton Makes a Statement.

Andrew Fulton was incensed yesterday evening over a publication attributing to him the statement that Col. James M. Guffey had wrecked the Democratic party. He said: "I have no quarrel with Col. Guffey and never said such a thing. The newspaper simply contorted my statement to serve its own purposes. It is not Col. Guffey that I want to see repudiated, but it is anything to defeat Senator Flinn.

"What I did say was that for several years Senator Flinn and John Wanamaker have been trying to defeat Senator Quay and succeeded to the extent of keeping him out of the senate for two years. By this Flinn almost wrecked the Republican party.

"My reference to Col. Guffey was that Flinn and his crowd had tried to get the colonel to wreck the Democratic party the same as they had nearly undermined the Republican party. In this I spoke only for myself; Thomas M. Bigelow and others were in no way considered or consulted. Mr. Bigelow will speak for himself. Instead of making a move that might wreck the Democratic party I believe that Col. Guffey simply tried to put the party on its feet to defeat Flinn."

DAVID F. COLLINGWOOD,
Candidate for County Treasurer.



S. G. BAILEY,
Candidate for Legislature, Eighth District.

GEORGE W. STENGEL,
Candidate for Register of Wills.

### Beaver College Contest.

BEAVER, PA., June 17.—(Special.)—The vocal contest at the Beaver College and Musical Institute took place in the college halls this evening. The contest was for the gold medal given by E. P. Roberts & Son of Pittsburgh. The contestants were: Misses Emma Miller, Rochester; Anna Reed, New Castle; Elizabeth Morse, Beaver; Julia McDonald, Aliquippa; Ida Harris, New Brighton; Elizabeth Whitney, Punxsutawney. The judges were Prof. J. F. McCallum, C. N. Boyd and J. O. Leach, all of Pittsburgh. The medal was awarded to Miss Ida Harris, and honorable mention, $10 in gold, was awarded to Miss Julia McDonald.

### Archbishop Ryan Presides at the Ceremony—New Monastery Chapel and School Building Dedicated at the Time.

[BY ASSOCIATED PRESS TO THE GAZETTE.]

Philadelphia, Pa., June 17.—For the first time in the United States the honorary degree of doctor of jurisprudence was conferred today at the Augustinian College of St. Thomas of Villanova. The recipient was ex-President Cleveland, who already had the degree of LL. D. conferred by Princeton university.

The ceremony followed the dedication of a new monastery, college and chapel. The Austrian ambassador, Ladislaus Hegelmuller, Baron von Hengerbar, received the honorary degree of doctor of philosophy. A number of other honorary degrees were conferred. Archbishop Ryan presided. Previous to conferring the diplomas, Mr. Cleveland spoke briefly as follows:

"This incident prominently suggests to my mind the imperious edict of education which forbids the hindrance or disturbance of its high mission by religious discrimination, social intolerance or any of the barriers that to a greater or less extent separates civilized humanity. The republic of education is based upon identical aims, equal rights in its opportunity and imparitality in the distribution of its rewards and honors.

"This, it seems to me, is impressively illustrated when the severely Catholic college of St. Thomas of Villanova, bestows its highest honorary degree upon one connected with the management and holding an honorary degree in the severely Protestant Princeton university.

"The processes of education as they exist in this country of ours have, or always should have, in addition to other characteristics, an especial harmony of purpose and design as they are related to our government, and this should constitute between our institutions of learning a bond of close fraternity. Whatever other objects and purposes may be involved in educational efforts among us, one of its constant and prominent aims should be the cultivation and maintenance of a high standard of American citizenship. When we recall the fact that the beneficence of our scheme of government depends upon the virtue and education of the units of our citizenship, it is at once apparent that an important and common duty rests upon every agency that undertakes the instruction of the youth of our land.

"It will be a sad day for our nation when the forces of education and the teachers of moral living shall cease to strive in unity to leaven the entire mass of our citizenship, or when their influence in that direction shall be divided and circumscribed by religious and sectarian differences."

The ex-president then addressed the graduates, pointing out some of the duties and responsibilities they were entering upon, and concluded:

"You may be sure that you will fail to meet these obligations if you are not constantly and solemnly impressed with the conviction that your educational advantages are only valuable as they better fit you to do your duty to your God, to your country and to your fellowmen."

# GREAT FIASCO IS THREATENED

## KING'S CORONATION BEGINS TO LOOK MUCH LIKE A FROST.

### Unless People Are Admitted Free to View Parade Procession Will Pass Lines of Half-Filled Benches—Police Regulations Are Bad.

[ASSOCIATED PRESS CABLE TO THE GAZETTE.]

LONDON, June 17.—The coronation, as a public spectacle, threatens to be a fiasco. So serious and imminent has this possibility become that the London Times and other papers are printing alarmist letters urging the authorities to take steps to prevent its failure before it is too late.

The rapacity of the hotel keepers and greed of the seat speculators are the reasons. With scarcely more than a week before the coronation not 50 per cent of the seats on the huge stands have been sold. Thousands of people residing in the suburbs and country, who had planned to come and see the king crowned, have now decided to stay away, while a large proportion of Londoners will avail themselves of the opportunity to enjoy a holiday elsewhere, in preference to submitting to the inconvenience of the extraordinary police regulations which will be enforced on the coronation days.

It is freely said that unless the stand proprietors admit the public in a body and gratis, or practically gratis, the king will pass to his coronation through an array of half filled benches.

The published police regulations, whereby all traffic within about a mile of the first day's route is to be stopped at 3 o'clock in the morning and pedestrians at 8 a. m., convey a faint inkling of what are termed the remarkable indignities London will be submitted to.

A personal survey of the streets as they are today could alone convey an idea of the extent to which the authorities intend to go. Solid timber barricades 20 to 30 feet high rise at the entrance of all streets and alleys leading anywhere near the route, and barrier entrances for foot passengers and archways for vehicles await the gates which are to be swung on them. By the eve of the coronation these will be in place.

As a correspondent in today's Times points out, the police, because they bungled badly in the case of the fatal city imperial volunteer parade, have "now framed rules calculated, in effect if not in design, to keep hundreds from taking their places, owing to the probability of being unable to get to their destinations."

What will happen to the unfortunate general public is a problem which has caused many of these protests in the papers. In the first place, even ticket holders must all sleep in London on coronation eve, then get out in the streets at about 5 a. m. According to the present arrangements only ticket holders will be allowed through the barrier wickets.

## TRACTION MEN CONTENT.

### Voted to Accept the Last Concession of Employers—Arranging for a Grand Rally.

The discontent over wages of the conductors and motormen of the Pittsburgh Railways Company, was ended at a mass meeting held last night at Smith's hall, No. 6004 Liberty avenue. The last concession of Supt. John Murphy, which gives to new men at work before June 1, and continuing at work till December, practically the same wage as the men who have been employed for a year, 21 cents an hour, was approved.

The leaders argued that the concession was a material one and promised more, and that the citizens of Pittsburgh should be considered as against any radical action. It was pointed out that better wages were drawing a better class of men to the service and the vote was taken with the understanding that as soon as possible the company will rearrange its schedule so that the most advantageous system to the men will prevail on all the divisions.

W. J. Lees, chairman of the executive board, will call a meeting next week to perfect arrangements for a great rally of the traction men at Calhoun park on August 16. F. J. Denman, secretary of the division, announced that the traction men will be represented by at least 1,000 at the next Labor day celebration. At the meeting last night applications were received from 177 men giving the organization nearly 2,000 out of the 2,500 men employed.

# MURPHY OBEYS GOVERNOR AND OUSTS M'AFEE

Continued from First Page.

notify you that your services are no longer required by me.

Regretting that your course in this matter has necessitated this action on my part, I am, Yours truly,

J. R. MURPHY, Recorder.

Director McAfee did not hesitate to show the letter. In speaking of it he said:

"I go out of office without any hard feelings for anybody. I believe I was right in insisting on my prerogative in the removal of men under me, and I shall continue to hold that opinion, regardless of what others think. I would do the same thing over again that I did in the Francies removal. I have been simply caught in the whirl of politics and do not care to further discuss it."

"It is with regret that I leave city hall. My position there has been a pleasant one during the nine years I have been in the department of public works. I do not want the impression to become current, however, that I am a sorehead.

"It is all on account of Recorder Murphy that I have been connected with the department this long. At the time the ripper was passed it was my intention to resign my position and get out of politics entirely. How well do I remember a night last March, a year ago, just after the new charter bill had been passed.

### Some Inside History.

"I went to Murphy and insisted that he was the proper man to fill the recordership. He did not think so and argued the matter with me. I insisted that he go to Gov. Stone and apply for the office. Still he wavered, until I finally convinced him that it was altogether probable that he would be appointed if he went to see the governor. After discussing the matter for several hours he said to me:

'Well, Bob, I will go down to see Stone and try and get the office, if you will make me one promise.'

'I demanded to know the nature of it and he said:

'If you will stay with me in your present position.'

'I objected and told Murphy I wanted to retire. He insisted, however, that I make the promise before he went to Harrisburg, and I did so.

Before leaving that afternoon Recorder Murphy told me that he was glad I had consented to keep my old position and said that he wanted me to fill the office as long as he was at city hall, and especially if he was to receive the appointment of recorder.

"This is the only reason I have retained the office until today. Recorder Murphy has always been my friend and it is not his action that decapitated my official head. I have the warmest feeling for my successor, Mr. Fulton. He has been under me for the past eight years, and is efficient and capable in every respect to fill my position. I have offered him all the assistance I may be able to give.

"As to my plans for the future, I have not fully determined. I am going to rest for some time and get entirely well before I attempt to do anything. I am going to live as a private citizen."

"Will you still remain in politics?" was asked.

"Certainly," was the reply.

"Will you be identified with the Citizens party?"

"I do not care to answer that at this time. You may say for me, however, that I will not be a candidate for any office on the Citizens ticket at the coming election."

### Murphy Gives Reasons.

Recorder Murphy was a little more communicative when he ascertained that Mr. McAfee had made public the contents of the letter he had sent him. He said:

"I have removed Director McAfee from office and have appointed in his place David L. Fulton, the present superintendent of the bureau of highways and sewers. Mr. McAfee yesterday gave me a communication he had received from Mr. Francies, the market clerk whose resignation I had asked. He stated at the same time that if I should discharge Francies he would quit. I told him he could quit. He asked me to send him a letter to that effect, and I have done so. There is no feeling in this other than political. We are still friends, personally, and I want to keep Mr. McAfee's friendship if I can, but there was no other course open to me than the one I took.

"I am determined that all persons connected with my administration shall be friendly to me politically and shall carry out my wishes officially. They must first of all be Republicans and in full sympathy with the politics of this administration. Mr. Francies is, I understand, a candidate for office on the Citizens ticket. I removed him because he was not a Republican, and I sincerely regret that I had to remove Director McAfee for refusing to carry out my orders."

At 2:15 o'clock yesterday afternoon Director McAfee notified Controller James Brown that Market Clerk John Francies had handed in his resignation and that he had accepted it.

### Opinions from Fulton.

In speaking of his appointment last night Director Fulton said: "The change came as an entire surprise to me. I had read rumors of Director McAfee's removal, but never heard anything official on the subject until in conference with Recorder Murphy the other day he informed me that he had selected me for Mr. McAfee's successor."

"Did not Gov. Stone dictate the change and do you not think it was in violation of the wishes of Recorder Murphy that it was made?" was asked.

"You will have to see Recorder Murphy about that."

"Did Recorder Murphy show you the letter he received from Gov. Stone commanding him to make the removal after he hesitated when told to do so at Harrisburg?"

"No, he did not."

"What effect, politically, will the change have in Allegheny?"

"That I do not know. I am unable to prognosticate. The change may prove all right and again it may prove all wrong.

"There will be no material change in my policy from that of Director McAfee's. The department will be carried on in the best manner possible. Director McAfee was one of the most competent men who could have filled the position, and I am sorry to see him removed. There is considerable work now being done by the department. Many streets are being paved and new sewers are being laid."

The removal of Dr. Burns was positive. Henry Albrecht informed him in the morning that he had better pack up. At noon he was notified by Recorder Murphy that Dr. Dickson was his successor. Dr. Burns' great offense is that he is a brother-in-law of U. H. Stauffer, and Stauffer's offense was his taking revenge against the recorder for what he considered a "throw down" a few years ago when he wanted to be mayor.

Dr. Burns' successor as city bacteriologist is a young man, reputed to be a good physician, and has of recent years been one of Recorder Murphy's young lieutenants in the Fifth ward. He resides at No. 1094 Rebecca street. He was a delegate to the state convention and voted for Elkin.

## MINNEAPOLIS MAYOR ACCUSED OF BRIBERY

### Indicted By Grand Jury and Gives Bond for Appearance—Elected Four Times.

[BY ASSOCIATED PRESS TO THE GAZETTE.]

MINNEAPOLIS, June 17.—When the trial of Detective Christopher Norbeck on the charge of bribery, in the police bribery cases opened today, W. W. Erwin, his attorney, arose and confessed that he did not know the whereabouts of his client. The disappearance of the accused caused great excitement.

Another sensation developed when it became known that Albert A. Ames, mayor of Minneapolis, had been indicted by the grand jury on the charge of offering a bribe. The charge is that the mayor endeavored to have his secretary, Thomas R. Brown, appointed sheriff by the county commissioners, when it became evident that Philip Megarden would be removed from the office by the governor for malfeasance.

In attempting to carry out this plan he is alleged to have offered to arrange matters that the $20,000 annual income of the sheriff's office should be divided equally between Brown and three county commissioners.

Mayor Ames came into court with his attorneys late in the afternoon and listened to the reading of the indictment. He was given until Monday to plead, and his bail was fixed at $5,000. This was furnished.

Ames has been mayor of Minneapolis four times, having been elected thrice as a Democrat and again in November, 1900, after having been out of office for some years, as a Republican. He is a veteran of the civil war, in which he served as surgeon, and is a G. A. R. man.

## SHIP BUILDING CO. IS INCORPORATED

### Capital Stock Is Given at Only $3,000, But Arrangements Are Made for Increase.

[BY ASSOCIATED PRESS TO THE GAZETTE.]

TRENTON, N. J., June 17.—The office of the secretary of state was kept open until late tonight to receive the papers incorporating the United States Ship Building Company. The company was expected to be incorporated with an authorized capital of $20,000,000, but the papers filed tonight fix the capital at $3,000. This amount can be increased and in fact, the incorporation of the company for a very small amount is the policy that was followed by the United States Steel Corporation and other big concerns and the capital was subsequently increased to many millions.

The United States Ship Building Company, in addition to including the Crescent ship yards of Elizabethport, is understood also to include the Union Iron Works of San Francisco; the Bath Iron Works of Bath, Maine; the Harlan & Hollingsworth Company of Wilmington, Del., and a number of other prominent ship yards throughout the country.

# MR. EYRE WOULD GIVE TO SNYDER PENROSE'S SHOES

## Public Buildings Superintendent Gets His County to Start the Boom.

## HE DEMANDS PROTECTION

### Ex-Chairman Frank Reeder Will Take No Advantage of Technical Irregularity in Quay's Election to Succeed Him.

By CHESTER D. POTTER,
Staff Correspondent.

Philadelphia, Pa., June 17.—The Chester county Republican convention today adopted resolutions instructing its legislative candidates to support State Senator William P. Snyder for United States senator in opposition to Boies Penrose. The resolutions were exhaustive in their scope, indorsing the national and state administrations and Judge Pennypacker, and condemning those delegates to the recent state convention who failed to obey instructions and support John P. Elkin.

T. Larry Eyre, superintendent of public grounds and buildings, controlled the convention and was chairman of the committee on resolutions. Supt. Eyre gives notice that he demands "protection." It is now up to Col. Quay, Penrose, Durham and others. They have the option of a "deal" or they can stand pat and let "Larry" walk the floor.

Several propositions, if submitted in proper form by Senator Quay, might cause Eyre to lose interest in the Snyder candidacy. If Mr. Eyre is assured that Quay will require his services as assistant state chairman, and also convince him that Judge Pennypacker will have no use else for his superintendent of public grounds and buildings, it is possible that the Chester county leader will discover that he has misunderstood local sentiment, in which case it would be an easy matter for him to withdraw Snyder as a senatorial candidate.

Those nominated for the legislature were Frank March, Fred Cope, William Wayne and James G. Fox.

Gen. Frank Reeder, ex-Republican state chairman, was here this afternoon.

"Senator Quay is now state chairman," said the ex-chairman to The Gazette correspondent. "I am down and out. The fact that, by a technical error, Quay was elected by the temporary, instead of by the permanent, organization, makes no difference. It was the unanimous wish of the convention that he should succeed me, and from the moment the vote was taken I have considered myself out.

"No, I do not know who Quay will select to assist him as assistant chairman, but I have no doubt he will pick a good man. The story that Elkin will oppose Penrose's re-election by becoming a candidate himself is not, in my opinion, true. I do not believe Elkin ever entertained such a thought. I am not authorized to speak for him beyond saying he is for the state ticket, and so are all his friends—for it is the fight."

Gen. Reeder said he did not understand the proposed Quay visit to Gov. Stone. He appeared skeptical that such a meeting would take place, but admitted that Quay's programs in politics were usually a surprise to those who banked on anticipation.

That Congressman James Kerr is to be the gubernatorial candidate of the Wanamaker interests was developed today by his indorsement by the Clearfield county delegates to the state convention. Mr. Kerr said he would make the race if the leaders should unite upon him after their arrival at Erie. The Wanamaker-Gordon-Kerr combine will try to have Guffey turn Pattison down for either Kerr or Gordon.

## MATRIMONY PROVES TONIC FOR MUSICIAN

### Member of Ladies' Orchestra Taken Seriously Ill, Sends for Fiance Marries and Feels Better.

A quiet but rather romantic marriage was solemnized in Homestead late Monday evening. The contracting parties were Miss Alda J. Lucier of Providence, R. I., a member of the Boston Ladies' orchestra, which is playing at Kennywood park, and Albert J. Grant, also of Providence. Miss Lucier was taken ill last week at her boarding house in Third avenue, Homestead, and it was feared her illness would prove serious.

A message was wired to Providence, Mr. Grant arrived in Homestead late Monday, and it was decided to have the marriage ceremony performed at once. The Rev. J. L. Vance of the Presbyterian church was sent for and Miss Lucier was made the wife of Albert Grant.

Yesterday her condition was improved, and as soon as her health will permit she will return to Providence with her husband.

## CONCERT AT HIGHLAND.

### Small Crowd There—The First Schenley Concert Tomorrow Night.

The first summer night concert of the season in a city park was given by the Homestead Library band at Highland park last night. Owing to the cool weather the crowd was small, but those who went enjoyed several hours of good music. Under the direction of E. B. Dolin the band rendered a popular program which will be repeated at Schenley park tomorrow night.

One thing especially noticeable about last night's crowd was the large number of automobiles sandwiched with trains and other vehicles drawn up in line along the driveway near the music pavilion. Some excitement was raised after dark by boys spreading a report that they had seen a wolf. The report was unfounded.

The concert at Schenley park tomorrow night will be the first there this summer. It is the intention to have a pair of concerts each week—Tuesday nights at Highland and Thursdays at Schenley. A new band will be heard each week.

### Mother and Her Brother-in-Law Under Arrest, Charged With Murder.

HYATTEVILLE, NEB., June 17.—James Gorman and his sister-in-law, Mrs. Thomas C. Gorman, were arrested yesterday charged with the murder of the latter's husband, Thomas Gorman, a wealthy cattle owner.

After Mrs. Gorman and James sold part of the personal property at the ranch and left neighbors became suspicious and made a search of the premises, finding the mutilated body of Thomas buried in the garden. The woman's little girl was not with them, and it is thought her body is in the Big Horn river.

### ALL-DAY WRANGLE IN DEMOCRATIC STATE CONVENTION.

### Silver Wing of Party Goes Down in Defeat and Bryan's Name Is Never Mentioned — Carter Harrison's Name Rubbed Off Slate.

[BY ASSOCIATED PRESS TO THE GAZETTE.]

SPRINGFIELD, Ill., June 17.—The Democratic state convention adjourned tonight after nominating the following ticket: Clerk of supreme court, John L. Pickering of Springfield; state treasurer, George Duddleston of Chicago; superintendent of public instruction, Anson L. Bliss of Hillsboro; trustees of the state university, Dr. Julia Holmes Smith of Chicago, J. A. White of Urbana and S. S. Paxton of Monmouth. John P. Hopkins, former mayor of Chicago, was re-elected chairman of the state central committee after a bitter contest with Mayor Carter H. Harrison.

The election of Chairman Hopkins produced the only contest in the convention, but it was stirring enough to make up for the tameness that characterized the other proceedings.

The day was full of clashes between Hopkins and Harrison. The two men indulged in an acrimonious quarrel in the St. Nicholas hotel during the morning, in which Hopkins bitterly resented criticisms made by Harrison regarding the campaign methods attributed to Hopkins by Harrison. Later Harrison and his friends succeeded in beating Hopkins in the district caucus for state committeeman and elected Thomas J. McNally of Chicago. Hopkins' one chance to be re-elected chairman was in the caucus of the general committee appointed to select the chairman.

The committee by a majority of three recommended the selection of Hopkins.

A minority report favoring the election of Harrison was made and the fight carried to the floor of the convention.

The struggle produced wild excitement. Impassioned speeches were made in favor of both reports. The delegates at times were frantic and criticisms highly personal in their nature were frequently exchanged.

A motion to adopt the minority report as a substitute was voted down by the ayes and noes. The roll was then called on the adoption of the majority report. On this Hopkins won by a vote of 802 to 397. Cook county's vote was: Harrison, 253; Hopkins, 209.

The principal fight was over the first plank in the platform. As originally drafted this read:

"The Democrats of Illinois declare their adherence to the fundamental principles of the Democratic party as laid down in the declaration of independence and the constitution of the United States affirmed at our last national convention."

This was considered by the opponents of silver as too specific a declaration in favor of the Kansas City platform, and, headed by John C. Eichberg and Adolf Kraus of Chicago, they fought it. For three hours the debate went on, and the plank was amended to read: "All fundamental principles of the Democratic party, etc., repeatedly affirmed by past Democratic conventions."

No effort was made to bring in the name of W. J. Bryan.

## BLESSINGS CALLED UPON THE AMERICANS

### Officers of the Dixie Hear Expressions of Gratitude to Uncle Sam from Volcano Sufferers.

WASHINGTON, D. C., June 17.—Gen. Corbin has just received and made public the report of Capt. Hugh J. Gallagher, the commissary officer who went on the Dixie to the relief of the sufferers from the volcanic eruption in the West Indies. Capt. Gallagher says he employed 118 natives of St. Vincent for two days in unloading stores, and that the money was very acceptable to the refugees. He pays a high compliment to the sailors of the Dixie.

"The stores were well selected and met the needs of the people," says the report. "By the destruction of St. Pierre, Martinique, the great storehouse and source of supplies of the island was lost, consequently many of the necessaries of life were not available for the people, and nothing could have been opportune than the arrival of the Dixie. The wants of the needy people were promptly and efficiently relieved, and on all sides I heard the people murmur their blessings on the American government for sending assistance to them in this emergency. The same can be said of St. Vincent, where, perhaps, there were more people thrown upon the public, because many in the area of devastation escaped with their lives, while but few escaped at St. Pierre."

PARIS, June 17.—An official dispatch from Fort de France, Martinique, dated Monday, June 16, announces that torrential rains June 15 and 16 overflowed the rivers at Basse Pointe and Lorraine. Mont Pelee continued to emit vast columns of smoke.

### To Aid the Children's Hospital.

A number of girls in the East End have arranged an extensive garden party for this evening for the benefit of the Children's hospital. The entertainment will be conducted on the large lawn of Mrs. Nathaniel Hart, in North Highland avenue, near Highland park. The grounds will be decorated with lanterns and prettily decorated booths will be erected. Among the young women who are actively interested in the garden party are Miss Elizabeth Hemphill, Miss Marie Hemphill, Miss Martha Kirker, Miss Georgia Baum, Miss Genevieve Hoeveler, Miss Emma Weeks, Miss McDonald and Miss Dinger.

### Knights Templar Outings.

The drill corps of Pittsburgh commandery No. 1, Knights Templar, has arranged for two outings during the summer, the first to be given on Thursday evening, June 26, in Southern Avenue park. The evening program will include a drill of 48 Sir Knights, some excellent vocal music and dancing, for which Guenther's orchestra will play. The committee in charge of the arrangements includes H. G. Porterfield, H. C. Blethrow and George Dixon.

### Baptist Ministers' Excursion.

The members of the Baptist Ministers' conference will have an excursion next Monday, June 23, on the river. The party will leave the wharf, on Water street and Wood, at 10 o'clock in the morning, returning at 6 in the evening. Dinner will be served on the boat. The Baptist ministers will be accompanied by their wives, and it is expected that the party will number 100.

# YANKEE SHIP TO RAISE BLOCKADE UP THE ORINOCO

## To the Topeka Is Assigned the Duty, While Cincinnati Is at La Guayra.

## RUSH ORDER TO CRUISERS

[BY ASSOCIATED PRESS TO THE GAZETTE.]

Washington, D. C., June 17.—Late this afternoon orders were sent to the cruisers Cincinnati and Topeka, now at San Juan, Porto Rico, to proceed at once to La Guaira, Venezuela. Commanders of the two vessels will be allowed to exercise their discretion in proceeding to other points in Venezuela where American interests appear to be threatened.

From cable and mail advices received in a reliable quarter here, and used for the information of the cabinet at today's session, it appears probable that the Topeka, because of her light draft, will proceed from La Guaira up the Orinoco river, where steamships of a big commercial company are practically in a state of blockade owing to the activity of the revolutionists in that quarter.

The mail advices of May 31 say that Senor Farria, president of the Venezuelan state of Guayana, was captured at his capital, Ciudad, Bolivar, and that the revolutionists secured 1,200 Mauser rifles, 2,000,000 rounds of ammunition, a quick-firing gun and two breach-loading cannon.

### Established a New Capital.

Gen. Salas, commander of the defending government forces, escaped, boarded with his party two government gunboats and two ships of a trading company, sailed down the Orinoco and established a temporary capital at San Felix.

A cable dispatch received in the same quarter, dated at Trinidad on the 13th inst., says that on that day three government gunboats had sailed from Trinidad presumably to relieve the government forces up the Orinoco. The advices also say that Gen. Mateo, the leading spirit in the revolution, is marching on Caracas with a force of nearly 7,000 men, and that indications point to the overthrow of the Castro administration in a short time.

The French cruiser Suchet and the German cruiser Falke were both present at the bombardment of Carupano by the government forces. The firing had proceeded only a short time when the foreign commanders sent word to the commanders of the Venezuelan gunboats that further bombarding could take place only at their own peril, and by this threat the firing was immediately silenced.

### Fleeing from Venezuela.

There is an exodus from Venezuela of Castro's followers, and the government forces have received severe setbacks from the revolutionists. A force of 400 government soldiers, in an attempt to retake Iuira, were defeated by Gen. Corago. Seventy of the government's soldiers were killed and many were wounded. One hundred and fifty were taken prisoners. Other government reverses are reported.

PORT OF SPAIN, TRINIDAD, June 17.—The overthrow of the Colombian revolution appears to be complete. Leaders of the revolutionary forces, including Gen. Uribe-Uribe and other chief commanders, have arrived in Caracas, Venezuela, disheartened after escaping from the Colombian troops by the Meta river. They were pursued for eight days. The leaders first went to Ciudad, Bolivar, and hurried thence to Caracas, where they hope to obtain further assistance from President Castro.

### Merger Case Turns on Point of Residence of the Defendants.

ST. PAUL, MINN., June 17.—Attorneys for the Northern Securities Company and for J. J. Hill, president of that corporation, this afternoon served notice on the attorney general that they would on June 24 move to vacate service in the suit brought by the state of Minnesota against the Northern Securities Company and President Hill.

It is claimed that the Northern Securities Company is not a resident of Minnesota, has no business in this state, and owns no property in this state, and for J. J. Hill it is claimed that as president of the Northern Securities Company he is not a resident of Minnesota.

# BRADDOCK PARK PLAN OF LOTS

# SATURDAY, JUNE 21st.

The greatest and safest savings bank in the world is unquestionably a BRADDOCK PARK LOT.

By depositing or investing 25 cents a day in this property you will earn 100 per cent instead of 4 per cent. Government bonds or the best railroad stocks are "not in it" with Braddock Park Lots!

Newly-married folk, who want to begin life by stepping into genuine, guaranteed prosperity, can do so by laying away at least 25 cents a day and own one of these real money makers. It's the way to get rich! It's in a measure the way the men who own the colossal mills all around us began getting rich.

NEW CAR LINE
Will Create a Revolution in Land Values.

Watch Thursday's Papers For Tremendous Surprise.

There is no other part of the great Pittsburgh Iron and Steel region so extensively dotted with giant industries as the immediate country surrounding Braddock Park Plan of Lots. Yet the belching smokestacks are removed a sufficient distance to keep the soot and dirt away from the property, but close enough to make it convenient for a well-paid army of 64,000 workmen to go to and from their daily toil, content when in their own homes, and on their own pleasure grounds (for which many of them will lay the foundation at this great sale) to look down through miles of the most picturesque scenery in the Monongahela Valley upon a Billion-Dollar, world-famed, productive panorama of enterprises that pour out every two weeks in workmen's wages a sum reliably computed to reach $3,620,000. Just consider what this means!

## $3,620,000 IN WAGES

going out twice a month, and confined to a radius of less than six miles. Yet this expanse of monster industries which is sending out such enormous wage-distributing wealth and keeping Braddock Park Real Estate bounding up in price continually, is soon to be augmented by the addition of one great new blast furnace at the Carrie Plant, two great new blast furnaces at the Edgar Thomson Plant, and an immense new billet mill at the Edgar Thomson Plant. These three mammoth industries alone will give employment to a new army of wage winners which will number not less than 4,500, and may reach 7,000.

The great new mills and furnaces are within sight of the property. The yellow cars on the Monongahela Traction Line in reality connect the property with 42 of the greatest industries in the valley. Half of these industries are within eight to fifteen minutes' ride and all of them can be reached with five-cent carfare. In fact, a five-cent carfare will take you from the plan to Wilkinsburg, East Pittsburgh, Homestead, Swissvale, Duquesne, Wilmerding and Pitcairn. You can go on the Wilkinsburg & East Pittsburgh Branch of the Yellow Line direct, without transfer, to Pittsburgh. You can reach these cars in Pittsburgh on Sixth Avenue, Seventh Street, Penn Avenue, Cecil Alley and on Fifth Avenue.

You get off the cars at Hawkins Avenue, at the foot of Park Avenue, which is really a boulevard winding through and intersecting the property.

The new electric line to be built from Braddock to Wilkinsburg will run from the High Bridge, corner of Hawkins and Park Avenues, near the P. R. R., and continue out this thoroughfare, through the plan, to Wilkins Avenue, where it will pass the doors of the choice home sites and cut the running distance and time schedule down fully 30 per cent.

Title is guaranteed to us by FIDELITY TITLE & TRUST CO. of Pittsburgh. Capital $1,000,000.

Investors who get on the grounds early when the excursion trains arrive will see opportunity to snap up lots at $100 to $300 that cannot help but earn them $1,000 as soon as the new car line is completed. These are important facts to remember. If you push in with the first army of shrewd ones you will be able to capture some nice frontage along the new car line that you can sell to later comers at fully twice the figures you will have paid.

It will pay you to watch our maps and printed matter and learn just where the new car line is going to be built. We cannot give you all of the information in one ad. We have literature which tells particulars, that you can secure at any time.

# BIG LACE MILL IS CLOSED DOWN BY MINE STRIKE

## Company Refuses to Discharge Girls Who Have Relatives at Collieries.

## NEARLY 1,000 AFFECTED

**President Mitchell Reports More Men Out, but Operators Say They Have Added to Their Forces—College Men to Become Policemen.**

[BY ASSOCIATED PRESS TO THE GAZETTE.]

Wilkesbarre, Pa., June 17.—Because the general manager would not discharge five girls whose relatives are still at work in the mines, the Wilkesbarre Lace Manufacturing Company, the largest in the United States, and the third largest in the world, was compelled to shut down today. Between 800 and 1,000 persons are affected. The lace makers and cotton workers are strongly organized, and have been helping the striking miners in every way possible. It appears the lace makers learned that relatives of the girls were working in the mines and the girls were given the alternative of either quitting the lace mill or having their relatives leave the collieries.

Failing in this, the cotton workers' union requested the discharge of the girls, but Manager J. W. Doran refused. The employes of the cotton department thereupon quit. The manager then asked the weavers what they intended to do, and after a meeting the weavers replied that they could not work with "unfair" workers, and also quit.

The general strike situation remains unchanged. The miners report that more men came out today and the coal companies' officials claim they are increasing their forces around the collieries. Some of these men are used in the fire room and at the pumps, and others were engaged to do guard duty.

**Rumor of Importation.**

There is a persistent rumor than non-union men will be brought into the coal field to mine coal. This cannot be done, because practically all the anthracite miners in this country are located in this region and all are on strike. New men cannot take their places because under the laws of Pennsylvania no man can be employed as a miner without having obtained a certificate showing that he has had two years' experience at anthracite mining. These certificates are issued by examining boards composed of miners appointed by the president judge of each county in which anthracite coal is produced. The only way the companies can start their collieries is by a break in the ranks of the strikers. At present there is no sign that such a thing will happen.

It is reported that some students—not a large number—from Yale, Cornell, University of Pennsylvania, Lehigh and Lafayette, have been engaged by several coal companies to act as coal and iron policemen during their summer vacation.

A number of men attacked a coal and iron policeman in South Wilkesbarre tonight and used him up rather badly.

**Foreman Badly Beaten.**

HAZLETON, June 17.—Leiford Miller of New York city, formerly a lumber salesman and until last night employed as a non-union foreman at the Milnesville colliery, fell into the hands of strikers at West Hazleton today and was very badly beaten.

John Strunk of Cranberry was arrested this afternoon charged with being implicated in the hold-up of Frank Applegate along the Cranberry road Saturday morning, following the attempted dynamiting of Applegate's home.

POTTSVILLE, June 17.—The Philadelphia and Reading Coal and Iron Company, through its district land agent, has served notices upon half a dozen or more tenants to vacate properties belonging to the company at Branchdale.

ROANOKE, Va., June 17.—Reports received by officials of the Norfolk & Western railway show that all the mines in the Pocahontas fields, with the exception of three or four, are working today. The situation in the Tug river district does not improve and only one car of coal was loaded there yesterday.

FAIRMONT, W. VA., June 17.—Justice Fleming decided today that the strike leaders were guilty of violating Judge Meson's injunction and held them in $200 bond to answer an indictment at the next term of court.

**Judge Quotes Scripture.**

PARKERSBURG, W. VA., June 17.—Judge John J. Jackson dwelt especially on the strike troubles in his charge to the United States court grand jury this morning. He took as his text St. Paul's Epistle to the Thessalonians, third chapter and eleventh verse, "For we hear that there are some who walk among you disorderly, working not at all, but are busybodies."

He said the law protects the right of any man to work or to quit work and to work for whatever wages he chooses. It protects the right of the employer to discharge his help if he chooses and of the laborer to quit work if he chooses. Any infractions of the laws, he said, would be punished if brought to the attention of the court.

CHARLESTON, W. VA., June 17.—There was no change in the strike situation in the Kanawha and New River fields today. All but three mines of the Kanawha & Hocking Company are closed in accordance with the orders issued yesterday. Sheriff Jarrett of this county refused to send deputies to guard the company property, as he believed there is no danger of violence.

**MASS MEETING OF MINERS.**

**Reports That Pittsburgh District Coal Is Going to Anthracite Regions.**

A call is being issued for a mass meeting next Friday at 6 p. m. of the miners of Shire Oaks, Coal Bluff and vicinity. Most of the men at Shire Oaks and Coal Bluff are organized, but there are scattered workings near whose men the mass meeting seeks to interest.

Business at Hite Station, by reason of the Allegheny valley strike, is nearly dead. Few men are working there, except at the Creighton works, near by, where all the digging is done by machinery. The men of a camp near by drum the non-union men to work in the morning and to their homes at night.

Reports that Pittsburgh district coal is going into the markets of the idle anthracite collieries lack verification. Representatives of the operators disclaim that they are shipping any coal to these markets, but admit that the coal is going forward, and say (he' somebody else is sending it.

*Schwab Presents Building to Cresson Academy; Westmoreland Democrats Stir Up Bitter Protests*

# SCHWAB MAKES ACADEMY GIFT

## Steel Corporation President Presents Building to Cresson School.

## TALKS OF BOYHOOD DAYS

SPECIAL TELEGRAM TO THE GAZETTE.

ALTOONA, PA., June 17.—Mt. Aloysius academy, at Cresson, today received as a gift from Charles M. Schwab, president of the United States Steel Corporation, a handsome alumnae and assembly hall. The structure, which cost $25,000, adjoins the academy and is superbly fitted with stage and auditorium furniture. Several thousands of country people flocked to the old town to catch a glimpse of the steel magnate, of whom all had heard, but few had seen since his boyhood.

Gov. Stone and distinguished prelates from all over the country came to aid in the ceremony of the gift reception. Mr. Schwab made the presentation speech. Previous to the formal assembly he alleged humorously in conversation to his start in life as a stage driver on the old state road passing in front of the academy. He even admitted that in the heydey of youth he had helped himself without permission to apples from the trees on the lawn of the academy.

"What I do today is but partial reparation for the apple thefts of my youth," he said. "Millions today are not as sweet to me as recollection of the taste of purloined Baldwins from that old tree down yonder."

The formal exercises opened at the academy at 10:30 this morning. In his speech Schwab said:

My youth is recalled as I look around me today and see the purple hills, the playground of my childhood. My memory reaches back to my own school days. Years ago, no matter how many, I was instructed by the same good Sisters of Mercy at the academy at Loretto. I take no credit to myself for what they taught me, for I was probably as mischievous as boys usually are. But now in the grayer years of my life I bless them for their careful, conscientious training, which broadened me into the mysteries of manhood from careless youth. What musical education I received came from the care of the Sisters of Mercy. When I was young they told me I might be a musical prodigy if I chose, but, however that may be, life's channels led me into the sterner conflict of commerce.

Memory leads me back to the happy days of youth when, careless of future and happy in the present, I tramped the willowed lane in front of the old farm upon which Mt. Aloysius academy had been built. Knowledge came to me that the academy needed a new hall—a place of assembly, so I promised myself the pleasure of building it for the sake of auld lang syne.

The anticipated pleasure of years ago is realized today. I simply trust that the recipients will receive as much pleasure from my poor gift as I have in the giving.

Gov. Stone, responding in a speech of acceptance on behalf of the faculty, said:

Mr. Schwab is a sort of dissimilar parallel to his schoolmaster, Andrew Carnegie. Both got learned by from giving. I am delighted to express the thanks of the sisters and faculty of this academy for the generosity of the erstwhile Cambria county lad—now head of the greatest corporation in the world, who gets a glimpse of his own happy childhood in the bright faces of the scholars here today.

Gov. Stone was followed by the Rev. M. Smith, who formally received the gift, and the Rev. M. M. Sheedy, who made the address to the alumnae. Judge Francis J. O'Connor of Cambria county made the concluding address. After a musical program, Bishop E. A. Garvey made the final address to the graduates. "The Mikado" was presented by the academy scholars previous to luncheon.

Among the well-known divines and laymen present were: Bishop E. A. Garvey, Altoona; the Very Rev. G. Benton, vicar general of Harrisburg; the Very Rev. John Boyle, vicar general, Johnstown; the Revs. J. J. Deasy, Gallitzin; R. Kiernan, Summit; Thomas Ryan, Lilly; J. B. Eagan, Wilmore; J. Graven, Ebrenfeld; J. Farran, Johnstown; M. M. Sheedy, Altoona; T. P. Smith, Altoona; J. J. Bullen, Homestead; Thomas Rosensteel, Sharpsburg; N. H. McNeelis, Indiana; J. Ward, H. McHugh, J. F. Canaran, D. J. Devlin, P. Brennan, all of Pittsburgh; George Reid, St. Paul, Minn.; P. Fox, Coalport, and M. S. Smith, Cresson.

Gov. Stone returned to Harrisburg on a night train, while Mr. Schwab and party continued west to Notre Dame university, Ill., where Mr. Schwab's cousin, Frank Schwab of this city, graduates tomorrow.

# GREEK CATHOLICS MEET IN JOHNSTOWN

## Envoy from the Pope Causes Enthusiasm Among Delegates.

SPECIAL TELEGRAM TO THE GAZETTE.

JOHNSTOWN, PA., June 17.—The biennial session of the Greek Catholic union of America is in session at St. Mary's Greek Catholic church, this city. The opening session was held this afternoon, with Michael Yuhas of Latrobe, the president, in the chair. Sessions will be held daily until Saturday. There are 42 priests and 362 delegates from all parts of the United States in attendance.

The Rev. Andrew Hodobay was sent to America six months ago by Pope Leo to become acquainted with the Greek Catholics in this country, and it is understood that the pope will appoint him a bishop within the next few months. There has never been a bishop of the Greek Catholic church in this country, and his presence here has greatly enthused the priests and delegates.

St. Mary's society tonight tendered the visitors a big reception and banquet at Croatian hall. This portion of Greek Catholic church belongs to Hungary and is under the jurisdiction of the Roman see, while the other faction recognizes the czar of Russia.

**TALKED OF LYNCHING.**

**Alleged Crime of Meyersdale Man Caused Indignation.**

MEYERSDALE, PA., June 17.—(Special.)—Henry Lowry, formerly stable foreman at Merchant's mine No. 3, at Coal Run, was taken to jail at Somerset today, charged with a crime against his two daughters, aged 13 and 15. A large crowd gathered at the station here while Officer J. R. Joy of Salisbury, who made the arrest, and the prisoner were waiting on the train and talk of lynching was heard.

Lowry is 45 years old and the father of 12 children. His wife died about two months ago.

**STATE AND NEIGHBORHOOD.**

MARIETTA, O.—Mrs. William Bush shot herself dead at her home at Newells run on Monday night.

CONNELLSVILLE, PA.—George Hill, son of the late Col. Alexander Hill, a wealthy landholder of Vanderbilt, dropped dead in a saloon here yesterday.

HARRISBURG, PA.—Edward Bailey of this city and Gen. David McM. Gregg of Reading have been reappointed trustees of the Harrisburg insane hospital by Gov. Stone.

MONONGAHELA, PA.—Cornelius Gardis, aged 50, single, was killed by a train yesterday at West Elizabeth. He had been employed as a steel worker at the Clairton mills.

HUNTINGDON, PA.—The station and freight building of the Pennsylvania Railroad Company at Petersburg were burned yesterday with a large amount of stored freight. Loss, $9,000; partly insured.

MEYERSDALE, PA.—The members of the Methodist Episcopal congregation have decided to build a church to cost about $30,000. Half of that amount has been pledged by two prominent members of the congregation.

MASSILLON, O.—Fire destroyed Garver Bros.' wholesale store and warehouse and seven dwellings at Strasburg, near here, yesterday. The fire was extinguished by the Massillon fire department, taken there on a special train.

SHARON, PA.—The Sharon Steel Company has awarded the contract to C. H. Bradley & Sons of Pittsburgh for 4,000 horse-power boilers for the new blast furnaces under course of erection at South Sharon. The contract price is $46,000.

**School Teachers in Demand.**

BELLAIRE, O., June 17.—(Special.)—The Putney township school board cannot secure teachers enough to supply each district. At the meeting of the board on Monday several of the directors reported no applicants. These schools pay from $45 to $80 a month.

**Mifflin School Teachers.**

The Mifflin township school board elected the following teachers yesterday: E. E. Graham, J. C. Muldoliar, Harry Smith and Misses Lena Stoddard, Ella Mahon, Margaret Darsie, Ella Hood, Bertha Harris, Alice Lindreath, Marie Atkiss, May McLuckie, Alice Leadbetter, Alma Howard, Madge Behaven, Clara Smith, Ella Law, Ella Boat and Mary Edwards. Opposition was made to Miss Bessie Conley and her case was held over.

**Plumbers Arranging for Convention.**

At a meeting last night at Old City hall of the Pittsburgh plumbers, nominations were filed for delegates to the convention of the general organization, which will be held in Omaha, beginning August 18. The Pittsburgh plumbers will send four delegates.

# DEMOCRATS VERY ANGRY

## Action of Westmoreland Convention Causes Bitter Protests.

## GAY MAY APPEAL TO COURT

[SPECIAL TELEGRAM TO THE GAZETTE.]

GREENSBURG, PA., June 17.—Lively times are promised over the action of the Democratic convention in holding up the vote cast in 18 districts. The news created a sensation all over the county and especially in the districts that were held up.

A Scottdale leader came in this afternoon and filed a long complaint. He threatened, in case Mr. Gay "is counted out," to cease work for the Democratic party.

It is claimed by the other side that the Scottdale objector is a Republican when the general election comes around.

Capt. Keenan insists that fully 1,200 votes in violation of the new rule were cast at Saturday's primaries and says it is the purpose to put a stop for all time to the practice of having Republican wire pullers dictating the Democratic nominations in Westmoreland county, and then turning the same identical battery used in the nomination to defeat them at the fall election.

Mr. Gay, whose 1,800 votes were held up, announces that, should they be thrown out, he will appeal to the courts.

BROOKVILLE, PA., June 17.—(Special.)—The Democrats of Jefferson county today placed in nomination the following ticket: Congress, William L. McCracken; assembly, Samuel States; treasurer, M. F. Woods; register and recorder, Elmer E. Beck; commissioners, Al Hawk and P. E. Wingert; auditor, S. R. Kelly and W. L. Pifer; delegates to the state convention, H. H. Brosius and W. M. Fairman. A bitter contest attended the election of chairman of the county committee, in which A. C. Smith of Sigel defeated McKane Harl of Punxsutawney. The convention was dominated by the friends of Col. Guffey and expressed a preference for Pattison, but the delegates are uninstructed.

CLEARFIELD, PA., June 17.—The Democratic county committee met today and elected delegates to the Erie convention. Five personal friends of ex-Congressman James Kerr were elected and were instructed to give him their unanimous support for governor. When asked as to his candidacy today Mr. Kerr said he preferred to wait until the Erie convention, when, if the party leaders agreed, he would enter the field for the governorship.

**DIED IN OBSCURITY.**

**Ex-Confederate Surgeon Lived as a Recluse in London.**

LONDON, June 17.—At an inquest in St. Pancras borough today over the remains of Francis Daniel Muller, an aged physician, who had lived as a recluse for years, occupying a single room in a crowded tenement, witnesses testified that Muller had been a surgeon in the confederate army.

He was born in Prussia and fled from that country because of political oppression in 1844, joined the forces of the confederacy at the outbreak of the civil war in America, and became chief of the medical department of the confederate army.

**Humberts Embarked for Colombia.**

PARIS, June 17.—Henri Rochefort, the journalist, informed Magistrate Leydet this afternoon, that he knew that the Humberts, who are wanted by the police on the charge of being concerned in gigantic frauds, left Paris May 7 and embarked at Nazaire on a yacht bound for Colon, Colombia.

**Approved the Plans.**

The board of directors of the South Side hospital met last night and approved the plans for the addition to the building. The contemplated improvements will cost about $40,000. The new building will be erected upon 75 feet of ground running along Harsems alley, adjoining the present building on the north side.

**Shot Brought Water.**

The gas well in East Pittsburgh, back of the Westinghouse electric works, was shot with 30 quarts of nitro-glycerin last night. A column of water was thrown 200 feet in the air.

## FROST AND SNOW SERIOUSLY INJURE EUROPEAN CROPS

### Grain and Vineyards Damaged in France and Austro-Hungary.

### TOURISTS AVOIDING MOUNTAIN RESORTS

[ASSOCIATED PRESS CABLE TO THE GAZETTE.]

PARIS, June 17.—There is considerable anxiety regarding the crops and the vineyards in consequence of the uninterrupted cold and rainy weather in France during the last two months. Flammarion, the astronomer, says there has been no such disastrous springtime since 1852, and the meteorological predictions promise but a little better summer.

Snow has been falling for four days on the slopes of the Pyrenees and in the neighborhood of Perpignan. The farmers in these districts are in a state of consternation and the general agricultural outlook will be gloomy unless the weather changes. All cereals are very backward.

The news from the wine districts is also disquieting. The small grape crop is of poor quality. The vine growers are crying for sunshine and in many places the vines are mildewed.

American and English tourists are arriving in Paris as usual, but there is a notable reduction in the number of those proceeding to the health and pleasure resorts of France and Switzerland. The travelers prefer to remain in Paris until the outlook improves.

VIENNA, June 17.—The unprecedented and persistent cold weather in Austria-Hungary is causing great apprehension among those interested in agriculture. In addition to the heavy losses already sustained by hotels and shopkeepers the fruit crop has been irremediably damaged, while the prospects for cereals are dubious.

But for the patronage of Americans the hotels and stores which count upon tourist trade would find the season utterly profitless, continental tourists preferring the comforts of their homes to the difficulties and, in some cases, the dangers attending visits to the country's lake and mountain resorts. The approaches to many of these resorts are still locked with snow, rendering access to them quite hazardous.

## KIPLING REBUFFS INDIGNANT PUBLIC

### Closes Up Free Drill Hall Because His Aunt Is Disapproved.

[ASSOCIATED PRESS CABLE TO THE GAZETTE.]

LONDON, June 17.—The action of Rudyard Kipling, June 2, in dispersing a mob which threatened the house at Rottingdean, Sussex, of his aunt, Lady Burne-Jones, a pro-Boer and widow of Sir Edward Burne-Jones, the painter, because of her having displayed a black banner inscribed, "You have killed; you have conquered," has caused a local sensation that shows no sign of abating.

When Mr. Kipling, who also lives at Rottingdean, went to the rescue of his aunt and shouldered his way through the crowd he delivered a thoroughly Kiplingesque oration of the kind the people of Rottingdean were not accustomed to hear from one who had established the local rifle brigade and had stirred up local imperialism to the boiling point.

To show his further disapproval of the attack on his aunt's house Mr. Kipling has shut up the drill hall which he had given to the public. This action has created intense feeling. Mr. Kipling refused to express an opinion regarding the black banner, but he emphatically announces his disapproval of Rottingdean's manner of expressing its disapproval of it.

## SCATHING EPITHETS ARE FREELY PASSED BY FRENCH DEPUTIES

### One Member Is Called an Imbecile and Another a Liar.

### INSULTS LEAD TO CHALLENGE FOR DUEL

[ASSOCIATED PRESS CABLE TO THE GAZETTE.]

PARIS, June 17.—Disorderly scenes occurred in the chamber of deputies today during the discussion of the verification of the election of Syveton (Nationalist), who defeated Mesureur (Radical Socialist). Berteaux (Radical Socialist) opposed the validation, accusing the Nationalists of engaging in a violent campaign of insult and calumny against the Republicans.

The speech led to interruptions from the Count de Dion and Syveton, followed by uproarious altercations between the Nationalists and Radical Socialists. Count de Dion threatened Berteaux with his fist and Coutant (Revolutionary Socialist) insulted Count de Dion, calling him an imbecile, and when called to order Coutant said he would break the count's jaw.

When Syveton rose to reply his voice was drowned by the noise caused by the clanging of desk lids by the Leftists. After a semblance of order had been restored Berteaux moved that "the chamber, reproving the anti-patriotic campaign of the candidates of the Nationalist society, La Patrie Francaise asks for an investigation of M. Syveton's election."

Syveton replied, amid frequent interruptions from Raymond Leygue (Radical Socialist), who at one point called him a liar. The motion was put to a vote, and during the scrutiny the Left and Right members exchanged vituperations. The Centrists shouted: "We will abstain." Finally, amid the greatest excitement, the motion was adopted.

After the chamber adjourned Syveton met Mesureur in the lobby and insults were exchanged between them. This occurrence resulted in Syveton challenging Mesureur to fight a duel. The seconds of the two deputies will meet tomorrow.

# REGULAR TREATY A FORLORN HOPE OF RECIPROCITY

## Beet Sugar Republican Senators to Be Asked Today to Consent.

### THE CHANCES NOT BRIGHT

**Republican Members of Committee Decide to Submit the Spooner Bill to the Conference—Roosevelt in a Listening Mood.**

[BY ASSOCIATED PRESS TO THE GAZETTE.]

Washington, D. C., June 17—There was some renewal today of the talk of a reciprocity treaty with Cuba, and it was said it is probable that it would be sent to the senate before adjournment of the present session. It is, therefore, probable that at tomorrow night's conference the beet sugar Republicans will be asked to say whether they would support a treaty on the lines of the Spooner bill.

While they don't feel called on yet to define their position on this point, they say that once, earlier in the nominations, they suggested a treaty as a compromise and that it was then rejected; hence they don't now feel under obligations to bind themselves to accept anything.

It is pointed out in administration circles that a reciprocity treaty covering little beside the one article of sugar could be negotiated with Cuba within a few hours and that it could easily be ratified during the present session, were the senate so disposed.

The impression is strong that legislation either in the form of an act or a treaty is quite out of the question for this session. Some of the reciprocity leaders freely admit this, and while others more hopeful do not go so far, even they admit the chances are doubtful.

**Spooner Bill Favored.**

The Republican members of the senate committee on Cuban relations today agreed to the acceptance of the Spooner bill and decided to ask that a conference of Republican senators be called for tomorrow night to consider its terms. The text of the Spooner bill follows:

When the republic of Cuba shall have enacted a law or laws establishing preferential rates of customs duties upon any or all articles, the growth, production or manufacture of the United States imported into Cuba, which preferential rates shall in the opinion of the president of the United States constitute a satisfactory equivalent for the reduction hereinafter provided in the rate of customs duties upon articles, the growth, production or manufacture of Cuba imported into the United States, and such preferential duties shall be continued by the government of Cuba, not longer, however, than five years, the duties levied, collected and paid upon such articles as exported from Cuba to the United States shall be 20 per centum of the duties specified and provided in the act entitled "An act to provide revenue for the government and to encourage the industries of the United States," approved July 24, 1897, and any amendment thereof.

Provided, however, that it shall be the duty of the president to thoroughly investigate, through the diplomatic and consular representatives of the United States in Cuba and by such other means as he may deem necessary to employ for the purpose, whether the tariff concession hereinbefore provided upon articles the growth, production or manufacture of Cuba, substantially inures, so far as the articles of sugar and tobacco are concerned, to the benefit of the producers of said articles in Cuba, and if the president shall be satisfied from such investigation that the substantial benefit of said concession upon either of said articles is inuring to the benefit of any individual or corporate in the United States, it shall be his duty to so declare by proclamation to that effect and thereupon and thereafter so long as said conditions shall continue there shall be levied and collected upon such articles, or that one of them as to which said conditions exists, the rate of duty levied and collected by the law upon such article or articles coming into the United States from other foreign countries.

**Committee in Inquiring Mood.**

The house committee on military affairs today ordered a favorable report on the resolution of Representative Bartlett of Georgia directing the secretary of war to furnish the house information as to what amounts were paid by United States officers in Cuba to F. B. Thurber or other persons for advocating Cuban reciprocity.

Senators Elkins, Burrows, Deitrich and Foraker called at the White house today and discussed Cuban reciprocity with the president. The attitude of the president now is regarded more as that of a listener than an adviser, he having expressed himself in his special message as to the duty of congress toward Cuba. Senator Elkins remarked at the White house today that congress would adjourn without action of any kind on Cuban reciprocity. Senator Foraker, on the other hand, predicted that some sort of an agreement would be reached before long.

## RUMP COMMITTEES A THING OF THE PAST

**President Lambie of Select Council Bows to Public Disapproval and Agrees to a Compromise.**

The "rump" committees of President John S. Lambie of Pittsburgh select council will soon be only a memory. Mr. Lambie has consented to their coming things of the past in consideration of the agreement that all the regular joint councilmanic committees shall report measures to the branch in which they originate. The reform leaders have all along been willing that this should be so and have repeatedly said so.

Public and private criticism has finally accomplished the inevitable and the machine men in select council will now have to find some other plan for blocking city business. President C. S. Crawford of common council says he is satisfied with the terms of the compromise. "We are willing to do anything," said President Crawford, "to facilitate city business."

While there has been no meeting between President Lambie or his obstructing followers and the reform element, yet both sides have accepted the terms that have been carried to and fro and before the next regular meeting of councils the matter will have been arranged in detail.

President Lambie is accepting terms which were offered him weeks ago through a suggestion of Chairman Robert H. Douglas of the committee on public works, which committee did actually adopt a rule to report measures to the branch in which they originated.

The chairmen of the joint committees will remain as they were elected and the Citizens leaders will still control the committees.

Among the city officials who have been hampered by the absurd "rump" committees is Director J. Guy McCandless. He managed to get his ordinances for the expenditure of $125,000 for park improvements through common council, but the "rump" committee on parks secured them when they were managed to select council and they are still there. In consequence these improvements cannot be begun until at least the second week of July.

Director McCandless was so thoroughly disgusted yesterday that he went to President Lambie and begged him to have a special meeting of select council on Friday and Lambie agreed to do so. He will issue a call today for a special meeting at 2 o'clock Friday afternoon to pass the park ordinances.

## GO WAY BACK

**Or Feed So You Can Keep Up.**

People must be well fed in this world if they are expected to do good work. A carpenter with poor tools must take less wages and handle the poor jobs. So in life, the person with a weak, badly nourished body must get out of the way for the strong ones.

A school teacher writes from Vermont. She had been compelled to take a little backwoods school for small wages because she had not the strength to conduct a better school.

"Small appetite and poor digestion kept me weak. I had been compelled to rest at the noon hour and shut myself away from all company morning and night. In this way only could I work, up to about a year ago, when a lady visiting here from California led me to share a dish of Grape-Nuts with her. During the winter I ate occasionally of the food, always with good results.

"Last July it was necessary for me to attend the summer school for teachers. Being poor in purse and sick in body I could not pay the expense of boarding in a big place; so I rented a room and boarded myself. Grape-Nuts and cream tasted good, and I lived almost exclusively on the food.

"Gradually, to my surprise, toward the close of the second week the sort of mental haze that had been about me for a long time broke away and I grasped the thought presented with a clearness I had not known for a long time.

"I came back to my school with better health and memory than I have known for 20 years, and now, while at work, I repeat, I have better nerve and brain power and better digestion than I have had before in 20 years."

There is a reason for this. Grape-Nuts Food is a sure, steady brain builder. It is made for that purpose, and anyone can prove it by use. Name given by Postum Company, Battle Creek, Mich.

A booklet of excellent recipes in each package of Grape-Nuts.

THE PIANOLA

The prejudice which once existed with regard to mechanical piano players disappeared with the invention of the Pianola. And, paradoxically as it may sound, this change in public opinion is explained by the fact that the Pianola is NOT mechanical. That is to say, the music which it produces is NOT "ground out." The Pianola is simply the servant of the person who wishes it to play the compositions which he selects. The person operating the Pianola controls the expression just the same as in the case of hand playing.

Anyone can operate the Pianola, whether experienced or not, and it plays any make of piano. Come in and hear the Pianola and you'll understand why this marvelous invention has the endorsement of the world's greatest musicians.

THROW YOUR TRUSS AWAY.

No authority in the world can see my PERMANENT, PAINLESS CURES OF RUPTURE without realizing that

My Electro Chemic Method

is unquestionably the greatest achievement of the age. The famous hospitals of America and Europe reveal no better progress in surgical or medical skill. A TRUSS WON'T CURE YOU, AND SURGICAL OPERATIONS ARE DANGEROUS AND PAINFUL.

There is one pronounced difference between mine and other treatments. I don't care how long you have suffered with rupture, I CAN CURE YOU PERMANENTLY. I have never failed. Other treatments can do no more than give a temporary cure, leaving you in a worse condition of the trouble more distressing than the original rupture.

### Sowing the Wind.

"Whom the gods would destroy they first make mad" is a saying that was never better exemplified than in the arbitrary removal of Director McAfee yesterday by John R. Murphy, recorder of Allegheny, acting at the direct and specific behest of Gov. Stone. It is well known that we are no ardent admirer of Recorder Murphy. His kind of politics is not our kind, and of his kind of government the less said the better; but no one who knows him will for a moment believe that he removed this faithful, competent official and lifelong friend except under actual duress. It is a coincidence that just two years ago Pittsburgh councils, acting under orders from the then ruling powers, elected Edward M. Bigelow from the same office and for the same reason—because they could not use him "in their business." They sowed the wind, and they are reaping the whirlwind with a vengeance. In like manner this last act of folly will serve to intensify the fury of the storm that will convert Gov. Stone and his creatures into "nightmares of the past."

Mr. McAfee has been faithful to every trust, public and private. He leaves office with a spotless record, and with the best wishes of the people among whom he has lived since early manhood, and whose interests he has guarded with zealous care. Can as much be said of his executioner?

### The New Anti-Trust Bill.

The prominent new feature of the anti-trust bill introduced in congress yesterday by Representative Bell of Colorado, a member of the United States industrial commission, is the provision for a tax of 2 per cent per annum on the stock issues of corporations in excess of actual cash value, or, as the press report puts it, on all stock except "such as has been paid for in cash or its equivalent." The anti-discrimination feature of Mr. Bell's bill is a recognized principle of our statutes, and is therefore less important except for its punitive accompaniments. The proposed 2 per cent tax, if the bill becomes a law, would be powerful to prevent the inflation of corporate values of which so much complaint has been made. The punitive accompaniments of the anti-discrimination provision are much more drastic than anything on the statute books, but whether they would prove more influential than the present right of recovery of damages is open to question. The measure might seem much more important and certainly would have attracted more attention than it will now had it been introduced earlier in the session. With congress so near the accepted date of final adjournment the bill is not likely to receive more than honorable mention. It is too late to pass it. Before congress again meets we will doubtless know more concerning the effectiveness of existing anti-trust laws, and that knowledge will undoubtedly have an important bearing on the fate of Mr. Bell's measure.

### The Train Dispatchers.

Train dispatchers from all sections of the country have gathered in Pittsburgh, the occasion being the fifteenth annual convention of their national association. The roster of officers is of itself proof that the organization is national in its scope, as no less than six widely separated states are represented—namely, Texas, Iowa, Pennsylvania, Illinois, Louisiana and Arizona. In addition to these are a hundred or more delegates representing the various railroads of the country.

Coming from so many points and with so much diversified experience, the convention is sure to be of profit to all who participate in the deliberations. The position of train dispatcher is one of great responsibility, with duties that require quick and correct judgment and constant alertness. The steady increase in freight and passenger traffic is continually making the duties of the train dispatcher more exacting, and the convention affords them an excellent opportunity for the interchange of opinions and discussion of methods for the performance of their work, the importance of which is not fully appreciated by the public. Considering the rush of traffic along the steel highways and the large number of trains constantly going and coming, accidents on the steam railways are remarkably few, and the credit for this practical immunity from disaster belongs mainly to the train dispatchers. To them the traveling public owes a debt of gratitude for safe transit, and it is hoped that the methods now so successful will be still further perfected as a result of the convention in this city.

### The Recorder and the Yellow Book.

It has been established by the testimony of a number of witnesses, members of the police force, that they contributed to the "yellow book" fund on the "advice" of Police Superintendent McAleese, who told them that by so doing they would get a better grip on their jobs, which otherwise they might lose. The superintendent's immediate superior, Director Leslie, by refusing to give information to the committee, does much to confirm the truth of the testimony and to give force to the belief that policemen were assessed for political purposes with his knowledge and consent. Mr. Leslie was superintendent of police for a long term, with the present recorder as director of public safety, and it is not unfair to assume that he knows whether the allegations made concerning the "yellow book" are true or false. If they are false it is unlikely he would hesitate to come forward to refute the testimony now in. His refusal to testify has made an issue between the reform majority in councils and the recorder that will have important consequences. Mr. Brown, after 3 p. m. each day, becomes chairman of the city committee, according to the declaration made by him on becoming recorder, and it is not supposable that during the hours when he is recorder he overlooks the fact of his chairmanship and that the chairman needs money. It is for the purpose of meeting the demands on the chairman that the "yellow book" circulates among the subordinates of the recorder's department chiefs, and the recorder is not likely to forget this when the demand from the councilmanic committee for the head of Leslie comes before him. His protection of Leslie is a foregone conclusion, and therefore it is no longer a question between the committee and the director of public safety. The committee has placed full responsibility for the "yellow book" on the recorder. He may twist and dodge and endeavor to evade it, but in the end he will be forced to assume the responsibility that belongs primarily to him. When Recorder Brown was director of public safety and Leslie his superintendent of police, the duty that now devolves on McAleese of urging the police force to true voluntariness in political contributions was Leslie's duty, unless the duties of the police superintendent have been changed; and Mr. Brown's was then, as now, the directing mind. It all comes back to him. The report that the courts will be appealed to against him if necessary is probably true, and it probably will be necessary, as it is not to be expected that Mr. Brown will deliver up to punishment without a struggle the man who has fallen under the disfavor of the reformers for obeying his orders.

### Many Boers Surrendering.

According to Lord Kitchener's reports up to last night 11,225 Boers have surrendered in the Transvaal since the conclusion of peace, and 5,395 more in the Orange River colony. This is a total of 16,620 in these two colonies, and completes the work of surrender therein. The figures for Cape Colony are not yet complete, but they will swell the number considerably.

It had been estimated that the number of burghers in the field in the later stage of the war was not more than 10,000, but these statistics show that the strength of the Boers was underestimated. A similar state of affairs existed at the beginning of the war. From records available at the outset of hostilities the resources of the two Dutch republics were put down by military critics at much smaller figures than proved to be correct. The Transvaal republic and the Orange Free State evidently held a much larger population than was believed outside of those countries to be possible, and their military resources proved to be far greater than the best informed observers supposed. The reinforcements that took the field after the capture and deportation of large numbers of fighting men, and the numbers that have surrendered lately, all go to show an underestimation of the burgher strength. If it be thought that among the men now surrendering are some who did not fight and were not enrolled in the army, but have come in to share in the general jubilation and to see what England has to give them, it may be pointed out that Lord Kitchener acknowledges the receipt of 10,815 rifles with the Transvaal commandoes, and of 5,280 rifles with the burghers of Orange River.

### Latest Statistics from Alaska.

Perhaps no one needs to be told now that the purchase of Russian America was a fine stroke of business for the United States, but a monograph just issued by the treasury department makes it clear in what particulars that real estate transaction was a good investment.

The United States paid Russia the sum of $7,200,000 for Alaska in 1867, but since that time the country and its workers have yielded furs, fish and gold to the aggregate value of $150,000,000, that amount being divided about equally between the three items. The population of Alaska has increased but slowly. At the date of purchase it was estimated to be 30,000, and there was practically no increase for the first 20 years of American occupation. In 1900 there were 63,592 persons in Alaska, and the attraction of the gold discoveries is supposed to have increased it to 75,000 at the present time.

The fisheries of Alaska are taking the place of the dwindling fur trade in importance. The salmon pack of last year was valued at $7,000,000. Probably $25,000,000 of capital from the United States is invested in Alaska, and the annual shipments of merchandise to the territory aggregate more than $12,000,000. Commerce has become sufficiently important to justify the issuance of monthly statements of trade by the treasury department in the future. The prospect is that Alaska will grow in population much more rapidly in the future than it has in the past, and continue to demonstrate the wisdom of its purchase.

### Bad Conditions Abroad.

Reports from France and Austria-Hungary reveal a serious situation in the agricultural districts. The unusual and surprisingly cold and inclement weather that has prevailed during the whole spring, with no prospect that conditions will be improved, points to serious losses of crops and consequent distress. Unless there is a quick change it is quite apparent that the people of a considerable section of Europe will suffer famine and business depression. The losses in the grape-growing and wine-producing districts affected are perhaps irreparable, and this must have a depressing influence on general commercial conditions. The loss of so much of the American corn crop last year was hardly noticed in the general crop harvest, but unless all signs fail in France and Austria-Hungary, there will be little to mitigate the loss or maintain the purchasing power of the affected populations.

### A Comic Opera Strike.

The sympathy strike in the lace mill at Wilkesbarre smacks so much of comic opera that it is difficult to give it serious consideration. It is not likely to be of long duration, and when the strikers come to their senses they will wonder at themselves. Sympathy strikes as a rule have little to commend them, but a strike that grows out of a refusal to discharge workers in a lace mill because they have relatives working in the places of mine strikers has no claim whatever on public consideration. It is a difficult matter for the country to get along without coal, but it can worry along for quite a time without lace from the Wilkesbarre mill. Therefore, there will be no public interest in the strike of the girls other than that which grows out of a feeling of amusement, and they will be left to fight it out all alone with their employers. When they conclude that they are the only ones being hurt and that no one is being benefited they will raise the siege and return to duty.

### He Sticks to the Facts.

It has long been the general belief that the narrators of snake stories take undue liberties with the truth, calmly disregarding facts when there is a story to tell. They have all been charged with stretching inches into feet when announcing the size of the reptile seen or slain, but at last one has been found who will not tell a lie, not even to the extent of one inch. This veracious chronicler of stirring events is the Jacks Corners correspondent of the Kittanning Tribune, who thus briefly and concisely relates a decrease in the snake population: "P. M. Miller killed a blacksnake one day last week that measured six feet and eleven inches." Greater would have been the glory had that snake measured full seven feet, and strong must have been the temptation to make that announcement, but the facts were adhered to, and for once, at least, in the telling of snake stories truth came off with flying colors. Jacks Corners should be proud of its truthful citizen.

### FROM DOMES OF THOUGHT.

It is unmanly to kick about hot weather, though, perhaps, it's human.—Meadville Tribune.

Just weigh that.—North East Breeze.

# Tammany Working Tooth and Nail for Power

THE PITTSBURGH GAZETTE BUREAU,
Herald Building, Herald Square.
NEW YORK, June 17.

Tammany is trying hard to strengthen itself for a good, hard fight in the fall, preparatory to the struggle of its life next year. Every weak spot that can be found in the present administration is made the most of, with many other imaginary blemishes that shrewd Tammany workers think can be spread before the people to the advantage of the organization. For instance, the excise question has been a live one ever since Mayor Low took his seat. He has been pestered with suggestions that he should not enforce the Sunday liquor selling laws too strictly, at the same time that he has had it dinned into him that the laws are there to be enforced. When it was intended that there should be a police parade, according to old custom, a howl went up about the expense of it, and about the evil of leaving the city without sufficient police protection. The parade was cut out and now it is Tammany that is saving the omission as campaign material. The people are desperately angry over the use of soft coal by the "L" road and the consequent shower of soot and hot cinders all along its length. It is a matter for the board of health and prompt measures have been taken to stop the abuse; but that makes no difference. Mayor Low gets the blame for every puff of soft coal smoke that makes its appearance. Now it is announced that Bourke Cockran will be one of the orators at Tammany hall on the Fourth of July, which is taken to mean that some desperate measures are to be adopted for the carrying of everything for Tammany at the election this fall. It may be that the accepting of the invitation by Cockran, as well as its being tendered to him, signifies that Croker is to be out of Tammany hall as leader for all time. It may be even that Bourke Cockran is looked upon as the legislative successor of the wily Richard; but, above all, and beyond all, it is pretty well understood that Tammany is working tooth and nail to get back into power next year, and in the present temper of Father Knickerbocker over the smoke nuisance there is strong probability that Tammany would gain its end if the election were this week.

### The Anti-Trust Dramatic Managers.

It cannot be said the Rialto takes seriously the announcement that there is to be an organized effort on the part of three well-known managers to conduct a great deal of business independently of the so-called "theatrical trust." Harrison Grey Fiske, Maurice Campbell and J. K. Hackett are the three managers that have banded together with this object. Mr. Fiske, as the husband of Mrs. Fiske, has been opposing the trust for several years, and never plays in theaters controlled by that body. Mr. Campbell, managing Henrietta Crosman, quarreled with the trust soon after Miss Crosman's big hit in New York, and James K. Hackett is still under contract to play in trust theaters for nearly a year to come. One theatrical manager said to me this afternoon that "There may be something behind the movement that does not appear. I do not see much hope for the new combination. Theatrical managers are not plucky enough to take issue with the trust, as a rule, because they are afraid it might end in their not being able to get attractions at all for their houses. Then, where would they be? I wish the new arrangement success, but I am not betting that way."

### Faversham May Wed Again.

Another subject of gossip along the Rialto tonight was that William Faversham will soon wed Julie Opp, matinee idol and leading actress. Both recently acquired divorces and are free to marry again—in some states, at least.

### Gotham a City of Telephones.

According to the directory of the New York Telephone Company, just issued, there are more telephones in Greater New York than in country of Europe except Germany. There are 82,000 telephone stations in Manhattan and the Bronx. This is only part of Greater New York, leaving out Brooklyn and a large territory besides. Not only has New York more stations than any of the European cities, but it is even farther ahead of the most prominent American ones. The only places that in any way can compare with New York are Chicago and San Francisco. Chicago has about half of New York's total, while San Francisco, although she has but 20,000, has a greater proportion of telephones to users than any one city of the whole world.

### The Coach Lecturer Has Come.

New York has followed the lead of Washington and has a coach used entirely for sight-seeing, with a well-informed man, armed with a megaphone, to explain the points of interest. This is taking away the long-cherished privilege of the drivers of Fifth avenue stages, but must be regarded as a necessary step in twentieth century progress. It costs $1.50 to be taken around the city on the new coach, with the megaphoning "lecturer" talking all the while; but you see and hear a great deal for your dollar and a half. The first trip took place yesterday, starting from Herald square. As the coach turned into Fifth avenue the lecturer told his passengers (there were 13 of them) the name of the thoroughfare and then explained, not only who lived in the different houses, but gave a short outline of their family history as well. Here are a couple of specimen bricks: "The large white building on your left is the home of Mrs. William Astor, the leader of New York society. Her husband's great-grandfather came here to engage in the fur business some years ago, and owing to his shrewd business methods soon accumulated a fortune which has placed his descendants beyond the reach of want. Yonder is the home of Clarence Mackay, the telegraph man. His father was a miner, a successful one; his mother was a washerwoman, and is now the best-dressed woman in Paris. The son married a member of a poor, but antique New York family, one of the proudest of the proud." The coach goes to the parks, passes the prominent public buildings and gives the sight-seers a better view of the water front, with scraps of news about it, than many New Yorkers get in a lifetime's residence in the city. The idea is identical with that of the Washington trolley parties, which are lectured to by a megaphone man, and by means of which a stranger can get a better idea of the national capital than he could gain in any other way in the same time.

### Traps Set for the Hugger.

There is a "Jack the Hugger" operating in upper Harlem. The police are after him in a new way. Three policemen of fair complexion and of slim build are dressed in women's clothes and sent out to stroll about the district. If the "hugger" ever tackles one of them imagine his astonishment as the supposed young woman dusts him with a night stick and hauls him away to the police station.

### Pittsburghers Going Abroad.

Several distinguished Pittsburghers will be passengers on the American liner Philadelphia, which sails from this port tomorrow for Southampton. Among them are Senator William Flinn, Philip Flinn, Capt. Edward S. Wright and Mrs. Wright and Miss Alice Lothrop.

### Fred Follett Is Prosperous.

Frederick G. Follett, the well-known Pittsburgh theatrical man, is treasurer and assistant manager at the New Star theater in this city. He is now connected with a theater at Bath Beach for the summer. Mrs. Follett, who has been living in Pittsburgh for some time, joined him in New York a day or two ago.

### The Strollers' Busy Evening.

There were joyous times at the home of the Strollers' club this evening. The Strollers is the crack amateur dramatic association of Greater New York. The proceedings tonight began with a travesty entitled "Round Herald Square." The principal part was taken by Edward Fales Coward, who a few years was a prominent dramatic critic of this city but is now a Wall street broker. After the stage entertainment Mr. Coward presented cups and prizes to members entitled to them for supremacy in various contests throughout the season just passed. Then there was a ping-pong match. Before anything else was done there was a dinner with speeches and convivially generally. This dinner would be fun enough for one evening in many organizations; but the Strollers live the strenuous life, and dinner is only an incident with them.

### Russell Sage at Work Again.

Russell Sage was at his desk in Wall street today for the first time in three weeks. He looked well, and as soon as he got to the office plunged into work with his characteristic energy. Of course, there was a large stream of callers to congratulate him on his getting back to the street and to remark how well he appeared. Uncle Russell smiled in his own cheery way as he remarked that he was not quite himself, physically, but hoped to be very soon. He worked hard until early in the afternoon. Then he observed that it was a beautiful day, and he thought he would take a spin in the park behind his trotters. As there was no one to dispute the will of a man worth nearly $100,000,000, and 86 years of age, the motion carried forthwith. He went uptown in a public conveyance, but had his horses out as soon as he got there, and in the course of an hour from the time he left Wall street was whirling through Central park with Mrs. Sage, the jolliest-looking man of his years in Greater New York.

### Mayor Low on the New Bridge Tower.

Mayor Low made his way to the top of one of the towers of the new East river bridge today. He did not use an elevator either. He just walked up with several friends, including Gustave Lindenthal, bridge commissioner, and took a general view of all that had been done in the way of adding another big bridge to the means of crossing the East river. The mayor has a Panama hat of the prevailing mode, "woven under water," and he said that the only trepidation he experienced during the trip on the bridge was on account of this precious "lid." There was so much oil that he was afraid some of it would get on the hat; but it did not. Incidentally he found, from the general appearance of the work, that the bridge is sure to be ready for opening by October 1, 1903. The mayor said he had never had such a fine view of the city and harbor as he got when at the top of the bridge tower.

### A Luckless Section of the Subway.

Whether or not there is a "hoodoo" on section 4 of the rapid transit tunnel is a question which is discussed in all gravity. This section of the subway runs along Park avenue, and there have been more mishaps in it than along any other part of the big work. The serious accident to the contractor, Maj. Ira A. Shaler, this morning, is the latest of a series of disasters along this part of the subway which have cost several lives and many thousands of dollars. The dynamite explosion which wrecked the Murray Hill hotel and the Seventy-first regiment armory, with the burning of the Park Avenue hotel, were the worst happenings in this way; but there have been many minor accidents, and the workmen in the excavation have always been on the lookout for more trouble. There may not be anything in sheer ill luck, but section 4 seems to be under some kind of cloud, certainly.

### Better Facilities for the Co-Eds.

College education for women is an important thing in New York. Barnard college, the feminine part of Columbia university, is hardly large enough for the demands upon it, so it is to be improved forthwith. The first, second and third floors of the building are to be used as class rooms, offices and laboratories, instead of dormitories, as is the case at present. The changes will cost $9,500, but that is a small sum, considering the importance of Barnard in the eyes of its admirers, which means the whole city.

### New York Weather at Its Best.

This has been a splendid day in New York. After the stifling heat and the desperate rainstorms of the last week the change to cool, sunshiny conditions, wherein walking is a pleasure and automobiling ecstacy, has set everyone congratulating himself and his neighbor. It is conceded that such weather as we have had here today could not be improved on. In fact, some of the regular old-time, dyed-in-the-wool Manhattanners declare that such heavenly weather would be impossible in any city in the world except New York. GEORGE C. JENKS.

### Pittsburghers in New York.

## THE MAN UP A TREE

### From a High Viewpoint.

NEW JERSEY has a voiceless mosquito, but the stingless variety has not yet arrived.

If the United States be not so willing to buy those West Indian islands a year hence as it was a few weeks ago, Denmark will have only herself to blame.

There is probably no special significance in the fact that King Edward became ill after seeing Special Ambassador Reid in knickerbockers.

Men who are putting new breakfast foods on the market are not afraid that the no-breakfast fad will be adopted unanimously.

The English weather man was unkind to the royal cavalcade which journeyed to the Ascot races. Perhaps he is saving his choicest goods for the coronation.

New York city takes the soft coal smoke hard.

King Edward might write a magazine article on "Americans I Have Met." Those celebrities include John L. Sullivan and Tod Sloane, as well as later arrivals in London.

Boers who have not yet surrendered must be getting lonely.

It seems to be the opinion that the present location of the Western University of Pennsylvania is subject to change; but not, however, without notice.

Cubs has not yet chuckled over Senator Elkins' annexation joke.

### Her Guess at His Ailment.

"The English people are somewhat perturbed over the health of King Edward," remarked Mr. Hammersmith.

"I don't think they need be," commented Mrs. Hammersmith. "It's my opinion that there's nothing the matter with him except that his vaccination has begun to take."

### He's an Impostor.

The Baltimore American prints some verses, of which the following is the closing stanza:

Her ruby lips uplifted,
Like cherries on a bough;
I yielded to their lure—
And kissed her on the brow!

An alleged poet who can't do better than kiss a girl on her brow under such circumstances deserves to be sternly discouraged. He does not understand his business.

### His Mission in Europe.

"There seems to be some mystery connected with J. Pierpont Morgan's present trip to Europe," remarked Mr. Wood to Mr. Smithfield. "He's been in London two or three times, and then he has gone back to the continent. On one of his visits to England, you remember, he dined with King Edward.

"I know," replied Mr. Wood; "but I don't think there need be much mystification about Mr. Morgan's business in Europe."

"Don't you?"

"No; to my mind it's very simple. He is looking into the coronation details between periods of repose. If he likes the function he will buy the entire outfit and bring it to this country. I imagine it would be a taking spectacle, properly placed on the road."

POINT BREEZE.

### Too Quick for Jefferson.

From the New York Times.

Joseph Jefferson, asked by one of his little friends to hear him recite his lesson in ancient history, put this question:

"Who was Atlas?"

"A giant who was supposed to support the world," answered the child.

"Oh, he supported the world, did he?"

"Yes, sir."

"Well, who supported Atlas?"

The little fellow was nonplussed for a moment, but after a little thought said:

"I guess he must have married a rich wife."

## THE BAIT THROWERS.

The fish law restrictions against fishing in any of the tributaries of the Potomac river were by the law itself suspended yesterday, and anglers may now fish to their heart's content.—Cumberland News.

The water is now in good condition for fishing and quite a number of our piscatorial artists made a raid on the finny tribe last evening. Dean M. Bennett and Roy Painter caught a nice lot of eels. James Chatham, however, made the largest catch, it being a fine rainbow trout, length 23 inches, width five inches, weight five and a half pounds.—Lock Haven Democrat.

Dr. George A. Magee and N. Divvens have returned after a successful two weeks' fishing trip in the vicinity of Petersburg, Confluence and Nieger Mountain. Dr. Magee succeeded in catching the largest fish, a bass. The doctor says it weighed six pounds, but Divvens says it weighed only four. Divvens succeeded in winning a game of quoits from the champion of Petersburg, and he thinks this feat equals the doctor's big fish catch.—Uniontown Genius.

The law for game fish is now operative and many local fishermen will today be found at favorite spots along the Conococheeague angling for the gamy bass, etc. The prospects for large catches this season are not very encouraging as, it is thought, the high waters of the early spring washed many bass into the larger streams and on account of the 17-year locusts. These insects are very numerous along the stream and many of them drop into the water, making a very tempting and delicious food for the game fish.—Chambersburg Public Opinion.

### A LESSON FOR TWO.

One of the parish sent one morn—
A farmer kind and able—
A nice fat turkey, raised on corn,
To grace the pastor's table.

The farmer's lad went with the fowl,
And thus addressed the pastor:
"Blame me if I ain't tired! Here is
A gobbler from my master."

The pastor said: "Thou should'st not thus
Present the fowl to me;
Come take my chair, and for me act,
And I will act for thee."

The preacher's chair received the boy,
The fowl the pastor took
Went out with it, and then came in
With a pleasant smile and look:

And to his young pro tem., he said:
"Dear sir, my honored master
Presents this turkey, and his best
Respect to you, his pastor."

"Good!" said the boy. "Your master is
A gentleman and scholar!
My thanks to him, and for your self,
Here is a half a dollar."

The pastor felt around his mouth
A most peculiar twitching;
And to the gobbler holding fast,
He "baited" for the kitchen.

He gave the turkey to the cook.
And came back in a minute;
Then took the youngster's hand and left
A half a dollar in it.

## PERSONALS

The Association of Engineers and Transportation Men is at the Hotel Lincoln on a tour of inspection of the main line of the Pennsylvania railroad. The party consists of Joseph T. Richards, chief engineer of maintenance of way; Victor Weirman, superintendent of the Amboy division at Camden, N. J.; D. H. Lovell, superintendent of the Philadelphia Terminal, Philadelphia; C. T. Dabney, superintendent of the Buffalo & Allegheny Valley division, Oil City; S. C. Long, superintendent of the West Penn division, Pittsburgh, and E. F. Kenney, inspector of material at Philadelphia. Mr. Richards said: "The American people want to travel fast and the Pennsylvania railroad officials are arranging the road to give a high speed to its trains. As soon as the improvements now going on are completed the new special 20-hour trains will make much faster time. This has been the first inspection of the new tracks at Wilmore and Duncannon. The first train passed over the new tracks at Wilmore two days ago, and the first run will be made on Sunday over the new tracks at Duncannon."

---

"The oil fields of Russia are the largest in the world," said K. Plaiow, a representative of the Russian government, and a member of the Oil Producers' association of Russia, at the Hotel Griswold last night. "My visit to America was determined on by the minister of finance. I am here to inspect and study the system of refineries, tank ships, pipe lines and the new rotary drilling process in use in the Texas oil fields. I have just arrived in Pittsburgh from the Beaumont oil fields, and go to the West Virginia fields tomorrow. The oil fields of Baku appear to be inexhaustible. The Baku Oil company drilled in a well last December that gave a flow of 200,000 barrels for five days, and for the next 10 days the flow was 150,000 barrels a day. The well was put down with a 24-inch hole which has since been cased several times, the last casing being 14 inches. The production of the Russian field last year was 710,000,000 poods, a pood being equal to an eighth of a barrel. The Russian oil is heavier than Pennsylvania oil, and has about a 35 per cent illuminating power. It has no paraffine or sulphur, and is better than the Texas oil. It is mostly used for fuel."

---

The sixth annual meeting and banquet of the Veteran Employes' association of the Cleveland & Pittsburgh Railroad Company was held at the Hotel Anderson last night. Including the wives and members of the association 100 people were present. The association only includes trainmen who were on the road prior to 1870. A business meeting was held before the banquet and the following officers elected: Uriah Benning, Pittsburgh, president; Harry Flahaven, Pittsburgh, vice president, and Charles Bunce, Cleveland, secretary and treasurer. This morning the members of the association and their wives will be taken a trip up the Monongahela river, where they will visit some of the large industrial plants.

---

Final arrangements for the centennial celebration of the Plum Creek Presbyterian church tomorrow were made yesterday by the Rev. C. G. Hazlett, pastor of the church. Judge Samuel A. McClung is to make an address on "Plum Creek Fifty Years Ago" and J. McF. Carpenter will talk on "Reminiscences of My Boyhood on Plum Creek." Other addresses will be made by W. H. McClung, Col. Frank K. Patterson, F. W. Dewey, the Rev. Dr. Matthew B. Riddle, the Rev. John A. Marquis, the Rev. Dr. James D. Moffat and the Rev. Dr. James D. Moorehead.

---

David Llewellyn, general manager, and A. F. Bronson, treasurer of the Marietta (O.) Sheet & Tin Plate Company, are at the Hotel Henry. The plant was recently erected and will be put into operation on September 1. It will give employment to 300 men at the start. Mr. Llewellyn said: "Marietta is one of the best locations in the country for an industry such as we will start in September. There is plenty of coal and natural gas to be had at all times. We are now purchasing in this city an equipment of machinery for the plant."

---

Paul Bertin-Mourot, a tin plate manufacturer, and Gustave Berthoud of Paris, France, are at the Hotel Duquesne. They are making a tour of the country and yesterday visited Homestead.

---

The families of C. F. Kierschler and John McClurg of Allegheny avenue, Allegheny, went to Atlantic City last night, where they will occupy cottages for the remainder of the season.

---

D. Shanks and A. Ewen of Birmingham, Eng., are at the Hotel Henry.

### Neighbors Visiting Pittsburgh.

Among those at the hotels last night were the following people from nearby points:

Lincoln—William A. Cooper, Conshohocken, Pa.; Levi Smith, H. G. Eaton, Warren, Pa.; F. Dillman, Geneva, O.; W. E. Clark, Canton, O.

Anderson—Alexander McBain, East Liverpool, O.; R. M. McCreary, Wellsville, Pa.; J. B. Duffont, Washington, Pa.

### Some Record Runs.

From the Philadelphia Times.

The establishment by the Pennsylvania and New York Central railroads of the 24-hour New York to Chicago service puts in operation the fastest long-distance run in the world. Special trains have been run at high speed for this distance, but never has a regular service of the kind been attempted.

The Central's train must cover 580 miles to the Pennsylvania's 912, but the Hudson river ferry and the Alleghany mountains on the Pennsylvania's line tend to equalize the conditions. Both trains must average a trifle more than 45 miles an hour, a faster time for such a long distance than has ever been attempted.

So far the "Pennsylvania Special" has not equaled the world's one mile record which was made on a regular run on the New York Central May 10, 1893. The Central's train made one mile in 32 seconds. This is at the rate of 112.5 miles an hour. The best done so far by the "Pennsylvania Special" was a mile in 37 seconds, made between Corry and Duncannon.

From Wagon to Denver, a distance of 721 miles, a train on the Chicago, Burlington & Quincy road made the distance, on February 15, 1897, in 12 hours and 14 minutes actual running time. This was at the rate of 58.86 miles an hour. On the same day between Chicago and Denver, a distance of 1,025 miles, the same train made it in 17 hours and 27 minutes actual running time, nearly 59 miles an hour.

The record for the longest distance traveled is held by the Pennsylvania Central, Northwestern, Union Pacific and Canadian Pacific. The run was made from Jersey City to Ohiama, Col., in July, 1876, a distance of 3,311 miles. The running time for the trip was 83 hours and 45 minutes, including stops. This was at the rate of 39½ miles an hour.

In the present race the Central's train will have the advantage of the record-breaking roadbed over the Lake Shore & Michigan Southern. The distance is 510 miles, and on October 24, 1895, a special raced the distance, making four stops, in 7 hours and 50 minutes. This was at the rate of nearly 64 miles an hour.

## THE DEATH ROLL.

### John C. Stephenson.

John G. Stephenson, for many years a member of the Arbuthnot-Stephenson Company, and probably the oldest dry-goods merchant in this section, died yesterday morning at his home, No. 630 Morewood avenue, East End. About two years ago it was necessary for Mr. Stephenson to undergo an operation, and since that time he had been in failing health. For the last seven weeks he was unable to go to his office.

Mr. Stephenson was born in Dromore, County Down, Ireland, 68 years ago. When 3 years old he was brought

# GRAND FREE EXCURSION TO BUTLER

## SATURDAY, JUNE 21st.

***This busy, bustling city will double in population within the next 60 days. Every train out of Pittsburgh bears hundreds of mechanics and tradesmen, who are drawn to this prosperous town by the great industrial activity following the location of The Standard Steel Car Works, the greatest of its kind in the world. In the very heart of this prosperous city is located the***

# CAVANAGH PLAN OF 252 LOTS

Beautifully adapted to business and residence purposes. Within a block of the great Main street of Butler. 5,000 skilled mechanics, clerks, managers, men of muscle and men of brains will be looking for homes in Butler within the next sixty days. Today there is not a vacant house in Butler. In order to relieve the overcrowded condition of the city the great car company has already contracted for the erection of several hundred houses. Thousands will be required to meet the demand. ***The Greatest Opportunity Ever Offered Investors in Real Estate.***

Lots sold at this time are sure to double in value by September. Within a year the population of Butler will exceed 50,000 people. These lots are not isolated or in the suburbs, but lie in the very heart of Butler, and the adjoining property is all built up. West Wayne Street forming part of the plot will be the main thoroughfare between the Works and the City and will shortly be traversed by the Butler Street Car Lines.

This is no fake mushroom town, established in the stubblefields, such as has been the case heretofore.

***The plot is perfectly level and will require no grading. It is also sewered and like the balance of the City is perfectly drained. Pure Water, pure food, pure air, one of the healthiest and handsomest Cities in the State. The County Seat of Butler County.***

***Recognized as the wealthiest City of its size in the Country. Six Banks and Trust Companies, one of which has deposits of nearly two millions of dollars.***

Investors are not speculating over a prospective town; they are simply given the opportunity of sharing in the great benefits to be derived from the new conditions bound to follow in the wake of the great industrial excitement.

**Six Great Railroads Passing to and From Butler, Running North and South, East and West, Within an Hour's Ride of Pittsburgh.**

With her railroads and natural gas, coal and oil she is wonderfully adapted to industrial enterprises. The great car works will run night and day, summer and winter, as the demand for steel cars is so great that there will be no let up in the operation of the works.

In addition to this a large Car Wheel Works will be operated in connection with the Car Works. Before September the CAVANAGH PLAN OF LOTS will be dotted with business houses and handsome residences. Pittsburgh with her manifold industries is already overcrowded and these great plants must find a home where fuel and railroad facilities are ample. When the great heart of Pittsburgh beats her pulsations are felt in all her prosperous environs and all share equally in the prosperity that results from her industrial supremacy. Butler being blessed with six railroads is one of the most attractive points in the country to manufacturers. Here they are not as in many other places, at the mercy of one railroad. With six railroads there is a healthy competition that must result to their great advantage and there is no danger of freight congestion. With an abundant water supply, a natural and perfect drainage and exceptional wealth the future of this busy town is assured. Don't be a laggard. Get in line while you may. Buy while it is within your means to do so and don't wait until you reach that stage when you begin to mourn over lost opportunities. Don't be a follower. Get the cream. Wealth is always secured through foresight. You never made a dollar mourning over what you might have done. You all know the fellow who is always ready to tell you how he might have made a fortune "if" he had bought so and so. You are also familiar with the fellow who is always harping over "lucky" Smith; he haint got the brains of a chicken, but he bought a few lots and waited for the town to grow and was forced into a condition of affluence." The fellow who is always making these observations is generally standing about a corner waiting for some one to come along and offer him a controlling interest in a gold mine, or perhaps a drink.

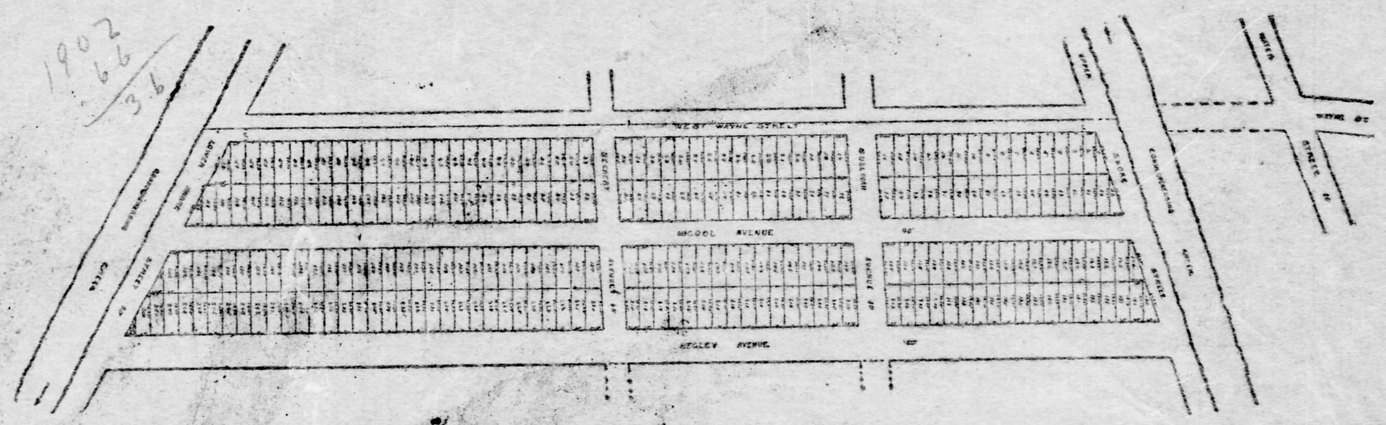
***"Buying Lots He'll Sure Deride It, When He Owns One He'll Divide It, With the Worms and Dwell Inside It."***

**Manufacturing Plants:**

Standard Steel Car Co.,
Standard Plate Glass Co.,
Oil Well Supply Mfg. Co.,
Egan Boiler Works,
Evans & Templeton Foundry and Machine Co.,
Butler Engine Works,
Butler Silk Mill,
and numerous others.

Another large Forge & Iron Works will shortly be located at Butler.

Alameda Park, connected with Butler by Street car service. One of the most beautiful parks in the country.



**Terms: $100.00 DOWN Balance $5.00 PER WEEK**

*OR A LIBERAL DISCOUNT WILL BE GIVEN FOR CASH.*

**NO TAXES OR INTEREST** UNTIL DEED IS DELIVERED. **THE TITLE** TO ALL LOTS SOLD ON THIS PLAN WILL BE GUARANTEED BY THE PUBLIC TRUST CO.

Railroad Fare will be paid to any one purchasing a lot, living at no greater distance than 100 miles from Butler.
Railroad Fare of any one attending this sale and purchasing a lot whether going on excursion or not will be paid.

REMARKABLY Choice Lots for Residence and Business will go in this great sale at $500.00 and up.

GRAND Free Excursion will leave P. & W. Station, Allegheny, on Saturday, June 21st, 1902, at 10 A. M. Full Particulars Later.

STORES of all kinds are wanted in this booming city to supply the wants of the thousands of new people locating there.

IF you never have purchased a lot before, now is your time. You will get double the price paid for it in less than sixty days.

[SPECIAL TELEGRAM TO THE GAZETTE.]

Worcester, Mass., June 17.—The Worcester Eastern league team won from the National league champions today in a game marked by heavy and timely hitting on the part of the locals. Chesbro started for Pittsburgh, but in the fourth inning, after nine safe hits, including two home runs and three doubles had resulted in seven runs, he retired in favor of Poole, who held the locals to five singles and one run in the remaining five innings.

Falkenburg, the pitcher recently secured from the University of Illinois by Worcester, was in the box for the locals and he kept the hits scattered, except in the sixth and eighth innings, when three hits in each resulted in a run in each inning. The batting honors were carried off by Merritt, who came to Worcester recently from Pittsburgh to pitch for the locals and who played center field today in the absence of Frisbie. The fielding honors were divided between Madison, a former Pittsburgh utility player, and Wagner.

Bransfield, whose home is in this city and who was formerly a member of the Worcester team, was presented with a valuable gold watch, chain and locket by his friends on his first appearance at bat. Worcester scored three runs in the first on a hit, an attempted sacrifice upon which Leach made an error, an out and a home run drive by Delehanty.

A double, a single and an error by Beaumont produced another in the third. Two doubles and a home run by Merritt gave three more in the fourth and caused Chesbro's retirement. Two hits, a sacrifice and an out gave the locals their last run in the sixth.

Hits by Clarke, Beaumont and Bransfield gave Pittsburgh a run in the sixth, and hits by Beaumont, Bransfield and Ritchey gave the champions their other in the eighth. Score:

### BEATEN BY BROWNS.

Altoona Team Pued Up All Kinds of Errors.

ALTOONA, PA., June 17.—(Special)—In a game filled with numerous errors by both teams and miserable fielding, the St. Louis National league club defeated the local nine here this afternoon by the score of 11 to 9. The home aggregation seemed to have the game won in the third inning with the score 6 to 3 in their favor, but for the remaining innings the Altoona fielders played listless ball and missed several vital flies, which turned the tide against them. Hartman, a former Altoona player, was given an ovation. Barclay, a recent Greensburg football player, disappointed the crowd by a stupid error. Donovan says he got the best treatment here ever given him in exhibition games since playing on the St. Louis team. Score:

### DRYDEN BLAMES DREYFUSS.

Barney Refused to Be Worked for a Panama.

"B. Dreyfuss is responsible for the Panama epidemic. He paid $18 each for 18 hats and lavished them upon his young men at a total cost of $324. All the Pirates look very nice except Tommy Leach.

"Owing to the smallness of his stature and the immensity of his hat, Tommy resembles a short-stemmed toadstool after a refreshing rain on a hot summer night. Hans Wagner also is a bird in his.

"On hearing of the generosity of Dreyfuss we cried our best to work him. We interviewed Barney about his magnificent ball team, took down 20 pages of notes while he was looking and shrieked with laughter when he made some humorous remarks on the American league.

"Ever and anon we removed our bum federal league hats and complained about how hot and headachy a black hat is in summer time, but Barney never tumbled. Some people are too thick, anyhow.

"Dreyfuss is one of them. He is thicker than the back of a Pullman car seat."—Charles Dryden.

### GUILTY OF CONTEMPT.

The Rule Against Lajoie and Bernhard Made Absolute.

PHILADELPHIA, June 17.—Judge Ralston in court of common pleas this afternoon made absolute the rules taken by John I. Rogers of the Philadelphia National league baseball club against Lajoie and Bernhard, to show cause why they should not be committed for contempt of court in disobeying the injunction issued by the court, restraining them from playing ball with other than the Philadelphia National league club.

Judge Ralston made no decision in the rule taken against Vice President Somers of the Cleveland club, saying the latter was not a party to the suit, and the judge must have some authority for issuing such an attachment. Mr. Rogers said he would furnish Judge Ralston with the necessary authority within a few days.

### MERCER'S CLEVER WORK.

Easily Shut His Old Washington Companions Out.

DETROIT, MICH., June 17.—Mercer's curves were a puzzle to the Washington team this afternoon and he was hit safely only three times, scoring the first shutout of the season at Bennett park. Only two Washington men—Ryan and Carey—reached third base. Both of them reached first on bases on balls. Detroit's run in the first inning was the result of singles by Holmes and Dillon. Elberfield's three-base hit, an error by Keister and two singles scored the three runs in the eighth. Score:

### ONE GOOD THING.

Lady Matchless Badly Upset the Talent at Harlem.

CHICAGO, June 17.—Pat. Dunne's Allan, ridden by Jockey Winkfield, won the Graduate stakes at Harlem this afternoon, beating out the heavily backed Watkins Overton by a length, with High Chancellor, the favorite, third. Lady Matchless completely upset the talent in the first race by winning easily with 20 to 1 against her and almost friendless. S. C. Hildreth's recent purchase, Topsoil, at 11 to 2, was second, and Flocaline, the heavily backed favorite, a distant third.

Ethel Wheat, heavily backed, won the fourth race handily from the two outsiders, Autolight and Hoodwink, with Alard, the favorite, fourth. Weather fine; track fast.

First race, five furlongs—Lady Matchless, 103, Homer, 20 to 1, won; Topsoil, 105, Coburn, 11 to 2, second; Flocaline, 104, Dean, 7 to 5, third. Time, 1:01 3-5. Florestan, King Bodo, Vestia, Frances Porter, Lampoon, Clarissa Belle, Amarie and Mauser ran.

Second race, mile—Scarlet Lily, 105, B. Sullivan, 6 to 5, won; Bragg, 95, W. Knapp, 9 to 10 second; Jaubert, 96, Dean, 7 to 5, third. Time, 1:42 3-5. Prairie Dog and Lady Vassar ran.

Third race, Graduate stakes, $1,500 added, five furlongs—Allan, 115, Winkfield, 5 to 1, won; Watkins Overton, 108, Coburn, 4 to 1, second; High Chancellor, 118, Conley, 2 to 1, third. Time, 1:01. Steel Winder, King Hamnor, Bob McLean, Lady Wander, The Don, Pom Pom and Ontonagon ran.

Fourth race, miles—Ethel Wheat, 96, Dean, 9 to 2, won; Autolight, 108, Knight, 8 to 1, second; Hoodwink, 97, Winkfield, 10 to 1, third. Time, 1:44 1-5. Alard, Dr. Stephens, Boney Boy and Flying Torpedo ran.

Fifth race, six furlongs—Burnie Bunton, 109, Winkfield, 4 to 5, won; Confalon, 114, Coburn, 5 to 1, second; Sea Maid, 106, J. Matthews, 10 to 1, third. Time, 1:14. Alline Abbott, Lady Bird, The Cedars and Botany ran.

Sixth race, mile and an eighth—Cherished, 103, Lyne, 2 to 1, won; John McCurdy, 109, A. Jackson, 10 to 1, second; Passelas, 110, Knight, 5 to 1, third. Time, 1:55. Ben Chance, Greyfelo, Prairie Dog and Dandoin ran.

Seventh race, mile and an eighth—Banish, 106, Sheehan, 2 to 1, won; Star Cotton, 104, Nutt, 4 to 1, second; Hub Prather, 99, Wright, 3 to 1, third. Time, 1:56 4-5. Fox Hurd and Tyrshona ran.

Following are Harlem entries for tomorrow:

First race, four and one-half furlongs—Sigmund, 111; Alice Cary, Pluck, Dick Welles, 108; Mirance, Pitty Deck, 105; Americano, Will Sidby, 99; Mrs. Wiggs, Tabelladine, Lady Jocelyn, Dundees Pet, V. Corsica, Effie S., 99.

Second race, six furlongs—Carl Kahler, 109; Winter, L'Extreme, 107; King Barleycorn, Pat Morrissey, 105; Baird Burns, Corvus, Boomerack, 104; Stratton II, 103; Tootsie Green, Master Mariner, 101; Reina de Cuba, Lady Idris, 98; Cuban Girl, 95.

## STATE NORMAL TEAM SCORED NEAT VICTORY

Defeated Pittsburgh College in a Game That Was Full of Pretty Plays.

GAPEN SHOWED BAD FORM

Started in With a Sore Finger and Was Pounded Out of the Box. Henderson Pitched a Strong Game for the Normal Team.

A close and exciting game at California, Pa., yesterday afternoon resulted in a victory for the Normal school over Pittsburgh college. Gapen went on the rubber with an injured finger, and was hit hard for a total of 14 bases. Kilgallen, who relieved him, kept the Normals from further scoring and allowed only three singles. G. Llewellyn, Cree and Welty handled the stick most effectively. The score:

### LOST IN THE EIGHTH.

Mt. Pleasant's Team Went to Pieces and Dawson Won.

MOUNT PLEASANT, PA., June 7.—(Special.)—The Dawson baseball team came here today with players from Connellsville, Scottdale and Dawson, and after an interesting game won out by a score of 11 to 10. The game was a hard one for the locals to lose for they had the game won until the eighth inning, when nine runs crossed the plate, due to costly errors on the part of Mount Pleasant players. Gifford, the local's pitcher, held the visitors down with four scratch singles, but his support was wretched. The playing of Sterritt, the Scottdale shortstop and Gifford's drive for three bases, with the bases occupied, were the features of the game. Score:

**Meyersdale Will Have Races.**

MEYERSDALE, PA., June 17.—(Special.)—At a meeting of the Meyersdale Fair association, C. W. Thompson was elected secretary and A. M. Johnson president, temporarily, in the absence of S. A. Kendall. Arrangements for the events on the Fourth of July were completed. The following are the purses for the several entries: 2:30 class, $150; 3-mile, $100; free-for-all, $150; running race, $75. There will also be a ball game between Meyersdale and Niverton teams.

## LOCAL CHAMPION CANNOT COMPETE

MISS M'ATEER UNABLE TO PLAY FOR NATIONAL TENNIS HONORS.

Goes to Boston to Pursue Studies—The Ex-Champion of United States Will Defend Her Western State's Honors in Both Doubles and Singles.

Pittsburgh's premier representative on the tennis court, Miss Myrtle McAteer, ex-champion of the United States in women's singles, holder of the western states championship and share holder in both western and national double honors for women, will be prevented from competing in the national events at Philadelphia next week.

Miss McAteer, who was the sensation of the tennis world two seasons ago, had announced her intention of making every effort this season to regain her lost title, but recently determined to take up the study of physical culture and music at Harvard university, and this will prevent her competing in the national events to be held at Philadelphia, commencing Tuesday.

Miss McAteer, however, announces her intention of defending her title of western women's champion in the Chicago tournament in September and confidently expects to retain both the double and single honors. Miss McAteer won honors throughout the country two years ago and was supreme among women tennis players. Last season she went to Philadelphia handicapped by having had hardly any practice here, owing to wet weather, and lost as much through overconfidence as anything else to Miss Moore of Brooklyn.

With Miss Atkinson of Brooklyn Miss McAteer at present holds the double championship for women, but will be unable to defend it at Philadelphia next week. Miss Miss Klosterman of Cincinnati she holds the western double honors and owns the handsome single championship cup which she won twice by playing throughout the tournament two years ago and successfully defended last year. She will compete for a new trophy this season, which must also be won twice.

Miss McAteer will leave shortly for Boston and expects to have plenty of tennis practice and to be in good shape for the western play.

A new element in local tennis is the British Westinghouse club, which has leased the old grounds of the D. C. & A. C., corner of North and Hay streets, Wilkinsburg. The club has three double courts and is holding a tournament this week. The officers are E. M. Olin, president; C. E. Downton, secretary, and L. A. Osborne, treasurer. The club will challenge several of the local clubs to dual tournaments.

## BOY GOLFER SHOWS STRONG MATCH FORM

David Hays, 16 Years Old, Among Sewickley Winners—Allegheny Plays Westmoreland Today.

The progress of the handicap match play tournament on the Edgeworth course, Sewickley, is as follows up to date:

June 16—C. R. McVay, Jr., 7 strokes handicap, defeated the Hon. Ellis Rogers, (7) 2 up. G. E. McCague (9) up on W. N. Kerr 7 up.

June 17—McVay 7 up and 6 to play over McCague.

June 16—F. M. Hutchinson (7) 3 up 1 to play, 27 holes on J. C. White. David Hays (7) 5 up and 2 on J. S. George (11).

June 17—Hays 6 up and 4 to play over Hutchinson.

June 16—R. O. Robinson (9) 3 up and 2 on F. H. Lloyd. Christy Payne (9) 8 up and 7 on C. D'L. (11).

June 17—Robinson 4 up and 2 to play over Payne.

June 16—F. E. Ewart (11) 1 up on F. F. Brooks (11). S. S. Liggett (7) 1 up on W. P. McVay (9).

June 17—Liggett 2 up and 1 to play over Ewart.

The feature of yesterday's play was the victory for David Hays, a 16-year-old youth, over Hutchinson, each having same handicap. McVay played strong golf, having 46 for first nine holes, and 10 for the three holes of second round. McVay meets Hays and Robinson, Leggett Wolfe.

The crack Allegheny Country club team will play its third match of the season today, meeting the Westmoreland Country club on the Sewickley course. This will offer the first occasion for a visiting team to test the strength of the nine-hole course, one of the best in the country. Allegheny has defeated Edgeworth 18 to 0 and Pittsburgh 17 to 5, this season, while Westmoreland has lost to Highland 53 to 5; to Pittsburgh, 16 to 8, and the Edgewood 22 to 2. The Westmoreland team will be changed for today's match which will present the following make-up of teams:

| Allegheny. | Westmoreland. |
|---|---|
| E. M. Byers | J. O'H. Denny |

On the Country club's course in the Twenty-second ward the first event ever held for women will be decided in an 18-hole handicap event, for a cup offered by J. McClurg Hays. The course, a nine-hole one of 2,493 yards, was first opened to competition last Saturday. The final 18-hole round for the president's cup, offered by A. M. Jenkinson, will be played Saturday, the lowest net score for 36 holes winning the trophy.

The first day's contest for the cup presented by Capt. Louis T. Brown, will also be played Saturday under the following conditions: Eighteen-hole medal play under assumed handicaps. First place in each day's contest counts 5. Second place in each day's contest counts 2. Third place in each day's contest counts 1. Cup to become property of member scoring a total of six points. In case of tie, each player scores. Subsequent events for this cup will be announced later. Refreshments will be served at No. 9 green, from 2 o'clock until 5. Scores may be made morning or afternoon.

## AN OUT-OF-TOWN ENTRY.

There Will Be Plenty of Athletes at Schenley Meet.

The first out-of-town entry for the athletic games of the president's meet at Schenley park, July 4, was received last night. It came from J. W. Meister of Altoona, who will compete for honor and diamonds in the 100-yard dash, and in the 220-yard event.

The fact that all the nearby towns are helping Pittsburgh with the celebration and have abandoned their local events, will make the 1902 meet one of the best on record. There will be no other games of importance in this part of the country on the Fourth, and most of the athletes will come here.

## COLLEGE CREWS DO LIVELY WORK IN HARD TRIALS

All Eights Were Sent From Two to Four Miles at Poughkeepsie.

THE COACHES ARE SILENT

They Have Refused to Discuss the Work of Their Men, but Seem Pleased With the Results of Training—Columbia's Crew Shaken Up.

[SPECIAL TELEGRAM TO THE GAZETTE.]

Poughkeepsie, N. Y., June 17.—Weather conditions that were almost ideal for rowing afforded the college crews an excellent opportunity for hard work this afternoon, and they all took advantage of it with avidity. The eights of Georgetown, Cornell, Columbia, Pennsylvania and Wisconsin all had hard trials of from two to four miles, but in every instance the coaches maintained a discreet silence as to the work of their men.

Columbia again proved the center of interest in the developments of the day. The most sensational thing Edward Hanlan did was to remove A. C. Scott from the captaincy of the Morningside freshmen eight for disobedience to his orders. This morning Columbia's coach told Scott not to venture over half a mile from the boathouse. Scott, on the contrary, went two miles and nearly swamped the boat. Hanlan then appointed R. M. Wheeler in Scott's place. Because R. S. Pierpont, the Columbia's freshman stroke, was becoming too thin and receding in his physical condition he was given a rest today and Scott went to stroke. Lainent, a substitute, was put at Scott's usual seat, and Atkins went to bow in place of Hubbard, who, ill with appendicitis, was taken to New York today.

Wisconsin crews went out this evening. The 'varsity rowed eight miles, going up and down the course, and the freshmen rowed six miles. The stroke was slow and much time was given by Andrew O'Dea to personal coaching. Hanlan, who saw Wisconsin row, said he thought the crew stronger than last year.

Courtney was satisfied to give his crews an easy time, and that many have confidence in his methods is proved by the fact that odds of 3 to 1 have already been offered on Cornell to win against the field.

Pennsylvania Coach Ellis Ward sent the Quaker 'varsity over the four-mile course, the other two crews half the distance. Ward paid great attention to form and took no time. He did not follow the crew all the way, but used his launch to watch the work of the other college crews.

## YALE AND HARVARD.

Blue and Crimson Crews Had Rough Seas On Which to Do Practice Spins.

GALES FERRY, CONN., June 17.—Rough seas again knocked out Yale plans for time rows today. The 'varsity eight set out with good intentions and had covered nearly three miles when the shell shipped water till it nearly sank. It was stopped, the crew taken into the launch and the boat bailed out before it could be towed back. None of the other crews attempted any time rowing today. Capt. Hinks said this evening: "We plan to do plenty of work this week, and spend most in letting it and doing nothing but practice a few racing starts."

Harvard's oarsmen breasted the gale this evening for short time rows, although this morning the winds were so high that not one of the three crews struck an oar into the river. Coach Blake took his freshmen eight for a two-mile spin this evening through heavy seas. They covered the half in two minutes five seconds, the mile in six minutes ten seconds and the two miles in 13 minutes 40 seconds. The changes made yesterday in the 'varsity eight were reversed today, McGrew going back to stroke and James to bow. Head Coach Higginson said: "The changes were only temporary. McGrew was taken out because he was not feeling well."

Capt. Tew of the Harvard freshmen was not feeling well again today and Ober took his place at No. 2. The tent in which the Harvard oarsmen take their exsminations was torn up by the gale today.

On July 5 will probably play the Kingsleys and on July 12 the Harvards. Want a game for the Brushton school picnic at Kenaywood park June 26. Telephone 1704 East, on Bell, or address G. W. Feely, 7128 Bennett street, Pittsburgh, Pa.

### WON ON A FOUL.

Walthour's Pacemakers Crowded Albert Champion.

BOSTON, June 17.—Albert Champion was given his race with Bobby Walthour at the Revere track this afternoon, on a foul based on the action of Walthour's pacemakers, in crowding the Frenchman so that he lost his pace. The race, for 25 miles, moter-paced, was started under a protest against Walthour's motors. Walthour caught Champion in the second mile and passed him in the 12th mile by crowding. After that Walthour gained rapidly and finished 12 laps to the good. The time was 38:04 2-5.

In the 25-mile motor-paced race at Charles River park this afternoon Harry Elkes had a walkover, finishing ahead of the second man, Will Stinson, by fully a mile and a half, while Hugh McLean was three miles in the rear. The race was decidedly a poor one. The time was 38:15 3-5.

**Chief Lampert Heard From.**

Chief of Police W. A. Lampert of McKees Rocks, who went away several days ago, has been heard from. He writes that he will not return as McKees Rocks is "too tough" for him. Lampert came to McKees Rocks about a year ago as barkeeper for Harry Rupp. When Rupp was elected president of councils he appointed Lampert chief of police. Members of the police force refused to serve under him because of their regard for Samuel Davis, who was deposed to make room for him.

**Insane Man At Large.**

Golden Ingersoll, an inmate of the insane department of the Allegheny City Home, escaped from that institution yesterday. He was considered a "mild" patient and was working in a field near the home when he escaped. His family live on Monterey street, Allegheny. He is five feet eight inches tall and, of slight build, has red hair and a smooth face.

**Child Abandoned in Highland.**

An unknown woman left an infant about two months old in the toilet room at Highland park yesterday afternoon. Some time afterward the cries of the child attracted attention. It was taken to the Rosalia foundling asylum.

## DEATH WATCH FOR DAVIS AND TAYLOR

THEY WILL BE HANGED WITH ROPES SECURED FOR BIDDLES.

Both Have Received the Sacrament of Immersion and Are Resigned to Their Fate—The Scaffold Will Be Erected Friday Morning.

The death watch was placed on Charles Davis and William Taylor, the condemned negroes in the Allegheny county jail, last night. From this time until they are executed they will be constantly watched by the guards. On Friday the gallows will be erected by John Robinson in the jail yard, in the rear of the institution. Taylor will be executed on Tuesday and Davis will walk to the gallows on Thursday. These men will be hanged with the ropes that were secured to execute the Biddle brothers.

Two men will be stationed in front of the cells of the condemned men in murderers' row. They will watch in relays during the night. In the day the men will be watched by one man. He will be stationed in front of their cells for five hours at a time.

Taylor will be permitted to exercise until Sunday night. After that time he will be placed in another cell and be shut up there until he is called to pay the penalty of his crime, between sunrise and 10 o'clock Tuesday morning. Davis will be permitted to exercise until Tuesday night. After that time he will be compelled to remain in his cell until he walks to the gallows.

Friday morning John Robinson, the jail carpenter, will erect the gallows upon which the men will be executed. This structure is connected by pins and can be erected without making any noise in the course of its erection. There have been 14 men executed on this gallows.

Taylor is to be executed for shooting and killing William Sewell in August last. They were standing in a Penn avenue saloon and had some words. Taylor drew a revolver and pulling Sewell toward him shot him three times in the abdomen. Davis is paying the penalty of death for killing his wife. He shot her last October in a fit of rage.

Taylor will be dropped 20 inches from the gallows and Davis will fall 18 inches. This is regulated by the height and weight of the men. The difference between eight feet and their height is the space in which they are usually dropped from the scaffold.

**Opposition to a Principal.**

When the school directors of the Morse sub-district school met last night it was found there would be a contest over the selection of a principal, and the matter was held over until the next meeting. Miss M. E. Young is the present principal. The old corps of teachers was re-elected. Esther Sheets was chosen as an additional teacher.

**Commencement at Millvale.**

The commencement exercises of the Millvale high school were held last night. The graduates were Flora E. Davis, Anna Weber, Elizabeth Schurr, Katherine Popp, Henrietta Bennett, Beatrice Mamaux, Katherine Beale, Lotta Fingal and Oscar Ballentine.

**Keep Your Insides Cool!**

Here's a man who thinks he has heart disease, and is scared half to death. His face is all drawn out of shape from fear and agony. Every time he eats, his heart "palpitates"—that simply means that his stomach is swelled up with gases from fermenting undigested food, and his heart thumps against his diaphragm. Nothing the matter with his heart. In the summer time, this gas distention is much worse, his whole body and blood get over-heated, and his heart and lungs get so crowded for room, that he gasps for breath. There he is, look at him! Every minute he expects to drop dead. As a matter of fact, all he needs is to stop that souring and gas forming in his stomach and bowels, help his digestion along, and keep cool inside. You all know that whenever something rots or decays, heat develops. Same in the body. Keep cool inside! Take a candy cathartic CASCARET every night at bed-time. It will work while you sleep, clean up and cool your insides, give you a regular, comfortable movement in the morning, and you'll be feeling fine all day every day. Heart Disease! Fudge!

**PIMPLY, BLOTCHED SKIN IS A TERRIBLE AFFLICTION—ZEMA-CURA WILL CURE YOU.**

Everybody instinctively turns his head away from a person with a pimply, rough, disfigured skin, and such an affliction is a source of constant shame and torture to the sufferer. If your face has red pimples, blackheads, eruptions, or if your nose or lips or cheeks are red, or if the skin or any part of the limbs or body is irritated or itching, or warm and cold by spells, or dry and harsh, do not delay proper treatment. Delay means pain and annoyance and often even more serious skin disease. The loathsome pimples or tiny eruptions may develop into something very serious or even fatal—or, at best, these pimples may disappear and leave in their stead scars that will last a lifetime. ZEMA-CURA will bring you prompt relief and permanent cure, and will give you new skin as clear, bright, clean and attractive as any skin you ever saw. There is no guesswork about this. Zema-Cura has cured thousands of cases where everything else has failed.

"Dr. Harris:—I have tried many so-called cures for Eczema, and desire to state voluntarily that your Zema-Cura is all that you claim for it. I have been troubled for several years with Eczema on my face and scalp, and by constant use of your Zema-Cura for five weeks the eruption has entirely disappeared, and has left both my face and scalp in a healthy condition, and can cheerfully testify as to its merits. It is certainly a Godsend."—A. J. CAKAWAY, Sherwood, Texas.

ZEMA-CURA is a liquid, applied externally. It has none of the disagreeable features of a salve or ointment. It is the only CURE of skin diseases yet discovered. Zema-Cura will positively cure Eczema, Acne, Heat, Herpes, Lupus, Erysipelas, Urticaria (Nettle Rash), Barber's Itch, Mosquito Bites, Blackheads, Pimples and Blotches on the face, Hives, Burns, Cuts, or any itching condition of the skin or scalp. All druggists sell it. 50 cents and $1.00.

Remember! ZEMA-CURA is not one of the many "patent medicines" of the day. It is a doctor's prescription—a scientific compound that has been used for years by its discoverer, Dr. Harris, in daily practice. It has restored thousands of sufferers from torturing skin diseases to perfect health. If you will write to-day Dr. Harris will advise you fully and carefully regarding your case, and charge you absolutely nothing.

Address: Dr. M. M. HARRIS, The Zema-Cura Co., No. 3 West 22nd Street, New York City.

During the treatment of all skin diseases with ZEMA-CURA, externally, U-AH-MA, Dr. Harris' Blood Purifier, taken internally, will be found of great benefit. By acting on the excretory glands U-AH-MA eliminates the poison virus, and hastens and completes the cure. $1.00. Druggists, or express prepaid.

# LESLIE'S HEAD IS DEMANDED BY INVESTIGATORS

## Demand Based on Refusal to Testify Anent the "Yellow Book."

## ARE AFTER M'ALEESE, TOO

### In Case Recorder Brown Refuses to Act in the Matter, Legal Proceedings Will Be Had—Policemen Give More Interesting Testimony.

If Recorder J. O. Brown does not remove Director A. H. Leslie of the department of public safety within a reasonable time legal steps will be taken in the courts of Allegheny county to remove both the director and Supt. John McAleese of the bureau of police. The Citizens party leaders have decided upon this action. The "yellow book" investigating committee yesterday adopted a resolution calling upon the city recorder to remove Director Leslie for violating Article II., section 3, of the city charter. This violation of the charter consisted in refusing information to the "yellow book" investigating committee.

The resolution tells its own story and is as follows:

Whereas, The joint standing committee known as the committee on public safety, by resolution, appointed a sub-committee to inquire into the affairs of the department of public safety in so far as they related to the levying and collection of assessments in the police department for the purpose of defraying campaign expenses, and

Whereas, Various meetings have been held by said sub-committee in which the testimony of certain sergeants, captains and patrolmen has been taken; at which meeting Director A. H. Leslie of the department of public safety, has attended and aided in the examination of witnesses, and

Whereas, the said A. H. Leslie refused to give such information at the time required by said committee, and in so refusing he violated that part of the act of assembly, passed March 7, 1901, in which it provides under Article II, section 3, 'Each department shall furnish to the city recorder or councils or either branch of councils, such information as he or they may at any time demand in relation to its affairs.'

Now, Be it resolved, That on account of the refusal of the said A. H. Leslie to give information to this committee regarding the affairs of his office, the city recorder be and is hereby requested to immediately remove the said A. H. Leslie from office and appoint a capable director in his place.

**Prompt Action Is Demanded.**

Immediately upon the reading of the resolution Mr. Lanier moved that it be adopted at once and then referred to the committee on public safety, with the request that that committee meet at once and consider the resolution with a view to its adoption and transmission to Recorder Brown, with a further request for immediate action. This motion prevailed and Chairman George S. Fleming of the committee on public safety will call a meeting at once.

Recorder Brown was told of the action of the committee and the purport of the resolution. "I will not say anything about the action of the committee until I see the resolution and it comes to me for action. Allegheny is doing plenty of ripping just now and we all ought to be satisfied with that," said the recorder, with a smile.

It is not the intention of the Citizens party leaders to allow Recorder Brown any considerable length of time to act. After the transmission of the resolution to him he will be expected to act promptly. Meanwhile papers for the beginning of action in the courts will be prepared and they will be ready for filing the day that Recorder Brown makes his expected refusal to act known.

**Violation of the Charter.**

The portion of the charter which is violated, as stated in the resolution, is Article II., section 3, which read as follows:

Each department shall furnish to the city recorder or councils, or either branch of councils, such information as he or they may at any time demand in relation to its affairs.

Director Leslie was asked last Friday to appear before the "yellow book" committee as a witness. He refused, taking refuge in the criminal axiom that no person can be compelled to give testimony that will incriminate himself.

Director Leslie was not present at the meeting of the committee yesterday, as he is in Minneapolis, Minn. The machine was not represented when Chairman Harry A. Lamb called the committee to order, but W. J. Zahniser, the machine member who has been cross-examining witnesses, came in a few minutes later. A number of patrolmen and the wagonman were sworn. The testimony adduced yesterday was sufficient to show conclusively that Superintendent John McAleese compelled the patrolman to sign the "yellow book."

John McRoberts, wagonman at No. 1 station, told the committee that he was told by Inspector Fred Wills that he "must" sign the "yellow book." McRoberts said he signed the book because he was compelled to and that he was convinced he would lose his place if he did not do so. "I never signed the book nor paid the money voluntarily," said McRoberts, "and I do not know of any other man on the police force who signed voluntarily."

**How McAleese Warned the Men.**

Frank Wichman, patrolman from No. 4 station, and Benjamin Rosenblatt, patrolman from No. 1 station, gave substantially the same testimony as McRoberts; all admitted that they signed the book because superior officers told them to do so.

Edward Frowney, patrolman, No. 1 station, said he signed the book on May 21, the day Superintendent McAleese called the men into his office and told them to sign. Twenty patrolmen signed the book that day. According to Frowney, McAleese said: "You men are standing in your own light if you do not sign this book. I do not care what happens to me: I have a farm I can go to, if I were thrown out of this place tomorrow morning. Some of you men are not so well situated and you should be careful." Superintendent McAleese is well on the way to realize his ambition concerning retirement to his Lawrence county farm. Frowney said he signed to pay $9 and paid the money to Sergeant W. J. Wallace.

Michael Flinn, patrolman, No. 1 station, signed the book on May 21, after McAleese told him to and he reiterated the superintendent's statement about the Lawrence county farm.

Michael Riley, patrolman, No. 1 station, signed the book the day the others did. According to him, McAleese said: "I know of men in this city who would give $100 for police jobs such as you men have."

Martin Reynolds, patrolman, No. 1 station, signed the book the same day and paid his money to Sergeant Wallace. He corroborated the statements of the others concerning the remarks McAleese made to the men.

The committee adjourned to meet Thursday afternoon at 2 o'clock.

## SMASHED POOL TABLES BECAUSE HER HUSBAND DESERTED HER

Mrs. B. L. Wills of No. 27 Ross street took a screw driver yesterday and ripped the cloth off three pool tables at No. 520 Third avenue and then with a hatchet chopped the tables full of holes. Officer John Meighan arrested her and sent her to Central police station, where a charge of disorderly conduct was entered against her. She left a deposit for her appearance this morning. While at the station she said she had paid for the tables and owned them and she thought she could do as she pleased with her own property. She looked quite picturesque in a large black picture hat trimmed with yellow daisies, a brocade silk dress and a pretty pink silk waist.

When asked why she behaved as she did she said she had set her husband up in the pool business some weeks ago and paid for the tables with her own money, and that he skipped to Johnstown on Monday with another woman. She was perfectly sober at the time and said she knew what she was about. Mrs. Wills is a pretty woman, 25 years old.

THE wedding of Miss Margaretta McDowell Patterson, daughter of John Mitchell Patterson of Rippey street, East End, and Ludius Chipman Fuller of Chicago, next Tuesday evening, June 24, in the East Liberty Presbyterian church, will be preceded by a continuous round of gaiety for members of the bridal party.

Three of the out-of-town girls who will be members of the bridal party are to arrive in Pittsburgh tomorrow and will be guests at the Patterson home. They are Miss Whitehead of Chicago, Miss Farrel of Ansonia, Conn., and Miss Holliday of Indianapolis. There are to be five maids and as many men. Mr. and Mrs. Douglass Fiske of Indianapolis and their children are guests of Mrs. James L. Buchanan. Mrs. Fiske is a niece of Mrs. Buchanan and has come on for the wedding.

The festivities for the bride-elect and bridesmaids will begin on Thursday with a large luncheon which Mrs. George Waters will give at her home in Bellefield. On Friday afternoon Mrs. James McFarland will give a luncheon at the Country club, which will be small, only a few girls being asked in addition to Miss Patterson and her maids, as Mrs. McFarland is in mourning. Mrs. James L. Buchanan will be hostess at an informal afternoon tea on Saturday in honor of her niece, the bride-elect, and Saturday evening Miss Grace Taylor, will give a dinner for the entire bridal party at her home in Hays street. On Monday morning Mrs. James L. Buchanan will give a breakfast and tally-ho party for the maids and men, which will be followed in the evening by the wedding rehearsal in the East Liberty church.

Mr. Fuller is the son of Charles H. Fuller of Chicago, and most of the men in the wedding party will be strangers in Pittsburgh. They will arrive on Saturday and will stay at the Hotel Schenley.

**Suburban Lawn Fetes.**

A number of suburban lawn fetes took place yesterday afternoon and evening. In Bellevue the Young People's Christian Endeavor society of the Christian church, of which the pastor is the Rev. J. H. Craig, held its annual lawn fete in the church grounds in Lincoln avenue. The chairmen of the various committees were Mrs. W. F. Church, general chairman; Mrs. Osborne, Miss Williams, Miss Lottie Mischbaugh, Miss Minnie Wommer, Mrs. Walker, Mr. Thompson, Miss Mabel Mischbaugh, Miss Finney Graham, Mrs. O. D. Forney, Harry Spangler, Clark Farr and Harry Graham.

The Willing Workers of the Bellevue Methodist Episcopal church, pastor the Rev. M. M. Sweeny, also gave a lawn fete and strawberry festival in the church grounds in Lincoln and Home avenues. Mrs. T. F. Wilkinson was the general chairman, and was assisted by Miss Kate Dawson, Mrs. William Coyle, Mrs. S. K. Steck, William Bragdon, Samuel Diffenderfer, Mrs. H. G. Este, Miss D. S. Tiley, Miss Alice Rodgers and Miss Agnes Bragdon, as chairmen of the various committees.

The Hawthorne Avenue Presbyterian church, Crafton, of which the Rev. W. S. Bartz is pastor, gave a lawn fete on the grounds surrounding the residence of Mrs. Jane Bankstone, in Division street, during the afternoon and evening.

In Sheraden, the Sheraden branch of the Women's Christian Temperance union gave its annual lawn party on the post-office lawn, the affair being in charge of Mrs. Cochran, Mrs. Kestner, Mrs. Northrop, Mrs. Shaddie, Miss Henderson and Miss Wood.

**Lyon-Summers.**

In the Emory Methodist Episcopal church last evening at 8 o'clock the wedding of Miss Blanche Estelle Lyon, daughter of Mrs. Mary J. Lyon of Simon boulevard, and Harry Roy Summers took place. The ceremony was performed by the pastor of the church, the Rev. Arthur D. Mink. It was a pink and white wedding. The bride was attended by a maid of honor, Miss Mary Evans. Miss Leah Summers, a sister of the bridegroom, and Miss Anna Grace Lyon, sister of the bride, were the bridesmaids. Curtis H. Allison was the best man, and the four ushers were T. Percy Calhoun, Vinton Boyd, Blair F. Davis and Oscar Lepper. The bride wore a wedding gown of white silk and mousseline and the bridesmaids wore white organdie over pink silk. The wedding was followed by a reception at the home of the bride's mother.

**A New Castle Girl Will Wed.**

Invitations have just been issued by Lewis S. Hoyt of New Castle, Pa., a prominent oil operator, for the approaching marriage of his youngest daughter, Miss Emma Huanna List Hoyt, to Frank Carnie Noyes of Napa, Cal., which will be solemnized at 5 o'clock in the afternoon of Monday, June 30, at the Hoyt residence in North Jefferson street. Rev. Dr. H. S. Jordan, pastor of the First Presbyterian church, will officiate and the ceremony will be witnessed only by intimate friends. A wedding reception will be held at the Hoyt residence from 7 to 8:30 o'clock, for which 900 invitations have been issued. The bride and groom will leave in the evening for California, where Mr. Noyes is engaged in banking. The bride is a graduate of Wilson college at Chambersburg, Pa., and has traveled extensively in Europe.

**Young—Goss.**

NEW HAVEN, CONN., June 17.—(Special.)—Miss Ella Shepardson Young and John P. Goss were married this afternoon at the Anchorage, the beautiful summer home of the bride's parents, Mr. and Mrs. Alden M. Young of New York city, and Pine Orchard, Conn. Mr. Young is well-known in street railway interests. The bride was attended by her sister, Miss Lucy Young. Alexander Campbell of Norwich, Conn., was best man. The bridesmaids were Miss Edith Wayne of Armonk, N. Y.; Miss Augusta Smith of New York city; Miss Elizabeth Davis, Davis, W. Va.; Miss Edith Arundel, Pittsburgh; Miss Elizabeth Young, New York, and Miss Helen Frisbie, Waterbury.

**Wedding Invitations Recalled.**

Mr. and Mrs. John Anderson Roberts, who recently issued cards for the wedding of their daughter, Miss Edna Pearl Roberts and the Rev. Irvin Aiken Blackwood, tomorrow evening, have recalled the invitations. The wedding will not be postponed, but will be conducted at the home of the bride's parents with only the immediate families present. The ceremony will be performed by the Rev. Dr. D. McAllister, pastor of the Eighth Street Reformed Presbyterian church, where the wedding was to have taken place, assisted by the Rev. R. M. Blackwood, a brother of the bridegroom.

**A Double Wedding in Freedom, Pa.**

Freedom, Pa., will have a double wedding next Wednesday evening, June 25. The brides-elect are sisters, daughters of Mr. and Mrs. Frederick G. Duerr. Miss Mary Elizabeth Duerr will wed George Breton Brubaker of Canonsburg, Pa., and her sister, Miss Lillian Rowena Duerr, will marry William P. Shriver of New Castle. The double wedding will take place at the home of the bride's parents at 8 o'clock and the ceremony will be performed by the Rev. J. K. Howe, pastor of the First Methodist Episcopal church.

**Nevin Family Reunion.**

The annual picnic reunion of the large Nevin family in the Sewickley valley will occur today at Turkey Foot, on the Blackburn road, on the way to Sewickley heights. Among the branches of the family represented will be Robert P. Nevin, R. P. Nevin, Jr., H. O. Nevin, Joseph T. Nevin, Mrs. Elizabeth Cunningham, Mrs. George Cochran, Mrs. William Cunningham, Mrs. R. J. Cunningham, Mrs. H. L. H. Blair and the Misses Nevin.

**Jordan—Cronnenweth.**

At the home of the bride's parents, Holland avenue, Wilkinsburg, last evening, Earl E. Cronnenweth, also of Wilkinsburg, was united in marriage to Miss Bessie Pierpont Jordan, the Rev. Thomas Thompson, pastor of the Sharpsburg Presbyterian church, and a cousin of the bride, officiating. The guests numbered only 35 and were all members of the family. The bride is the daughter of William J. Jordan, an attorney of Pittsburgh. The groom is connected with the purchasing department of the National Tube Company. Mr. and Mrs. Cronnenweth left last night for the northeast and will spend their honeymoon along the St. Lawrence river and Lake Champlain. They will return by way of New York July 15, after which they will be at home to their friends at 608 Whitney avenue.

**Monroe—Miller.**

A June wedding of much interest occurred in Wilkinsburg last evening when Francis M. Miller, son of Mr. and Mrs. Amos Miller, and well known as a member of the firm of Milligan & Miller, architects, was married to Miss Margaret B., daughter of Mr. and Mrs. Joel Monroe, at the home of the bride's parents, Savannah avenue. The Rev. C. Hartzell, pastor of the Plum Creek Presbyterian church, performed the ceremony, followed by a handsome reception. The bride and the bridegroom's sister, Miss Sara E. Miller, were gowned in white. Mr. Miller was attended by the bride's brother, Frank Monroe. Mr. and Mrs. Miller left last night for the east. They will be at home to their friends in the Marshall building, Wood street, August 1.

**Going to St. Paul to Wed.**

Oliver P. Schebler ticket clerk at the Pennsylvania railroad at Braddock for a couple of years, and recently moving to Johnstown to take a similar position, left Braddock last evening for St. Paul, Minn., where he will be married tonight at 8 o'clock to Miss C. Maude Latham of Tacoma, Wash. Miss Latham is on her way to St. Paul to meet her future husband. The marriage will be performed at the home of a near relative of the bride. The couple will make a tour of the west and then return to Johnstown, their future home. The bridegroom met Miss Latham on an excursion through the northwest about four years ago. Mr. Schebler comes from an old and well-known family of Ligonier, Pa.

**Pittler—Hartman.**

Abraham Hartman and Miss Sophia Pittler were married at Beaver Falls, Pa., in the presence of 300 guests yesterday. It was one of the most brilliant Hebrew weddings ever held in Beaver county. The affair took place in the large auditorium of the new club house of the Nonpareil club, which was lavishly decorated for the occasion. The guests were principally from Pittsburgh, New York, Philadelphia, Cleveland and other cities. The bride is a daughter of Peter Pittler, and is very popular. The bridegroom, formerly of Pittsburgh, is now in business here, and Mr. and Mrs. Hartman left on an eastern wedding trip.

**Five O'Clock Tea in Sewickley.**

A 5 o'clock tea was given yesterday by Mrs. David Stewart at her home in Grant street, Sewickley, in honor of Mrs. Henry D. Atwood, a recent bride, and the Misses Reed of Norfolk, Va. About 100 guests were present. Mrs. Stewart was assisted in receiving by Mrs. Marshall Christy, Mrs. C. J. Shannon, Mrs. Frank Davidson, Mrs. James Reed, Mrs. Edward Gilmore, Miss Kizmiller, Miss Lane of Winchester, Pa.; Mrs. James E. Brown, Miss Slagle and Miss Neale. Mrs. Stewart's handsome home was profusely decorated. The hours were from 2 to 5.

**Best—Hoburk.**

Miss Annie Best, daughter of Mr. and Mrs. Abraham L. Best of North Braddock, and Charles Hoburk of Braddock, were married yesterday afternoon at 5 o'clock, at the home of the bride. The ceremony was performed by the Rev. William G. Reagie, pastor of the First Presbyterian church of Braddock. Mr. and Mrs. Hoburk left last evening for a trip to New York and upon their return will go to housekeeping in Monessen, the groom holding a position in the clerical department of the Union steel plant at that place.

**Mutzig—Kiner.**

A pretty home wedding was that which occurred last evening at the residence of Mr. and Mrs. Jacob Mutzig, Wilkinsburg, when their daughter, Miss Ida, was married to Dr. William Emmet Kiner, a prominent dentist of Wilkinsburg. Rev. Alfred Nicholson, pastor of the East End Presbyterian church, officiated. There were no attendants. After an eastern trip Dr. and Mrs. Kiner will be at home to their friends September 15 at No. 717 Whitney avenue.

**A Silver Anniversary.**

The Rev. George Shaffer, pastor of the Methodist Protestant church of Bellevue, and Mrs. Shaffer celebrated the 25th anniversary of their wedding on Saturday evening at the parsonage. The church people and the friends of the minister and his wife joined in making the occasion a very pleasant one and took the opportunity to remember the pastor and the pastor's wife with many useful and valuable gifts.

**Wedding Invitations Out.**

Mrs. Isabella Ralph of Homestead yesterday issued invitations for the wedding of her daughter, Miss Ella Ralph, and William Robbins, of Homestead, on June 24, at 8 p. m. The ceremony will be performed by the Rev. W. C. Weaver, pastor of the Homestead Methodist Episcopal church. The bride-elect is one of the best-known young women of Homestead, and is especially prominent in musical circles.

**Notes of Society.**

Mrs. Fred A. Mills gave a reception last evening at her home in Sheridan.

Mrs. Charles Henderson Bradley and Miss Jane Bradley are visiting Mr. and Mrs. A. J. Drexel Biddle at Atlantic City.

Mrs. John M. McDonald and Miss McDonald of McDonald, Pa., will give a reception tomorrow afternoon in honor of Mrs. Frank Musgrave, Wallace of Erie, who is their house guest.

The Rev. and Mrs. J. M. Thoburn, Jr., left yesterday for Chautauqua, where Mrs. Thoburn will remain through the summer. The Rev. Mr. Thoburn will return the latter part of the month to Pittsburgh, going again later in the season to Chautauqua.

# QUAY INSISTS ON PASSING THE STATEHOOD BILL

## He Will Ask the Senate to Take It Out of the Committee's Hands.

## IT'S A PARTY STAND-OFF

### Oklahoma Republican, Arizona Democratic and New Mexico Doubtful—Andrews Hopes to Be One of the New Senators.

THE PITTSBURGH GAZETTE BUREAU,
603 Fifteenth St., N. W.,
WASHINGTON, D. C., June 17.

In the senate today Senator Quay gave notice that on Thursday, after the vote is taken on the isthmian canal question, he would move to discharge the committee on territories from further consideration of the bill to admit Arizona, New Mexico and Oklahoma as states and would ask the senate to consider it. This action was caused by the decision of the committee on Saturday, when Senator Quay was absent, to postpone further consideration of the bill until the next session.

The bill passed the house about a month ago by a large majority after it had received a unanimous report from the house committee. Senator Quay is determined to force the senate to go on record on the bill.

The opposition to the bill comes mainly from Republican senators who fear the Democrats may get four of the senators to be elected if the three new states are authorized. A conservative estimate is that Oklahoma is reliably Republican, Arizona probably Democratic and New Mexico doubtful, although Republicans have carried it oftener than the Democrats in the last 10 years.

Should New Mexico be admitted, it is believed among Pennsylvanians here that ex-State Senator Andrews of Pennsylvania will be one of the first United States senators to be elected. He is working hard for the passage of the bill, and scouts at the talk that New Mexico is Democratic. Pennsylvanians have about $25,000,000 invested in that locality.

Throughout the day's session the isthmian canal question was under consideration. Speeches were delivered by Messrs. Perkins of California, Gallinger of New Hampshire, Stewart of Nevada and Morgan of Alabama. All advocated the adoption of the Nicaragua route except Mr. Gallinger, who made a forceful argument in support of the Panama route, and who said his investigations convinced him that the Panama route is the more healthful of the two.

The arguments of the senators in support of the Nicaragua route were made especially on the ground of feasibility and business wisdom. Mr. Stewart and Mr. Morgan both contended that the health conditions in Nicaragua are superior to those in Panama.

The house bill to regulate the commutation for good conduct for United States prisoners was passed without objection.

## NEW ANTI-TRUST BILL.

### It Covers Recommendations of Industrial Commission—Severe on Discrimination.

WASHINGTON, D. C., June 17.—Representative Bell of Colorado introduced today a trust bill covering the recommendations of the industrial commission, of which he was a member. His bill provides for general publicity of corporations dealing with the public in interstate business. It requires statements to be filed annually with the secretary of the treasury showing full particulars of business; requires the secretary of the treasury to classify all stock into such as has been paid for in cash or its equivalent and such as is usually called "inflated" or "watered" stock. All of the second class is required to be assessed by the United States at 2 per cent a year.

Any railroad company discriminating against communities or persons in interstate transportation shall be enjoined, and if the injunction order is violated it becomes the duty of the United States circuit court to put such company into the hands of a receiver and to operate the company's business under the orders of the court.

## WALLER EXPLAINS.

### Navy Department Wished to See Whether the Samar Major Had Talked Too Much.

WASHINGTON, D. C., June 17.—As has been the custom in the case of every officer of the navy to whom have been attributed utterances which the navy department considered outside the pale of professional discretion Maj. Waller of the Marine corps, who recently returned from the Philippines, has received an inquiry from the secretary of the navy as to whether the published statements concerning the campaign in Samar were authorized by him.

Maj. Waller has replied that, when pressed for interviews by press representatives, he declined to oblige them. This explanation, it is understood, is satisfactory to the officials, and it is said at the navy department that the case is regarded as closed.

## NATIONAL BANKING NEWS.

### Corporate Existence of the First of Pittsburgh Extended.

WASHINGTON, D. C., June 17.—(Special.)—The comptroller of the currency has extended until June 17, 1922, the corporate existence of the First National bank of Pittsburgh. The comptroller has authorized the Marion (O.) National bank to begin business on $200,000 capital, with Edward Huber as president and Henry B. Hane as cashier.

The comptroller has announced these selections of new officers by national banks: The Citizens National bank of Lewistown, Pa., William H. Cunningham, assistant cashier; the New National bank of Warren, O., John O. Hart president, Jules Vantrel, Jr., vice president, and Charles B. Dodd cashier; the Merchants National bank of Defiance, O., John Spangler, vice president, vice John Creewe.

## THE PENSION ROLL.

WASHINGTON, D. C., June 17.—Pensions have been granted to the following Western Pennsylvania applicants: Isaac Bunns, dead, Altoona, $12; Erwin Peth, Latrobe, $10; Richard F. Oliver, Pittsburgh, $12; James Kenyan, Bradford, $10; William R. Haines, Altoona, $8; Henry C. Arbogast, Altoona, $8; Sarah M. Burns, Altoona, $8.

## POSTAL MATTERS.

### Forbes Station in Pittsburgh to Be Established July 1.

WASHINGTON, D. C., June 17.—An additional carrier station will be established in Pittsburgh on July 1, located at No. 3610 Forbes street.

Every person in Butler county after August 15 will have his mail delivered at his door. On that day the county will be supplied with 80 rural carriers. At present there are eight carriers in the county.

The postoffice department will send Assistant Superintendent Hedges of the free delivery service to Pittsburgh next week to investigate the petitions for the consolidation of Crafton, Elliott, Mt. Oliver and McKees Rocks with the Pittsburgh postoffice and the extension of free delivery to these towns. Superintendent Hedges will also investigate the application for three additional letter carriers at Washington, Pa. An assistant postmaster at $1,000 a year and a clerk at $500 a year will be allowed the postmaster at Canonsburg July 1.

The following postmasters were appointed today: Pennsylvania—Fetterman, Allegheny county, W. P. Wilhelm; Jones Station, Allegheny county, J. S. Biddle. West Virginia—Brown, Harrison county, T. C. Bennett.

## THE HOUSE DOCTORS THE BANKRUPTCY LAW

### Bill Passed Strengthening Weak Spots Developed by Supreme Court.

WASHINGTON, D. C., June 17.—The house spent the day considering bills reported from the judiciary committee. By far the most important measure was that to amend the existing bankruptcy law. The minority made a vigorous effort to repeal the present law in toto, but were overwhelmingly defeated, 65 to 137.

The bill passed amends the law in 15 particulars to meet defects which, it is understood, experience has proven. The most important amendment is one to define preference, to meet the supreme court decision in the case of Pirie versus the Chicago Title and Trust Company. Four additional grounds for refusing a discharge in bankruptcy also are added: First, obtaining property on credit on materially false statements; second, making a fraudulent transfer of property; third, having been granted or denied a discharge in bankruptcy within six years, and fourth, having refused to obey the order of the court, or refusal to answer material questions approved by the court.

The house agreed to the conference asked for by the senate on the anti-anarchy bill.

Bills were passed providing for the punishment of United States prisoners for crimes committed while confined in state institutions; to increase the fees of jurors in United States courts from $2 to $3 a day, and to incorporate the society of the Army of Santiago de Cuba.

## EIGHT-HOUR CRUSADE.

### Steel Workers Complain to Senate Committee of Being Discharged Because of It.

WASHINGTON, D. C., June 17.—The senate committee on education and labor today heard witnesses in support of the pending eight-hour bill. The testimony was directed especially to showing that men are being discharged at factories having government contracts because of their advocacy of shorter days.

William Robertson said that he was one of five men who had been let out at Bethlehem for attending a meeting to organize a union to promote the eight-hour day. Thomas H. Flynn gave the names of 37 employes at South Bethlehem, who, he said, had been discharged because they had gone to hear President Gompers of the Federation of Labor speak. Similar testimony was given against the Cramps shipyards.

President Patrick McMann of the Blast Furnacers' International union said he had been employed at his trade for 30 years and knew from experience that molten iron and steel might be turned over to a new set of hands at any hour without causing inconvenience or loss.

Mahlen M. Garland of the Amalgamated Association of Iron and Steel Workers said the Republic Iron and Steel Company had just entered into an agreement with the Amalgamated association for the enforcement of the eight-hour day in the company's works in Pittsburgh and elsewhere in the west and south.

## NATIONAL CAPITAL NOTES.

The senate confirmed the nomination of Joseph E. Profitt of West Virginia to be consul at Pretoria.

The senate committee on naval affairs will favorably report Senator McComas' bill giving Admiral Schley the full pay of a rear admiral on the active list of the navy.

A favorable report was authorized by the senate committee on public lands on the bill creating a national park surrounding the famous wind cave in South Dakota.

Cable dispatches from Gov. Taft indicate that satisfactory progress is being made in his negotiations with the vatican authorities looking to the acquisition of the titles to the friars' lands in the Philippines.

Senator Foraker and Representative Grosvenor called on Secretary Hay as a committee representing both branches of congress, and presented to him an engrossed copy of the vote of thanks recently adopted by congress for the eulogy on President McKinley pronounced by the secretary.

Secretary Shaw has forwarded to President Francis of the Louisiana Purchase Exposition Company the form of an agreement to be entered into by the directors of the exposition, that during the continuance of the exposition it shall be closed to visitors on all Sundays. This is the stipulation of the appropriation act passed by congress.

**Marshall—McDonald.**

In the Tabernacle Presbyterian church last evening occurred the marriage of Miss Letitia E. Marshall, daughter of Robert E. Marshall of Wildwood, Pa., and James Moreland McDonald. The ceremony was performed by the Rev. A. D. Carlile, pastor of the church. The bride has been for some years a successful teacher in the Lawrence school. Mr. McDonald is in business in Vandergrift, where he and his bride will make their home.

**A Fortieth Wedding Anniversary.**

Mr. and Mrs. Benjamin Garbett of Bell avenue, North Braddock, last evening celebrated the 40th anniversary of their marriage. Mr. and Mrs. Garbett have been residents of North Braddock for 18 years, having removed from this city. The anniversary of was in a sense a double one, for it was also the 14th anniversary of the marriage of their son, John Garbett, and his wife. Mr. and Mrs. Benjamin Garbett were married in Staffordshire, Eng.

I always carry Ripans Tabules with me as I do matches and a knife. They are handy when needed. I am a florist, and being in the heat of the greenhouses consume large quantities of water, which, with the stooping and holding boxes against the stomach, cause heartburn, especially if one uses tobacco as I do. Then is when the Tabules are handy and effective and do the work as nothing else I have ever tried did.

## STEEL COMBINE NOW CONFIDENT OF A REVERSAL

### Power of the Majority at Stake in New Jersey Anti-Bond Decision.

### WALL STREET IS DIVIDED

**Pittsburgh Interests Represented in the Chicago Pneumatic Tool Combine Which Has Just Acquired a Big Foreign Company.**

[BY PRIVATE WIRE TO THE GAZETTE.]

New York, June 17.—Beyond repeating confident assurances that an appeal to a higher court will bear the fruit of reversal within a fortnight, officials of the United States Steel Corporation today declined to discuss the permanent injunction granted yesterday by Vice Chancellor Emery of New Jersey against the combine's proposed conversion of preferred stock into bonds.

In Wall street this reticence is interpreted significantly or otherwise, according to the point of view. The matter is of general interest because corporations other than the United States Steel Corporation are indirectly affected. One competent corporation attorney expressed the opinion today that in the event of this injunction being sustained by the higher courts a general revision of corporation law will be necessary.

From the corporation man's point of view the most important feature of the case, perhaps, is the threatened increase of minority power. If the insignificant minority interest that is fighting the United States Steel bond issue succeeds in giving its protest permanent effect, undoubtedly there is a great deal of trouble in store for other corporations of the kind that lately have shown less and less consideration for minority rights.

**The Metropolitan Case.**

It will be remembered that in the case of the recent Metropolitan Street railway deal here the minority's protest at the meeting drew from the chairman the astonishing assurance that stockholders were there to vote approval of the deal first and discuss it afterward. By riding rough-shod over the minority rights a number of contemporary corporations have provoked deep feeling on this subject.

Recently the problem of minority interests generally has become the topic of lively discussion in the financial community. None of this applies to the United States Steel Corporation directly, but bears on the problem in the abstract. An overwhelming majority of the United States Steel stockholders voted in favor of the bond issue and the success of an infinitesimal minority in procuring a permanent injunction against the conversion plan "came as a tremendous surprise to corporate interests generally.

Although officials of the United States Steel Corporation, apparently, are sanguine of having the opinion of Vice Chancellor Emery reversed in the court of appeals, there are others who are not so sure that the higher courts will decide favorably to the corporation. The Wall Street Journal, a publication that seems to have had bearish news in the United States Steel stocks for a long time, presents a very clear statement of the opposition, as follows:

The position of the assenting stockholder is changed by giving him a lower rate of interest, if a better security. The position of the non-assenting stockholder is changed by putting a fixed charge ahead of his dividend. Very good lawyers insist that a stockholder in such a case cannot have his position changed against his will, except in case of necessity, by foreclosure. He has the rights to stay where he was unless inducements are sufficient to make him wish to change. Reasoning from this, it was assumed that the injunction would be confirmed, and it is believed in some circles, at least, that the ultimate decision will be against the company, unless stockholders prove in the end to be satisfied to have their positions changed.

United States Steel shares were conspicuously weak today under scattered liquidation, both here and in London. It is rumored in the room that John W. Gates has been selling United States Steel while supporting the general market.

**Alternative Still Open.**

In view of yesterday's decision it was pointed out today that the corporation will still be in a position to raise the $50,000,000 required for "corporate purposes" even if the higher courts sustain the opposition to the bond conversion plan. The report of the finance committee, as ratified by the stockholders, contains this proposition:

Resolved, That whether or not the stockholders shall assent to and approve of the foregoing resolution authorizing the retirement and redemption of the preferred stock, bonds of such description and secured shall be issued for an aggregate principal sum not exceeding $50,000,000, and shall be sold for cash for the corporate purpose of the United States Steel Corporation.

"This alternative proposition," said a member of the bond syndicate, "will not be taken up unless the corporation is defeated in its plan to convert the preferred stock."

**A Foreign Company Absorbed.**

An important meeting of the Chicago Pneumatic Tool Company, "in which United States Steel Corporation officials are largely interested, was held in this city today. The directors agreed to exercise the option secured abroad on the International Pneumatic Tool Company of London and $200,000 treasury stock will be issued in connection with the absorption of the company.

The acquisition of the International company will give the Chicago Pneumatic Tool Company complete control of the situation abroad.

At today's meeting the executive committee was increased from three to five members, John R. McGinley of Pittsburgh and C. H. Matthiessen of the Corn Products Company being the new members. Mr. McGinley represents large Pittsburgh interests.

A quarterly dividend of 2 per cent on the $5,000,000 outstanding stock, which is the second dividend since the organization of the company, five months ago, was declared. The regular quarterly meeting of the company will not be held until July 10, but the report showed that the dividend had more than been earned in the first two months of the second quarter, and this accounts for the early action taken.

The executive committee of the Chicago Pneumatic Tool Company is now composed of Charles M. Schwab, Max Pam, C. H. Matthiessen, John R. McGinley and President J. W. Duntley. The committee is regarded as one of the most conservative that has been brought out in years past. Messrs. Taite and Whitcomb, two of the directors, are residents of London and represent the Taite Howard Pneumatic Tool Company of London, which is a constituent property of the Chicago Pneumatic Tool Company.

## Pool Gets Active in Wall Street

## SOME STOCKS GAIN HEAVILY IN DEALINGS

### The Same Brokers Who Were Buyers of Reading Were Sellers of St. Paul.

### MARKET WAS IRREGULAR

**United States Steel Depressed by Injunction Decision—General Electric Forced Down Nine Points—Some Demand for Pressed Steel Car.**

[BY ASSOCIATED PRESS TO THE GAZETTE.]

New York, June 17.—Yesterday's volume of activity in stocks was about maintained today and the degree of diversity of the trading was very similar. The movement of prices was rather irregular, in spite of the striking gains by some of the stocks which led the market in point of activity. A movement to take profits in St. Paul added to the irregular appearance of the market, as the grain-carrying railroads generally showed some conspicuous points of strength. The upward movement in the Readings was also pronounced and the dealings in that stock were on a very large scale, even after allowing for its enumeration as half shares. The forces back of these movements were concentrated and their operations were not conspicuous outside of a few stocks. It was not clear that the large buying movements in all cases were from identical sources, but it was evident that the operations were in concert. The brokers who were buying Reading were sellers of St. Paul, while the large absorption of Missouri Pacific seemed to come from other sources, said to be a pool which has operated in this stock for many months. Union Pacific maintained its recent stable tendency and the Atchisons were not so active as yesterday.

**Some Minor Stocks Active.**

Several minor stocks among the granges were active and strong, notably the St. Joseph & Grand Island stocks under the combined influence of the approach of the dividend period and rumors of absorption by Union Pacific. There was active liquidation in Sugar, owing to unfavorable opinion of the chances of Cuban reciprocity in the senate. United States Steel stocks were depressed by yesterday's injunction measure against the stock conversion. General Electric was easily forced down 9 points on light selling. There was some demand, on the other hand, for Pressed Steel Car, American Car, Snuff, Bicycle preferred and New York Dock, the last named rising 6¼ points. There was no news to explain the movements among the leaders, beyond the progress of a speculative campaign.

**Grangers Not Hurt.**

The excitement in the corn market seemingly did not affect the corn-carrying railroads, as it was not associated with bad crop reports. The falling of showers in the cotton belt was learned with satisfaction, and the strength of wheat in foreign markets, which was reflected here, was a favorable influence on the prices of securities. There was no news of the coal strike to account for the strength of the Readings, although assertions were heard in Wall street that the collapse of the strike was probably near at hand. There was no uneasiness apparent over the money market, notwithstanding the approach of the time for preparation for the semi-annual settlement and the known requirements for several syndicate operations, including the payment of $8,000,000 for the Western Maryland railroad at Baltimore this week. The market closed quite active and steady.

The bond market was irregular. Total sales, par value, $2,245,000. United States old 4s registered declined ¼ and the new 4s ¼ per cent on the last call.

### WALL STREET FEATURES.

Total sales for the day, 391,200 shares; par value, $2,245,000.

Flurry in corn in Chicago fails to have a bad influence on the corn-carrying roads.

Concentrated movement causes a rise in Readings, and coal strike seems to have no repressive influence.

United States Steel stocks are slightly affected by the injunction against stock conversion, and common closed at 38¾, preferred at 88⅝.

Securities were helped by the strength of wheat in the foreign markets.

### Latest Oil Gusher Is Now Falling Off

The Keener sand gusher in the new pool, near Jerusalem, Monroe county, Ohio, is declining. The production for the 24 hours ending at 7 o'clock yesterday morning was 519 barrels as against 840 barrels the previous day. The Ohio Oil Company expects to drill in its No. 2 on the Jones farm next Friday, and from the location should get a producer.

In the Gordon sand development, near Folsom, Wetzel county, W. Va., the South Penn Oil Company's test on the Jacob Price garm, located on the east side of the development, has been drilled into the sand and produced 80 barrels the first 24 hours. In the southwest end, but on the west side of the same development, the South Penn Company has drilled in its No. 2 on the Laura B. Ice farm. The well produced 60 barrels the first 10 hours. This and the Price farm test show extensions on their respective sides of the development.

In the Big Flint district, in Doddridge county, W. Va., W. H. Allen has completed a test on the Henry Teater farm and has a very small pumper.

Southwest of the old Fairview district, Marion county, W. Va., the South Penn Oil Company has put its test on the R. A. Eddy farm to pumping and has a 20-barrel producer from the Big Injun sand. On the east side of the same development the South Penn has drilled its No. 16 on the James Yost farm into the fifth sand and has a show of oil in that formation. This is an old well drilled down to the fifth sand.

On the west side of the New Freeport district, in Greene county, Pa., the South Penn Company has drilled its No. 2 on the F. H. Martin farm through the sand and has a good gas well. In the same district the same company has completed its test on the Blair-Mitchell farm and a 40-barrel producer. North of Bristoria, 21½ miles, the Natural Gas Company have drilled their test in the John Jamas farm through oil sands and have a dusting well. The Natural Gas Company drilled in the Nineveh sand, but that formation was found to be barren.

On the west side of the Salem district, in Harrison county, W. Va., the South Penn has completed its No. 3 on the T. E. Coffman farm and has a small pumper in the Gordon sand. In the same district No. 4 on the W. P. Maloney farm has been completed and is good for 20 barrels a day.

In the Volcano district, Ritchie county, W. Va., Stiles Bros. have completed their No. 31 on the Volcano Oil and Coal tract and have a very small well in the salt sand. M. West has drilled in his No. 48 in a part of the same tract and has a duster.

On McFarlan creek, Murphy district, the Shawnee Oil Company has drilled its No. 2 on the J. M. Seaton farm through the salt sand and developed only a small show of oil. It will be drilled to the lower sands.

In the Shallow Grove district, Pleasants county, W. Va., the Charter Oil Company has completed its No. 2 on the H. Severns farm and has a 35-barrel producer in the same formation.

In the shallow sand territory, Wood county, W. Va., the Cover Oil Company has drilled its No. 9 on the S. Miller farm through the Cow Run sand and has a 10-barrel pumper.

In the same district T. F. Barbedette has completed No. 11 on the C. M. Meredith farm and has a 20-barrel producer in the Cow Run sand.

**Southeastern Ohio Territory.**

On the Ohio side, in the Graysville, Keener sand development, Monroe county, the Fisher Oil Company has completed its No. 10 on the Alex Harmon heirs' farm and has a five-barrel pumper.

In the Marietta district, in Washington county, the Webster Producing Company has drilled its No. 64 on the F. W. Moore farm through the sand and after giving it a shot will have a 10-barrel pumper. Henry Lord & Co. have completed their test on the H. C. Martin farm in the same district and will have a 20-barrel producer.

The same company has drilled its No. 8 on the Joseph Fisher farm through the sand and has a duster. In the same district, McCann & Underwood have completed their test on the E. Martin farm and the Federal Oil Company has completed its No. 5 on the George Davis farm. Both wells are dusters.

**Local Developments.**

In the Carson development, in Hancock county, W. Va., Murray & Co. have completed their No. 14 on the S. Carson farm and have a 60-barrel producer. In the same district the Belmont Oil and Gas Company has completed a test on the W. N. Bell farm, located in Beaver county, and has a five-barrel pumper. The production of this pool is now 900 barrels a day.

In the Smiths Ferry district, Beaver county, Pa., the Red Bird Oil Company has completed its No. 5 on the J. H. Popp farm and has a 10-barrel pumper.

In the same district, R. E. Miller & Co.'s test on the Boerson heirs' farm and Hooper & Stewart's test on the J. T. Patterson farm are both dry.

In the Legionville district, the J. W. Adams Oil Company has completed its No. 2 on the Jacob York farm and since putting it on pumping has a 10-barrel producer in the 100 foot sand.

# Window Glass Common Is Still Moving Steadily Upward

## TWO STOCKS WERE ACTIVE AND HIGHER

### Window Glass and Pittsburgh Coal the Centers of Good Speculative Demand.

### CRUCIBLE STEEL HEAVY

### Brewing Stocks Both Sold Unchanged—The United States Steel Shares Were Quiet — Commonwealth Trust Showed Decline.

There was a good, brisk market for local stocks yesterday, and in at least two issues prices tended strongly upward. Window Glass and Pittsburgh Coal were the leaders in the rise, while the continued heaviness of Crucible Steel common acted as a drag on the rest of the market. Trading was considerably heavier than on Monday, the sales nearly reaching 10,000 shares, while four different issues sold over 1,000 shares each. Window Glass common was easily the leader in activity, the sales being nearly half the total for the day. The feeling on the stock was bullish all day and trading was nearly all at the highest level that has prevailed this year. For a time it looked as if a new high record would be reached before the day was over, but this was not quite accomplished. Favorable trade news probably accounted for the renewed strength. The opening was strong, the initial sale showing a good advance over Monday's close. The stock was exceedingly active in the first half hour and the price worked up slowly from 63¾, the opening, to 64. After the sale of a 50-share lot at this price the stock eased off a little and became quieter with sales at 63¾@63¾. Before noon there was a rally to 64 and this recovery did not bring out much stock, an advance to 64¾, the high mark of the day, resulting. In the last hour trading was quiet at a slight recession. The preferred was not dealt in and quoted unchanged.

Pittsburgh Coal was again in excellent demand and rose quite easily, touching 27 in the early trading and not suffering any relapse. The close showed a net advance of ¾ for the day, while the preferred gained ½. River Coal preferred sold unchanged at 42½, while the common was not dealt in at all.

Crucible Steel common was once more in plentiful supply, 1,200 shares coming out at 21¾, though the closing sale showed a rally of ¼. The preferred was unusually quiet. There was no news to affect the stock. United States Steel was soft in New York, but was neglected here most of the day.

Brewing stocks were quiet and sold unchanged. A feature was the sale of a 10-share lot of Commonwealth Trust at a decline of $23.

#### Financial Drift.

The Boston stock exchange was closed yesterday.

Government deposits in national banks now foot up $126,810,184.

Dore, Sutton bought 1,000 River Coal preferred from Hill & Co.

Last September Window Glass sold at 65, the high mark to date.

Miller and Doty & Sutton were heavy buyers of Window Glass common.

There was a good trade yesterday of a forthcoming dividend on Pittsburgh Coal common.

Sugar declined on the report from Washington that no Cuban legislation would take place this session.

Very confident accounts are heard about crop conditions in the Missouri Pacific territory and regarding the outlook for increasing earnings.

The stockholders of the Citizens National bank will meet on July 22, to take action on the proposition to go into voluntary liquidation.

Lawrence bid 250 for Lincoln National bank new stock. The bank has been increased from $50 to $100. The last sale sale of the old stock was at 140.

S. C. Applegate, cashier of the Mechanics National bank, and W. D. Bell, assistant cashier of the Iron City National bank, have returned from a two months' European trip.

It was rumored yesterday that the American Window Glass Company was about to close a contract with the jobbers for about 300,000 cases at about 90 per cent advance in price.

London was considerable seller in New York yesterday, but this was explained on the ground that the approaching coronation holidays on the other side were rendering speculative interests anxious to reduce their commitments.

Transfer books of the Standard Underground Cable Company will be closed from June 20 to 25, both inclusive. Warrants evidencing right to subscribe at par for one-third of holdings will be mailed promptly to the stockholders of record June 20. Payments for such stock must be made to the Union Trust Company, one-half on or before July 15, and one-half on or before January 15, 1903.

### PITTSBURGH FEATURES.

Bank exchanges decreased over 700,000.

Sales Pittsburgh stock exchange, 9,264½ shares and $2,000 bonds.

Window Glass sold 4,297½ shares and rose over a point.

Pittsburgh Coal common advanced ¾ to 27.

Further liquidation in Crucible Steel common.

Brewing stocks were quiet and closed unchanged.

Commonwealth Trust sold at a sharp decline from previous price.

United States Steel stocks dull and rather weak.

### OVER $700,000 LESS.

#### Bank Exchanges Much Less Than for the Same Day Last Year.

Pittsburgh bank exchanges yesterday showed a heavy decrease from the record of the corresponding day last year. The local money market continued quite firm, with the rate for call and time loans unchanged at 5@6 per cent. The official clearing house reports in detail for the days mentioned are as follows:

| | Exchanges. | Balances. |
|---|---|---|
| Yesterday | $7,650,095 66 | $ 980,859 70 |

# JURY ASSESSED NATRONA SQUIRE WITH THE COSTS

## Justice G. W. Forsythe Found to Be the Real Prosecutor in a Case.

### JOHN BARRY ACQUITTED

**Was Charged With Inflicting Injuries That Caused His Brother's Death. Two Poles Convicted on Cross-Suits Resulting from a Shooting.**

In criminal court yesterday an unusual verdict was returned in the case of Joseph Johmasik, tried on a charge of assault and battery, preferred by Frantiska Krico of Natrona. The jury acquitted Joumasik and placed the costs on Justice of the Peace G. W. Forsythe of Natrona who, the jury found, was the real prosecutor.

The case was the result of a quarrel between the 8-year-old child of the prosecutrix, Mrs. Krico alleging that the defendant's child struck her child with an iron hoop. When asked why she brought suit over such a trifling matter the prosecutrix said that Justice Forsythe advised her to do so.

Mill Brute was found guilty of unlawfully wounding Musia Bonda and was sentenced to the workhouse for one year. Bonda was found guilty of assault and battery preferred by Brute's wife and was sent to the same institution for six months.

Brute and Bonda are Poles and the latter boarded with the former. Brute alleged that Bonda made numerous attempts to court his wife, much against her wishes. He said Bonda attempted to assault her on April 12, but was interrupted by Brute's appearance. He said he ordered Bonda from the house; that he went away, but returned with a revolver and threatened to kill him, whereupon he shot Bonda in the arm and side.

Bonda said the trouble arose over a board bill and that Brute deliberately shot him.

John Barry was acquitted of a charge of involuntary manslaughter. The charge of murder for the same offense, was not pressed on motion of District Attorney John C. Haymaker. Barry was charged with inflicting injuries upon his brother, Michael Barry, at their home in Crawford street February 16, which caused his death at the Mercy hospital February 25. It was alleged that the brothers had quarreled and that John Barry threw a lighted lamp at his brother, fatally burning him.

### COST MONEY TO INDICT.

**Special Grand Jury Found True Bills Against Joseph Rubinsky and Jacob Green.**

The special grand jury called in the United States district court to act upon indictments against Charles W. Tammany, Joseph Rubinsky and Jacob Green, charged with using the mails to perpetrate a scheme to defraud, found true bills against them.

As the alleged offenses were committed before the new middle district was founded, the law required that they be tried from a jury drawn from the old western district.

The men are charged with depositing money in various banks and then, after securing credit, withdrawing their money. Some of the firms from which goods were bought are the E. A. Carter Company of Baltimore, Md.; Lippincott, Johnson & Co. of Philadelphia, Pa., and A. J. Schwenk & Co. of Philadelphia, Pa. A special jury will be drawn to try the men.

### FAINTED IN COURT.

**Mrs. Pender Overcome While Telling Her Story in a Divorce Case Against Her.**

When Mrs. Josephine Pender was on the stand in common pleas court No. 2 yesterday she fainted and was unconscious for a half hour. After this delay Mrs. Pender recovered and was able to tell her story in the matter of the divorce suit brought against her by Thomas R. Pender.

The libellant had offered testimony in substantiation of his charge of cruel and barbarous treatment, that his wife tried to poison him and that she was jealous of Carrie Hochschwender.

Mrs. Pender accused her husband of excessive drinking, of throwing a lamp at her and of paying especial attention to the woman named, such as taking her out bicycle riding. She denied that she got drunk or that she tried to kill her husband, and said that he only gave her $5 a week to run the house and clothe herself.

**LEGAL BRIEFS.**

John Ruffing of Lower St. Clair township left an estate valued at $2,500 to his widow.

Jacob Mason of Mifflin township left an estate worth $2,025 to Mrs. Susan Barnes.

By the will of Henry Schmidt of Mt. Oliver, an $8,000 estate is bequeathed to his widow.

The will of William Pollock of this city was filed. An estate worth $25,000 is bequeathed to the decedent's widow and children.

Anna Harrington entered suit against David J. Murphy for $10,000, for alleged slander. She claims the defendant circulated a report that she had been discharged by a telephone company for blackmailing a South Side man out of $50. It is alleged Murphy also said the plaintiff had been arrested for shoplifting.

In the same court S. C. Bowes, a physician of Pittsburgh, filed a petition in bankruptcy. His liabilities are $800 98, and assets $501 85. The following persons were discharged from bankruptcy: W. J. Nowotney, Joseph E. Whalen, Pittsburgh; George W. Friedel, Vangergrift; Eugene L. Young, Greensburg; Louis C. Hemsker, Verona Borough.

Executions were issued as follows: James Friel & Co., limited, against Martin Novinski, $171 07; Leopold Rebele vs. James D. # HINES BROKE UP REIGN OF TERROR

**COURT-MARTIAL FOR HANGING UP PRIVATE BY THUMBS' ENDS.**

**Penlow Could Always Stand Flat-Footed on Ground—Now a Convict in Philippine Prison—Verdict Reached and Sent to Washington.**

[BY ASSOCIATED PRESS TO THE GAZETTE.]

PLATTSBURG, N. Y., June 17.—In the court-martial proceedings in the case of Capt. John L. Hines today First Sergeant Patrick McDonald of Company H, Twenty-third infantry, testified that on Capt. Hines' order he strung Private Penlow up by the thumbs. On cross-examination by Capt. P. E. Pierce of West Point Military academy, counsel for Capt. Hines, however, McDonald admitted that Penlow was at all times able to stand squarely on his feet; that he was not severely hurt, and that at the end of about five minutes Capt. Hines ordered him cut down and sent back to his cell. Penlow had previously confessed his part in the robbery, said the witness, but refused to tell who else was implicated.

Private J. E. Grubbs of Company G, Twenty-third infantry, testified that he was on post duty near where Penlow was strung up and heard Penlow exclaim that they were hurting him.

For the defense Capts. W. H. Sage, Samuel Seay and H. L. Laubach, all of the Twenty-third infantry, testified to the large number of robberies and assaults of almost daily occurrence that took place while the Twenty-third was in Jolo; of the effect these had in encouraging the native Moros to acts of lawlessness; of the fact that there seemed to be an organized band in the regiment and of the necessity for drastic measures and summary punishment. They also testified that the arrest and conviction of Penlow practically broke up the "reign of terror," as one witness termed it, and no more disorder occurred.

Capt. Sage also testified that Penlow was convicted and is now serving a sentence of four years in a Philippine prison for the postoffice robbery.

Capt. Seay testified to the shooting of Lieut. Noyes and the stoning of Lieut. Watts of the Twenty-third infantry.

All testified to the excellent record and character of Capt. Hines, as did Col. J. M. Thompson and First Sergeant Davidson of Company F, Twenty-third infantry.

Capt. H. H. Sargeant, Second cavalry, judge advocate, and Capt. Pierce, counsel for the defense, then summed up and the court quickly arrived at a verdict.

The papers were mailed to the war department at Washington tonight and the findings will be officially given out there.

# SCHOOL CHILDREN TO SING FOR ROOSEVELT

**Chorus of Young People Will Sing Patriotic Songs and Wave Flags on the Fourth.**

Col. A. J. Logan, chairman of the executive committee in charge of the coming Greater Pittsburgh Fourth of July celebration, held a conference yesterday with Prof. Samuel Andrews, superintendent of Pittsburgh's public schools, arranging to have the school children sing patriotic songs along the route of parade while President Theodore Roosevelt is passing. Space will be allotted the children on the lawn below the Blind asylum on Bellefield avenue. There will be over 2,000 of them congregated at this point. They will be provided with flags and will salute the president as he passes. The teachers are now training the children to sing songs appropriate to the occasion. Superintendent Andrews says he proposes to make this one of the impressive events of the day.

Another prominent visitor at headquarters yesterday was Col. Samuel Moody, assistant general passenger agent of the Pennsylvania lines. He called to meet Col. James A. Barnett, commander of the Tenth regiment, National Guard of Pennsylvania, and plan for transporting the various companies of the Tenth regiment to Pittsburgh.

Col. Barnett reports that the various companies of his command are very much interested in the coming celebration and anticipate a very pleasant time in Pittsburgh on that occasion. He expects a full complement of men in each company. The boys of Philippine war fame will no doubt be given a rousing welcome.

William J. Diehl, secretary of the executive committee, conferred with Chairman Logan yesterday in regard to printing the official program. They promise a souvenir program that will be worthy of preservation. Bids for the work have been asked for.

The Rev. Dr. S. Edward Young, pastor of the Second Presbyterian church, who conducts Sunday services in Schenley park, has tendered the executive committee the use of his tent, which will accommodate about 1,500 people.

Through the agency of the coupons published in the daily newspapers $60 was added to the Fourth of July contribution fund yesterday. Several hundred dollars have been sent in response to the mute appeal of these coupons. Among the contributors yesterday was the Central turnverein, one of the most prominent of the German singing societies of Pittsburgh. Several of these societies are now rehearsing patriotic songs which will be sung on the Fourth.

The latest additions to the fund are as follows:

| | |
|---|---|
| A. P. Moore | $ 10 00 |
| Central Turnverein | 25 00 |
| Reinecke-Wilson Company | 25 00 |
| C. B. Clark | 20 00 |
| Duquesne Brewing Company | 25 00 |
| Robert Pitcairn | 25 00 |

These make the total of the contributions to date $18,882 25.

Director McCandless, in speaking of the rush for permits for the refreshment stands in Schenley park on the Fourth, said:

"Over 100 permits were granted Monday at Phipps conservatory for the Fourth privileges. Stands have been let along the entire roadway leading from the entrance to the race track."

Almost $2,000 will be added to the fund through the rents from the refreshment stands. Stands rent for $12 50 and $25, according to the size and location.

The contributions to Allegheny's Fourth of July fund were yesterday increased $310. Following are the subscriptions received up to last night:

Kate A. Jamison, $25; cash, $15; William Walker, $20; cash, $15; Mrs. Laura Fillinger, $10; cash, $10; William A. Carr, $10; H. J. McBride, $10; cash, $25; Max Mueller, $3; cash, $10; Charles Wasserman, $5; the W. N. Sauer Company, $10; Workingmans Savings Bank and Trust Company, $25, Oscar Croker, $10; Fire Extinguisher & Supply Company, $5; Mrs. Emelia Lofink, $5; James McAfee & Co., $15; Harry Stockman, $5; Superior Smelting & Refining Company, $10; Samuel McKnight, $10; Humboldt Insurance Company, $25; E. White, $10; cash, $20.

# FLINN AWARDED $25,375 FOR LAND WANTED BY CITY

## The Board of Viewers, Appointed by Court, Filed Its Report Yesterday.

### ADJOINS SCHENLEY PARK

**The Land is a Steep Hill and is Bought to Prevent Its Occupation by Unsightly Buildings—Other Awards Made by the Board.**

Senator William Flinn, accompanied by his brother, Philip Flinn, sailed for Liverpool yesterday after learning that he is to get from the city $25,375 for land owned by him which the city condemned for park purposes. The board of viewers made its report to Chief Clerk Joseph Woods yesterday, and Assistant City Solicitor A. M. Thompson will at once file the report in common pleas court No. 2, which appointed the board of viewers. The viewers also made reports on other pieces of land condemned by the city to furnish a part of the site for the extension of the Carnegie library building. The acquisition of these latter pieces of property make it possible to do away with some of the unsightly refreshment stands that skirt the library site.

The land taken by the city from Senator Flinn is on Forward avenue and adjoins Schenley park at the Forward avenue entrance. There are nearly 15 acres of it and the entire piece consists of a hillside where a Ruch's hill goat would be unable to get a foothold. It was said at the time the condemnation ordinance was introduced in councils that the late Senator C. L. Magee and Joshua Rhodes also owned an interest in this piece of property.

**Flinn Feared Criticism.**

The ordinance was introduced in councils in 1900, shortly after George W. Wilson became director of the department of public works. At that time the statement was made that the city had made Flinn an offer for the property, but that he would not sell at the city's figure, fearing criticism. Wilson then introduced the ordinance for condemnation proceedings, saying that he feared some day unsightly buildings would be erected there by foreigners and spoil the appearance of the entrance.

This ordinance was introduced and passed at the same time the ordinances went through for condemning Bigham's woods, and the piece of property in Lawrenceville that Max G. Leslie wanted the city to buy. Mayor W. J. Diehl signed the Flinn ordinance and the Bigham ordinance, but allowed Leslie's ordinance to become a law without his signature, objecting to the form of the latter. Immediate steps were taken to put into effect the Flinn ordinance, but no action was ever taken regarding the Bigham or Leslie ordinances.

The petition was presented to court for the condemnation of the Flinn land, and the court appointed the following board of viewers: D. McK. Lloyd of the Peoples National bank, Wilson A. Shaw of the Merchants & Manufacturers bank and Col. A. J. Logan. The viewers finished their report yesterday and they awarded Flinn $25,375.

**Other Awards Made.**

The same board of viewers awarded to George A. Charles $8,750 and Mary L. Charles $8,750 for property they own on Bellefield avenue, skirting Schenley park and opposite the library building. This does away with some of the refreshment stands at this point, and this is something the department of public works has been working on for years. Hyman Trelinsky was given $8,500 for a piece of property he owns adjoining the Charles property, and this also assists in clearing the vicinity of the library building of stands. These stands have been an eyesore for years. The city is preparing to put in refreshment stands in the shelter houses, but could not get rid of these until they bought the property.

# MILD CLASS DAY AT THE UNIVERSITY

**THE UNDERGRADUATES HAD FUN, BUT KEPT WITHIN BOUNDS.**

**Chancellor Brashear and the Professors Enjoyed the Remarks of the "Growler." Musical Members Were Drowned in the Din of the Juniors.**

Amid the good natured raillery of the juniors, sophomores and freshmen of the Western University of Pennsylvania the class day exercises passed off yesterday. The class of '02 was the butt of jocose remarks, cheery, earnest and ironical, and encouraging advice as to their future behavior when full fledged citizens of the world.

The exercises were held in the university chapel. Acting Chancellor John A. Brashear and some of the professors were present and heard the "pleasant roasts" of the "growler," who gave some mild strictures on the instructors. Mr. Brashear was in the gallery when the "growler" made his speech and while he laughed over the sketch of himself his amusement was not a circumstance to the appreciation with which Prof. Schmitz greeted the comments upon himself. He laughed uproariously when the students were jokingly informed where and how he would spend his vacation this summer.

On the platform in the chapel sat the members of the graduating class in cap and gown, in the auditorium were their friends and relatives and in the gallery was a noisy crowd of undergraduates, out for fun and determined to give the graduating class as good as it had given in former days to other diploma receivers.

The proceedings opened with a song by Messrs. Ecker, Gibson, Weldin and Ramsey, who could hardly be heard on account of the noise of cat calls and ironical cheering. Guy F. Daugherty's piano solo was hardly audible. The class poem was recited by Miss Mabel Kirk. C. Stanley Ecker sang a tenor solo, "If I were a Rose," although on the burlesque program issued by the juniors, Mr. Ecker was down for a "sowlow," "Ain't I Pretty?"

Malcolm F. McConnell delivered the "Spoon Oration" and handed over the baby's gigantic feeding implement to Clyde H. Loughridge, a junior, who responded to the sarcastically kind compliments the speaker had bestowed on the juniors. The quartet ventured to try another song, but was howled down before it could be completed.

John S. Lambie, Jr., was the "growler," who paid his compliments as already described to the professors. Miss Edith M. Miller told the "Class Prophecy," a burlesque that was described in the burlesque program as a "Horridiscope." The class song was then sung by the entire graduating class.

The class gave a reception to its friends in the library after the exercises. There was lemonade and cake, and while these refreshments were being consumed a few score freshmen, sophomores and juniors gazed on, looking as if they would soon make up their minds to storm the dainties and bear them off in triumph.

### TAKES SHOT AT McLEAN.

**Tom Johnson Declares War and Will Go After Ohio Leadership.**

CLEVELAND, June 17.—Mayor Johnson came out today with a declaration of war on John R. McLean, the Cincinnati Democratic boss, his friends, his principals and his newspaper.

"McLean stands for nothing in Ohio politics," said Johnson. "His support will drive more men out of the Democratic party than it will bring into it, and his open opposition will attract to the Democratic party great numbers of independent voters."

**Badly Wanted in Buenos Ayres.**

CHICAGO, June 17.—United States marshals from Milwaukee today arrested Otto Jaehkel at Trevor, Wis. The prisoner is wanted on the charge of securing $50,000 from Engelbert, Hardt & Co., of New York, Berlin and Buenos Ayres. He was employed by the firm in Buenos Ayres.

## Some New Wraps for Women Who Go A-Traveling.

*Very Decided Bargains.*

Our buyer of Wraps is in New York, and yesterday expressed us some decidedly nice Traveling Ulsters (quite correct for driving and autoing, too) that he picked up under price in one of the big manufactories of feminine garments.

They are about the neatest examples of stylish traveliug garments we have seen for some time, and were so cleverly bought that the difference between their real worth and our selling price is somewhat astonishing.

**$7.50, worth $12. Gray and Black Mohair Dust Coats of full length. Backs in half fitting box style, the fronts quite loose. A splendid coat of the popular shimmering mohair.**

**$10, worth $18. Mohair Traveling Ulsters in tan and gray. Half fitting box backs, loose fronts, large collar and cuffs of self, trimmed with heavy lace to match.**

**$12, worth $20. Traveling Ulsters of blue gloria silk—something fine. Half fitting box backs, strapped seams, large sailor collar, full sleeves, finished cuffs, fastened at collar with taffeta knot with very long ends.**

May we ask you to see these new arrivals today. We are rather insistent because the quantity is not any too large.

### Some Underpriced Household Helps.

Our big House Furnishing Department in the Basement has a lot of broken lines of different handy things, and as they are in the way of new goods we would like rid of them.

Besides, if you were never in this department, you will see something wonderful. You'd hardly believe we send our buyer to Europe for household helps. Fact. He's over there now.

But here's the interesting portion of this household news:

**Porcelain Jars, some are labeled tea, some coffee, some sugar, and so on, sold for 20c, 25c, 35c, 40c, 50c, 55c, 85c, and on up to $3.50—come and take them for half those prices.**

**Extra heavy German Bread Boxes, japanned in fancy colors—prices were $2.00, $2.25 and $2.50 each—choice for $1.00 each.**

**Broken line of Japanned Tin Tea, Coffee and Sugar Canisters, sold for 25c, 35c, 75c and 85c, now just one-half these prices.**

**Handy Ice Tongs for the house, were 35c, now 20c each.**

**Mrs. Sweeney's Shirtwaist Irons, nickel plated and just the right shape for ironing children's dresses, etc.; were 85c, now 65c each.**

**Heavy Wood Lemon Squeezers, with Lignumvita Bowl, the best made, were 75c, now 50c each.**

**2,400 rolls best quality Toilet Paper. Roll contains 800 sheets, 45c doz., $3.50 case.**

**Fly Paper, 4 sheets for 5c.**

**Daisy Fly Killers, 15c each.**

**Wire Fly Killers, 10c each.**

**Cherry Seeders—kind that will seed cherries—40c each.**

**Paraffine for sealing jellies, fruits, etc.; also for laundry work, 15c for 1-lb. cake.**

**Fruit Presses—work just the same as large presses—2-qt. size, $1.50; 4-qt. size, $3.00 each.**

**Hennis' Fruit Presses, 20c each, were 35c.**

**Special price on Summer Gas Stoves or Hot Plates. 1 Burner, 10 in.x 10 in., 75c each—2 Burner, 10 in.x 20 in., $1.25 each—3 Burner, 10 in. x30 in., $1.50 each. All have cleanable burners and nickel plated trimmings. Small one-burner stove, 25c each.**

**Gas Tubing, best grade, 8c ft.**

### New Millinery for Mid-Summer Wear.

While Half Prices stare you in the face in the Millinery Department, you must not lose sight of the fact that we are receiving new headwear every day, almost.

The newest are

**Ping-Pong Bonnets, made of mull, swiss and madras.**

**New Golf Bonnets of Doily Varden Cottons. And they are just as charming as was the bewitching Dolly.**

**New Black Silk Mull Hats—airy and smart as can be.**

The Phipps & Atchison Hats—those pretty outing and golf hats—are selling for half, you know. $2.50 for $5 Hats, $3.50 for $7.50 Hats, $5 for $10 Hats. Women are saying the nicest things about them.

**Untrimmed Hats are selling for a third of former prices—25c for $1 Hats—50c for $2 Hats—$1 for $3 Hats. All shapes and colors.**

### House Safes.

*Fire and Water Proof.*

Nice to have in your room—big enough to hold personal belongings that are valuable. Two sizes.

**Small size, $11. Inside measurement, 10¼ inches high, 6¼ inches wide, 10 inches deep. Weight 85 pounds.**

**Large size, $15. Inside measurement, 13½ inches high, 9 inches wide, 10 inches deep. Thickness of fireproof, 2¼ inches.**

### Black Dress Goods—Half Former prices.

These are lengths—don't forget that, please.

In some of the lengths there is enough for a full dress—others only about what it takes to make a skirt.

There are cheviots, etamines and some novelties.

Just a little cleaning up—at a loss to us—today if possible—likely none left for tomorrow.

### Yard Wide Natural Color Dress Linen, 18c a yard.

Of the fifteen thousand yards of this fine Summer dress stuff that we bought at a liberal concession the last shipment has just arrived.

It is the same dress linen that usually sells for 30c a yard.

The Imported Wash Goods section of the main floor never had for its hundreds of daily visitors a more worthy bargain.

We are selling this dress linen for

**18c a yard.**

Another very good offer that we may as well tell about in this connection is 5,000 yards of Fancy Colored Dress Linens for 22c a yard—regular 40c-a-yard linen.

### Sparklets.

*A Soda Fountain at Home.*

Those who used Sparklets last Summer need not be told what a convenience they are through the months that give one a strenuous thirst.

Those who know nothing about Sparklets can learn all about them from daily demonstrations that are now going on in this store.

By way of some scientific news it may be briefly stated that Sparklets are small steel capsules filled with pure carbonic acid gas which are used (in a specially constructed bottle) for aerating all kinds of liquids, and giving to them a lively sparkle.

A hundred different kinds of drinks can be made with the aid of Sparklets.

The Bottles are priced at $2, $2.50, $3, $3.50 and $5.

The Capsules are put up 10 in a box—25c a box for small size, 40c for large size.

Mineral Water Tablets—40 in a box—25c a box. All the favorite mineral waters.

Pure Fruit Juice Syrups—all flavors, half pint size, 25c; quart size, 50c.

Name your flavor and call for a drink—and you will ever swear by Sparklets.

### 5c For a Pure Irish Linen Handkerchief.

A full size handkerchief at that, finished with a quarter inch hem.

There's a little red label on each handkerchief that reads "Warranted pure linen." You know what that means here.

Nice for women and girls.

You can tell us how much you consider the handkerchief worth.
